DSI-NRF Postgraduate Student Funding for the 2026 Academic Year

The DSTI and NRF are pleased to announce a call for new applications for DSTI-NRF Master's and Doctoral Student Funding for the academic year 2026. All current NRF continuing students who are eligible for a second or third year of funding must submit a Progress Report and not a new application unless students will be in their third year of Masters or fourth year of PhD then they must apply for extension of funding.

The NRF **minimum academic requirement** for postgraduate funding is **65%** for the previous degree. Successful applicants will be funded either at **Full Cost of Study (FCS)** or **Partial Cost of Study (PCS)**. The FCS funding will be awarded to South African citizens and Permanent Residents only, who are either **financially needy** (i.e., those whose combined household family income is less than or equal to R350000per annum), **living with a disability** or **exceptional academic achievers**. However, the PCS funding will be awarded to **5% of international students** including South African citizens and Permanent Residents who could not be funded under FCS but meet other minimum requirements for the NRF scholarship funding criteria.

The scholarships are intended to support master's and doctoral candidates to pursue studies in all areas of **Science, Engineering, Technology, Social Sciences, and Humanities**.

All the postgraduate students will be expected to apply on the NRF Connect System by accessing the link: <https://nrfconnect.nrf.ac.za/>.

No manual applications will be accepted.
