### Module-inhoud

\*Hierdie inligting is slegs in Engels beskikbaar.

This course examines the often conflicting ethical, social and economic responsibilities of business leaders operating in a dynamic market. The aim of the course is to equip business leaders for the dilemmas and decisions that they face because of the dynamic and complex environment they operate in. The course reviews leadership styles and ethical principles and how these impact the quality of difficult decisions. Also covered are the governance principles and processes required to develop the desired culture of responsibility and appropriate conduct in a business.
