The Pre-University Academy of the University of Pretoria (UP-PUA) is a Senate-approved programme of the university which operates at least from the Groenkloof, Mamelodi and Hatfield Campuses. The programme's main aim is to (i) prepare learners to qualify for tertiary studies by equipping them with a conceptual understanding of Science, and Mathematics concepts, enhancing mathematics and scientific skills and developing inter and intrapersonal skills and (ii) prepare learners to succeed and thrive in their university studies.

The PUA offers programmes for the diverse educational needs of learners from grades 8-12. It provides academic enrichment through conceptual teaching in Mathematics, Physical Sciences, (Chemistry/Physics), Natural Sciences, Academic and Creative Writing / English, Computer Literacy, Philosophy as well as Academic Readiness and Support. Some programmes have trans-disciplinary offerings. In pursuit of high-quality output, the UP-PUA wishes to invite applications for the following vacancies for teachers:

- Mathematics
- Chemistry
- Physics
- Natural Sciences
- Information Technology
- Education Psychology
- Philosophy
- English Language and Literacy

Candidates with both content and teaching methodology knowledge in the subjects stand a better chance of being shortlisted. Candidates are urged to follow the link below for more details on the advert and the application site: tinyurl.com/up-pua-recruitment

ENQUIRIES: pua@up.ac.za.

Should you not hear from the UP-PUA by the 30th of January 2023, please consider your application unsuccessful.
