1. The University of Pretoria

The University of Pretoria (UP) is one of Africa's top universities and the largest contact university in South Africa. We produce socially impactful research to find solutions for the world's most pressing issues. We have support in place for our students to graduate on time as well-rounded, responsible citizens fully prepared for the world beyond university.

The University of Pretoria (UP) was established in 1908 with just four professors and 32 students, in a little house called Kya Rosa. Today, it is one of the largest research universities in South Africa. UP has transformed into a dynamic university community of staff and students who come from a range of diverse backgrounds and cultures showcasing South African and global societies. The University was born from a vision to create a space for quality education and for new ideas to flourish. Over the course of its existence, and through different phases of political power and social change, UP has been resilient in its commitment to academic quality. This has allowed us to establish a presence among the top 1,9% of universities worldwide.

Our vision has always been to look forward, provide the best possible education for our students, and encourage them to go on to do great things. We are continuously transforming the corporate and research landscape through innovative thinking and the high calibre of our graduates. More than a quarter of a million alumni have passed through our doors. Many are on the path to success, while others have already become leaders in their fields both locally and internationally. UP has grown to become one of the top universities on the continent, and we are proud that our reputation precedes our graduates around the world. Our story at UP is as much about where we have come from as where we are heading. It is a story of ongoing positive development, dedication to excellence, and striving to reach our goals with zeal, passion and perseverance.

The UP Way

This is what **we stand for** as an institution.

- It's as much about where UP comes from as to **where we are headed**
- It's about UP's excellence, innovation, diversity growth, kindness and **making a difference** every day
- It's about what we do to **make today matter**.

VISION & GOALS

OUR GOALS ARE TO

1. enhance access and successful student learning
2. strengthen the University's research and international profile
3. foster and sustain a transformed, inclusive, and equitable University community
4. optimise resources and enhance institutional sustainability
5. strengthen the University's social responsiveness and impact in society.

4. Minimum admission requirements

Applicants with school-leaving qualifications other than the South African National Senior Certificate (NSC) or Independent Examination Board (IEB) should meet the following admission requirements for undergraduate studies at the University of Pretoria.

4.1 Universities South Africa (USAf) exemption requirements

The first requirement to study a bachelor's degree in South Africa is a Universities South Africa (USAf) exemption. USAf coordinates and issues exemption certificates based on the prescribed requirements stipulated in the gazetted exemption regulation. All applicants who obtained a school-leaving qualification other than the South African NSC or IEB, must submit a Certificate of Complete Exemption* or Foreign Conditional Exemption obtainable from USAf.

school-leaving certificate

School leaving qualifications from countries not mentioned above eg New Zealand, Spain, Morocco, Scotland, Australia etc: These qualifications will also be considered provided they comply with USAf exemption requirements for a complete/foreign exemption certificate. Faculties will determine admission requirements based on the school subjects passed and their symbols/percentages.

5. South African school-leaving certificates other than the NSC and IEB

5.1 Accelerated Christian Education (ACE)

This qualification is no longer accepted at UP.

5.2 General Education Development (GED)

South African GED graduates who graduated prior to 2019 may be considered for admission provided they qualify for an exemption certificate issued by USAf and comply with university admission requirements, as well as faculty subject requirements. South African GED graduates who graduated after 2019 cannot be considered for admission to UP as the diploma is not accredited by USAf and will not be considered for exemption. Applicants from the USA who completed the GED may apply for a Foreign Conditional Exemption certificate issued by USAf accompanied by their NBT or SAT/TOEFL/IELTS results (The Faculty of Engineering, Built Environment and Information Technology requires both).

5.3 School of Tomorrow (SOT)

This qualification is no longer accepted at UP.

5.4 National Certificate (Vocational) (NCV) Level 4

The applicant must comply with admission to a Bachelor's degree and faculty-specific requirements. Subject to institutional admission requirements, the minimum admission requirement to a Bachelor's degree programme is a National Certificate (Vocational) Level 4, issued by the Council for General and Further Education and Training. The minimum legislative requirements for admission to a Bachelor's degree include the achievement of:

- Three (3) fundamental subjects between 60% and 69% (achievement level of 5, see table below) (including English); and
- Three (3) vocational subjects from the designated list between 70% and 79% (achievement level of 4, see table below).

An applicant who holds an NCV must also meet the faculty and degree-specific requirements as in the per faculty tables from page 16. English and Mathematics (if applicable) must have been taken as fundamental subjects and must have been passed on an achievement level as indicated in the tables. Physical Sciences (Vocational subject) (if applicable) must have been passed on achievement level 4 (70–79%).

National Certificate (Vocational) (NCV)			
	Achievement level	Description	Percentage
Fundamental subjects	7	Outstanding achievement	80–100%
	6	Meritorious achievement	70–79%
	5	Substantial achievement	60–69%
	4	Adequate achievement	50–59%
	3	Moderate achievement	40–49%
	2	Elementary achievement	30–39%
	1	Not achieved	0–29%
Vocational subjects	5	Outstanding	80–100%
	4	Highly competent	70–79%
	3	Competent	50–69%
	2	Not yet competent	40–49%
	1	Not achieved	0–39%

6. National Benchmark Test (NBT)

The NBT is only required for some programmes in the Faculty of Humanities and in the Faculty of Engineering, Built Environment and Information Technology. Please refer to the tables from page 16. The tables below reflect the benchmark performance levels—for degree, diploma and certificate studies—split into Upper and Lower levels for AL (Academic Literacy Test), QL (Quantitative Literacy Test) and MAT (Mathematics Test):

7. IELTS and TOEFL tests

The IELTS and TOEFL tests are used to assess students' English proficiency at university level. These tests are mainly used in South Africa. More information is available at www.ets.org/toefl and www.ielts.org. Refer to the subject requirements per faculty tables from page 16.

8. Scholastic Assessment Test (SAT)

The New SAT Entrance Exam is a standardised test used for college and university admissions mainly in the United States of America. The SAT score is required by USAf for exemption purposes and UP needs the SAT scores to determine eligibility for admission at UP.

10. Medical aid

10.1 Important information for study visa holders

In terms of South Africa's Immigration Act 13 of 2002, non-South African citizens who are holders of study visas, or wish to apply for study visas, must have medical aid cover for the duration of their stay in South Africa. Ensure that the medical aid is registered with the Council for Medical Schemes in South Africa. Before applying for study visas, students registering for studies at the University on study visas can apply online for medical aid cover accepted by UP. For any student who enters South Africa on a study visa without the required medical aid cover, it is recommended that he/she joins Momentum Health (Ingwe option) or any medical aid listed at the following link: <https://www.medicalschemes.com/MedicalSchemes.aspx?flt=L>

NOTE: Some South African Consular Offices, where students apply for study visas, accept international medical insurance submitted by students applying for study visas. However, the University of Pretoria requires full-degree students, exchange students and study-abroad students to join a South African medical aid registered with the Council for Medical Schemes in South Africa, and to be able to provide proof of membership for the full year, January to December. International insurance is not accepted. Students who fail to adhere to this stipulation will be obliged to join Momentum Health (Ingwe option) on campus

upon arrival, before being allowed to register. A student visiting South Africa for a period shorter than 90 days and entering on a visitor's visa is exempted from this rule.

12. Temporary residence permits

All foreign nationals wishing to enter South Africa will have to adhere to the New Immigration Regulations. The New Immigration Regulations of 2014 were published in Government Gazette No 37679 in terms of section 7 of the Immigration Act of 2002 (Act No 13 of 2002) and came into effect on 26 May 2014. Both prospective and returning students are advised to visit www.vfsglobal.com/dha/southafrica for all the required information.

The Department of Home Affairs has announced the opening of visa and permit facilitation centres in 11 cities located in the nine provinces of South Africa. (VFS Global). Visa and permit applications will be accepted at any of these centres for assessment by the Department of Home Affairs in Pretoria.

Non-South Africans with legal residence permits can apply for visas

or permits at these centres. Citizens from countries other than South Africa** are required to hold a valid passport and a temporary residence permit, such as a study visa endorsed for study at UP. Citizens from countries other than South Africa** wishing to enter South Africa should only apply for study visas once they have received an official letter of admission. Study visas must be obtained before travelling to South Africa. First applications for study visas will no longer be accepted within the borders of South Africa.

NOTE: To ensure that the correct procedure to obtain entry into South Africa has been followed, visit www.up.ac.za/international-cooperation-division for detailed information on the Immigration Regulations (which came into effect on 26 May 2014).

**Applicants who are not South African citizens

14. Programme information for qualifications other than the NSC or IEB

14.1 Important information

- Applications open on 1 May at www.up.ac.za/apply
- Should your school-leaving qualification not be reflected in the following tables, please refer to the UP percentage conversion table on page 8.
- Applicants who come from countries that have medical schools will not be considered for placement in the MBChB programme, except where intergovernmental agreements are in place.
- For more information, refer to:
 - Brochure:** *Newcomers Guide 2021*, available at www.up.ac.za/programmes > Admission information
 - Website:** www.up.ac.za/international-cooperation-division

14.2 Closing date

The closing date is an administrative admission guideline for non-selection programmes. Once a non-selection programme is full and has reached the institutional targets, that programme will be closed for further applications, irrespective of the closing date. However, if the institutional targets have not been met by the closing date, that programme will remain open for admissions until the institutional targets are met. Closing dates are indicated by means of a red footer number beside the name of the programme (refer to the dates at the bottom of each page). For selection programmes, the closing date is the final date for applications.

14.3 How to apply

- Applications open on 1 May in the year preceding studies.
- Apply at www.up.ac.za/apply as soon as possible from 1 May. Before you start to complete the Online Application, please watch an online application demonstration at <https://youtu.be/I-ON6d65W50>.
- Track your admission status at www.up.ac.za > My UP Login. Please watch a video demonstration on 'How to access the UP Student Portal' at <https://youtu.be/Yd4pWr8lvNk>.

Why use Flywire?

Flywire allows you to pay securely from any country and any bank, usually in your own currency. You can pay via bank transfer, card payment or online options. By using Flywire, you will save money on bank fees and poor exchange rates. You will also receive email and text updates on your payment status and you can create your own Flywire account to track your payment online 24/7. Throughout the process, Flywire's multilingual customer support can help you with any occurring questions.
