

University of Pretoria Yearbook 2020

MCom Advanced Data Analytics (Coursework) (07250066)

Minimum duration of study 2 years

Total credits 180

NQF level 09

Admission requirements

- Relevant honours degree in Statistics with an average of at least 65%

Note:

- Student numbers are limited to a maximum of 26, collectively over all master's programmes in the Department of Statistics.
- Historical performance during prior studies will also be considered in selecting students. Specific attention will be given to modules repeated and duration of study.

Other programme-specific information

As long as progress is satisfactory, renewal of registration of a master's student will be accepted for a second year of study in the case of a full-time student. Renewal of registration for a third and subsequent years for a full-time student will only take place when Student Administration of the Faculty receives a written motivation (the required form can be obtained from the relevant head of department) that is supported by the relevant head of department and Postgraduate Studies Committee. (See Regulations G.32 and G.36.)
