### Module content

Research methodology in the study of the Ancient World

Introduction to the process of doing research in various fields of the study of the Ancient World. Attention is paid to the following aspects: the identification of a research problem; the formulation of a hypothesis and the choice of an appropriate research approach; the formulation of clear research objectives; the choice and application of an appropriate research methodology.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
