

## Our SANSA Bursaries 2025

Postgraduate students studying towards a STEM related qualification may now apply via our website <https://www.sansa.org.za/bursaries/>

### **Bursary criteria**

*The main criteria used in the selection of successful applicants are financial need, academic potential and career-oriented study programmes.*

*Please note the following:*

- You should upload your **FULL** academic record as well as your fee statement for **ALL** study years.
- An application will only be considered if it has been **completed properly and in full**.
- Documents that accompany the application form must be **uploaded and certified**.
- SANSA or university testimonial forms must be completed by the supervisor and uploaded to the application form.

*We are currently revising the bursary values which may change for 2025 and these will be communicated in due course. We fund the individual programmes as follow:*

- Honours – one year @ R100 000
- Masters – two years @ R120 000
- Doctorate – three years @ R140 000

*Masters and doctoral bursars **MUST** reapply every year for continued funding.*

*Applicants may only hold a merit award and not a combination of bursaries that exceed the amounts above.*

*Should an applicant have another bursary of lesser amount, SANSA will consider providing a top-up bursary amount to the student provided the student meets the criteria mentioned.*

*Support for continuing years is not guaranteed and will depend on satisfactory progress during the previous year.*

***The completed application must be submitted no later than 30 September 2024 if you want to be considered for a bursary for 2025.***
