Unfinished Transitions and Uncertain Futures: Chile and South Africa

Guest speakers:

Professor Felipe Agüero (University of Chile)

Dr Gloria Alejandra de la Fuente Gonzáles (Chile 21 Foundation)

Dr Siphamandla Zondi (Institute for Global Dialogue)

The seminar will compare and contrast the South African and Chilean experiences of transition from authoritarian rule in the 1990s. Characterised by the younger generation as unfinished transitions, these past events nevertheless offer lessons for today, and the seminar will reflect on these.
