Module content

Part 1 – Theoretical basis: The concepts “science” and “research”; the relationship “theory”, “research”, “application”, forms of research (inter alia descriptive, empirical, applied); the research process (from research proposal to research report: identification and formulation of the problem, development of hypotheses, data collection and interpretation, etc); the use of the computer in research.
Part 2 – Application: A limited research project in which the principles of research methodology are applied. A candidate must submit the topic and format to the head of department or his/her representative for approval.

The information published here is subject to change and may be amended after the publication of this information. The General Regulations (G Regulations) apply to all faculties of the University of Pretoria. It is expected of students to familiarise themselves well with these regulations as well as with the information contained in the General Rules section. Ignorance concerning these regulations and rules will not be accepted as an excuse for any transgression.
