Module content

Financial accounting focuses on the interpretation of the financial statements a company uses to report on its financial position and operating results. You will become familiar with the structure of balance sheets, income statements and cash flow statements.

The information published here is subject to change and may be amended after the publication of this information. The [General Regulations \(G Regulations\)](#) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the [General Rules](#) section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
