

LIMITED SCHOLARSHIPS AVAILABLE

# Course in Food and Nutrition Security (FNS)

6 week e-learning online course

11 Oct - 19 Nov 2021

## Course content:

1 course, 6 weeks, 6 parts

This is an e-learning online course that consists of a combination of self-paced theory sessions where you can learn on your own time, and is combined with collaborative activities such as live webinars, interactive presentations, video clips by leading experts in food and nutrition security, and other relevant learning materials.

The **unique offering** of this course is the comprehensive digitally enabled food and livelihood collection system as a valuable tool and method to analyse and assess food security.

A limited number of scholarships are available for candidates that are eligible and apply before 1 October 2021.
