|---|---|
| **Minimum duur van studie** | 2 jaar |
| **Totale krediete** | 180 |

## Programinligting

Hierdie inligting is slegs in Engels beskikbaar.

The Centre for Environmental Studies is a graduate school for multidisciplinary training and research focusing on the environment. Training aims to satisfy the need for environmental professionals for implementing current environmental legislation as well as industry-driven environmental management systems.

The programme is coordinated by the Department of Geography, Geoinformatics and Meteorology.

The purpose of this focus area is to train environmental graduates who specialised in careers in the humanities. On completion of the training, candidates should be conversant and be able to partake in, or render advice concerning, all aspects involved in the management of human-environment interactions. This includes social impact assessments, policy formulation, social development and planning, participatory appraisal assessments, demographic pattern and trend interpretations, resource appraisals and management.

The MSc degree is conferred on the grounds of a dissertation and such additional postgraduate coursework as may be prescribed.

**Renewal of registration**
As long as progress is satisfactory, renewal of the registration of a master's student will be accepted for the second year of the study. Registration for a third and subsequent years will only take place when the Student Administration of the Faculty receives a written motivation that is supported by the head of department and Postgraduate Studies Committee.

**General**
Candidates are required to familiarise themselves with the General Regulations regarding the maximum period of registration and the requirements on the submission of a draft article for publication.

## Addisionele vereistes

Candidates must demonstrate proficiency in the English language up to the level required by either the TOEFL test (www.ets.org/toefl) or the IELTS language proficiency test (www.ielts.org).

## Ander programspesifieke inligting

At least one additional elective module must be selected in consultation with the Director of the Centre and the

Head of the Department of Geography, Geoinformatics and Meteorology. Options will be based on the academic background and/or anticipated career of the candidate.

## Bevordering tot volgende studiejaar

The progress of all master's candidates is monitored biannually by the supervisor and the postgraduate coordinator. A candidate's study may be terminated if the progress is unsatisfactory or if the candidate is unable to finish his/her studies during the prescribed period.

Subject to exceptions approved by the dean, on recommendation of the head of department, and where applicable, a student may not enter for the master's examination in the same module more than twice.

## Slaag met lof

The MSc degree is conferred with distinction to candidates who obtain a final average mark of at least 75% and a mark of at least 75% for the dissertation/mini-dissertation from each of the members of the examination panel. Where a member of the examination panel awards a mark of less than 75% for the dissertation/mini-dissertation, that member of the examination panel must offer, in writing, support for his/her decision, or indicate in writing that he/she supports the examination committee's decision to confer the degree with distinction.

# Kurrikulum: Jaar 1

**Minimum krediete: 180**

## Kernmodules

Omgewing en Ontwikkeling 811 (ENS 811) - Krediete: 15.00
Strategiese omgewingsbestuur 822 (ENS 822) - Krediete: 15.00
Omgewing en Grondhervorming 823 (ENS 823) - Krediete: 15.00
Sosiale modellering en bepaling 824 (ENS 824) - Krediete: 15.00
Omgewingsparadigmas 810 (ENV 810) - Krediete: 15.00
Omgewingsreg 816 (ENV 816) - Krediete: 15.00
Miniverhandeling 891 (ENV 891) - Krediete: 90.00
Omgewingsverandering 881 (OMS 881) - Krediete: 15.00

# Kurrikulum: Finale jaar

**Minimum krediete: 180**
