FOOD PARCELS

Distributed to students of the Faculty of Health Sciences.

To find your nearest **drop-off** point as well as the needed **non-perishable foods** and **toiletries**, please swipe left.

Life Changers

Life Changers Fund

The COVID pandemic affected all stakeholders but the Faculty managed to complete the academic year successfully. The average module pass rate in the Faculty increased from about 94% to 97% which wouldn't have been possible without the help of staff, sponsors, partners and committed students. Thank you to sponsors, partners and donors who made teaching and learning possible in unpredictable circumstances.

The Faculty of Health Sciences established the Life Changers Fund to help support students who are in need to pay for accommodation, tuition, food and procure PPE
