Professor Ronald Webber-Youngman  
University of Pretoria

29 October 2021

Dear Prof Webber-Youngman

### **60 YEARS IN MINING ENGINEERING EDUCATION**

We congratulate UP, the Mining Engineering department and yourself with the outstanding achievement of 60 years in Mining Engineering Education.

This is indeed an outstanding achievement, and we are proud as Mandela Mining Precinct to be associated with UP and the department. We look forward to the planned collaborations going forward.

We wish you only the best with your future plans and activities as department.

Best regards

Johan le Roux and the MMP team
