Minimum duration of study	4 years
Total credits	480

Admission requirements

Each candidate for admission to the study for the MChD degree programme must:

- either hold the BChD degree of the University of Pretoria or an equivalent qualification, or be admitted to master's degree studies in terms of the stipulations of General Regulations G.1.3 and G.62;
- be registered as a dentist with the Health Professions Council of South Africa in the category Independent Practice.

Other programme-specific information

Additionally, the Diploma in Health Systems Management must be attended and passed on a capita selecta basis, or any other management course as determined by the head of department and approved by the dean.

Examinations and pass requirements

i. **Examinations in the basic subjects**

a. A student must pass these subjects prior to admission to the examination in the major subject. A minimum of at least 50% is required to pass.
b. Examinations in the basic subjects must be passed before the end of the third year of study, or at a time as determined by the head of department.
c. The Diploma in Health Systems Management offered by the School of Health Systems and Public Health must be attended and passed.

ii. **Examinations in the major subject**

a. Admission to the examination in the major subject is determined by the head of department.
b. The student must submit and pass a dissertation on an approved topic related to the major subject and submit a manuscript for publication as required.

Also consult the General Regulations.

i. **Examinations in the basic and subsidiary subjects (with the exception of KGM 803)**:

a. A student must pass these subjects prior to admission to the examination in the major subject. A minimum of at least 50% is required to pass.
b. Examinations in the basic and subsidiary subjects must be passed before the end of the third year of study,

or at a time as determined by the head of department.

ii. **Examinations in the major subject**: Admission to the examination in the major subject is determined by the head of department.
iii. If a student fails one or more of the basic subjects, subsidiary subjects or the major subject, the head of department may recommend to the examination moderating meeting, that he or she be admitted to a supplementary examination. A student who has been admitted to a second examination in a basic subject must write the examination during the next examination period. Second examinations in the major subject may only take place after a minimum period of six months has elapsed since the examination in which the student failed.

NB:

a. In view of the fact that a postgraduate student may repeat an examination in any subject only once, a student who fails a second examination will have to discontinue the programme. In this event, a student who has been holding a registrarship, will have to vacate the position as soon as possible after one calendar month's notice to the University of Pretoria and/or other recognised training institution, where applicable.
b. If a student is admitted to a second examination in the major subject, the head of department will determine whether he/she has to vacate the registrarship at the end of the training period, or immediately after the second examination.

iv. **Subminimum**: In order to pass in the major subject a student must obtain a subminimum of 50% in all the sections of the examination, with a final mark of at least 50%.
v. The stipulations of the General Regulations are applicable with regard to attendance courses.
vi. In addition to the stipulations already mentioned, a dissertation on a topic related to the major subject must also be submitted. In order to pass in the final examination, a pass mark must also be obtained for the dissertation.

Exemption

Exemption may be granted by the Dean, on the recommendation of the Head of Department by virtue of comparable training and/or experience in terms of the requirements of School Regulations, with the proviso that exemption from the examination and evaluation in the major subject may not be granted.

Please note: The regulations of the Health Professions Council of South Africa, as published in the Government Gazette No. 4631 of 11 January 1991 – Notice No. R.40 (as amended), will be used as a criterion in determining the period of exemption.

Practical/clinical/internship information

Practical training is provided at recognised institutions.

Pass with distinction

A student who obtains a final mark of at least 75% (with the first attempt) in the major subject qualifies to obtain the degree with distinction.

An MChD student, who has obtained at least 75% with the first attempt in both his major subject and the dissertation, will receive the degree with distinction.
