

**SHSPH Timetable 2017 (Final version 6)**

In January 2017 a number of new module codes will become active for some (not all) modules. Students registering for degrees for the first time in 2017, and who need to do these modules **MUST** register with the **NEW** codes. Students who registered for their degrees for the first time before 2017 **MUST** register using the **OLD** codes and **NOT** the new codes. This is very important and if not meticulously adhered to may lead to problems with graduation when that time comes. It should also be noted that BSc Hons students will, from 2017, attend a new module for practical research methods, **TNM 701** and **NOT** **TNM 800/802**. **TNM 800 (OLD CODE) AND TNM 802 (NEW CODE)** will, from 2017, be reserved for Masters and Doctoral students only.

**Please take note: Changes to the timetable SINCE THE PREVIOUS VERSION**
