

University of Pretoria Yearbook 2022

Applied geological field methods 728 (GTX 728)

Qualification Postgraduate

Faculty [Faculty of Natural and Agricultural Sciences](#)

Module credits 10.00

NQF Level 08

Programmes [BScHons \(Engineering and Environmental Geology\) \(Engineering Geology\)](#)

[BScHons \(Engineering and Environmental Geology\) \(Hydrogeology\)](#)

Prerequisites No prerequisites.

Contact time 5 practicals per week (2 weeks)

Language of tuition Module is presented in English

Department Geology

Period of presentation Year

Module content

Practical field-based investigation methods for engineering geological and hydrogeological application; geological mapping.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
