

### **Unlock Your Future in Tech!**

*Are you a woman with a passion for technology? Ready to take your coding skills to the next level?  
We're here to support your journey!*

### **Introducing the Tech Diversity Scholarship:**

*We're teaming up with a generous client to empower women pursuing degrees in Information Technology, focusing on coding and development. If you're enrolled in a university, currently in your honours or final year, and maintaining a minimum pass rate of 65%, you could be eligible for financial assistance!*

*At our organization, we believe in fostering diversity and inclusivity in the tech industry. That's why we're dedicated to supporting underrepresented communities in their academic pursuits. With your talent and determination, you can make a real difference in the world of technology.*

### **How to Apply:**

*If you meet the criteria above, we want to hear from you! Reach out to Kelsey directly at [kelsey.tyson@siyakha.co.za](mailto:kelsey.tyson@siyakha.co.za) – we're here to help you succeed!*

### **Applications Close Soon:**

*This is an urgent request – applications will close on Monday the 22nd of April 2024.*

*Don't wait – seize your chance to shine in the world of technology with our support. Apply now and unlock your potential!*
