

Cell C and MTN

Cell C and MTN are now also offering free access to clickUP to UP students.

Students with Cell C or MTN SIM cards will be able to use clickUP without using any of their available data. Students can obtain a Cell C or MTN SIM card at any Cell C or MTN outlet at a minimum cost. The required RICA documents will have to be provided.

All UP students are encouraged to download the clickUP app for optimum results, regardless of the service provider used.
