

# University of Pretoria Yearbook 2022

## Project 400 (EPR 400)

<b>Qualification</b>	Undergraduate
<b>Faculty</b>	<a href="#">Faculty of Engineering, Built Environment and Information Technology</a>
<b>Module credits</b>	64.00
<b>NQF Level</b>	08
<b>Programmes</b>	<a href="#">BEng (Electrical Engineering)</a> <a href="#">BEng (Electrical Engineering) ENGAGE</a> <a href="#">BEng (Electronic Engineering)</a> <a href="#">BEng (Electronic Engineering) ENGAGE</a>
<b>Prerequisites</b>	EWE 320 (Electrical Engineering) ELO 320 (Electronic Engineering), Finalists only
<b>Contact time</b>	1 lecture per week
<b>Language of tuition</b>	Module is presented in English
<b>Department</b>	Electrical, Electronic and Computer Engineering
<b>Period of presentation</b>	Year

### Module content

This module entails the individual completion of a major engineering design project from concept to delivery. The student has to demonstrate the ability to develop a project concept into a completed final product that meets given requirements. The module focuses on the formulation of an engineering problem, the development of appropriate technical requirements and specifications (captured in a formal project proposal), project planning, design, implementation, verification that requirements are met, and completion of a technical project of a given nature, scope and complexity. The module requires the student to perform engineering design from first principles. At project completion, the student has to validate the actual design performance in real-world conditions against the design requirements and specifications. The design and results are documented in a major technical report, and the work is defended at a final oral examination and demonstration.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
