New Admissions Policy

Please take note that meeting the minimum admission requirements for a programme does not guarantee admission into the programme.

1st Round

Applications received until 30 April will be considered from high to low based on APS and the first 40% of the applicants will be conditionally admitted.

2nd Round

New applications received until 31 May as well as applications not conditionally admitted in Round 1, will be considered from high to low based on APS and the next 30% of the applicants will be conditionally admitted.

3rd Round

New applications received until 30 June as well as applications not conditionally admitted in Rounds 1 and 2, will be considered from high to low based on APS and the final 30% of the applicants will be conditionally admitted.

After the 3rd round

Programmes that have not reached their targets may be opened again for applications.

No unsuccessful applications will be communicated before 30 June, except applications that do not meet minimum requirements.

It is of the utmost importance that learners have to apply as soon as possible.
