Language of tuition	Module is presented in English
Department	Sport and Leisure Studies
Period of presentation	Semester 2

Module content

This module focuses on theoretical frameworks, paradigms and research methodologies in the context of sport and exercise psychology. The alignment of different research methodologies and psychological practices with the most prominent theoretical frameworks and paradigms in the field of sport and exercise psychology are explored, analysed and compared. The research process from the creation of the research question and the development of a meaningful research proposal in the field of sport and exercise psychology is interrogated and assessed. The critical analysis of existing research and practical case studies in the field of sport and exercise psychology will be developed and argued.

The regulations and rules for the degrees published here are subject to change and may be amended after the publication of this information.

The [General Academic Regulations \(G Regulations\)](#) and [General Student Rules](#) apply to all faculties and registered students of the University, as well as all prospective students who have accepted an offer of a place at the University of Pretoria. On registering for a programme, the student bears the responsibility of ensuring that they familiarise themselves with the General Academic Regulations applicable to their registration, as well as the relevant faculty-specific and programme-specific regulations and information as stipulated in the relevant yearbook. Ignorance concerning these regulations will not be accepted as an excuse for any transgression, or basis for an exception to any of the aforementioned regulations.
