

## University of Pretoria Yearbook 2020

# MSc Genetics (02250535)

| Minimum duration of study | 1 year |
|---------------------------|--------|
| Total credits             | 180    |
| NQF level                 | 09     |

### Programme information

The MSc degree is conferred on the grounds of a dissertation and such additional postgraduate coursework as may be prescribed.

#### **Renewal of registration**

As long as progress is satisfactory, renewal of the registration of a master's student will be accepted for the second year of the study. Registration for a third and subsequent years will only take place when the Student Administration of the Faculty receives a written motivation that is supported by the relevant head of department and Postgraduate Studies Committee.

#### General

Candidates are required to familiarise themselves with the General Regulations regarding the maximum period of registration and the requirements on the submission of a draft article for publication.

### Admission requirements

- An appropriate BScHons degree
- A final grade point average of at least 60% for the preceding degree or on recommendation from the head of department
- Preference will be given to applicants with the highest final grade point averages for their preceding degree.
- Applicants may be subjected to an entrance evaluation examination.

### Other programme-specific information

Additional modules may be prescribed by the head of department where deemed necessary.

### Promotion to next study year

The progress of all master's candidates is monitored biannually by the supervisor and the postgraduate coordinator. A candidate's study may be terminated if the progress is unsatisfactory or if the candidate is unable to finish his/her studies during the prescribed period.

Subject to exceptions approved by the Dean, on recommendation of the relevant head of department, and where applicable, a student may not enter for the master's examination in the same module more than twice.

### Pass with distinction

The MSc degree is conferred on the grounds of a dissertation and such additional postgraduate coursework as may be prescribed.

#### **Renewal of registration**

As long as progress is satisfactory, renewal of the registration of a master's student will be accepted for the second year of the study. Registration for a third and subsequent years will only take place when the Student Administration of the Faculty receives a written motivation that is supported by the relevant head of department and Postgraduate Studies Committee.

#### General

Candidates are required to familiarise themselves with the General Regulations regarding the maximum period of registration and the requirements on the submission of a draft article for publication.

### Curriculum: Final year

Minimum credits: 180

#### **Core modules**

#### **Dissertation: Genetics 890 (GTK 890)**

| Module credits         | 180.00                                  |
