Africa in the 21st Century

Africa is beyond bemoaning the past for its problems. The task of undoing that past is ours, with the support of those willing to join us in a continental renewal. We have a new generation of leaders who know that we must take responsibility for our own destiny, that we will uplift ourselves only by our own efforts in partnership with those who wish us well. -- Nelson Mandela

Africa in the 21st Century

*Africa is beyond bemoaning the past for its problems. The task of undoing that past is ours, with the support of those willing to join us in a continental renewal. We have **a new generation of leaders** who know that we must take responsibility for our own destiny, that we will uplift ourselves only by our own efforts in partnership with those who wish us well. -- Nelson Mandela*

21st Century African Leaders

- 2000: Commitment to UN MDG's
 - Eradicate poverty and hunger
- 2003: CAADP Targets
 - 6% Ag. GDP growth rate
 - 10% allocation of national budget to agriculture
- 2013: Agenda 2063
 - “An integrated, prosperous and peaceful Africa, driven by its own citizens”
- 2014: Malabo Declaration
 - Triple intra-Africa trade and double productivity
- 2015: Sustainable Development Goals
 - No poverty and zero hunger
- 2019: African Continental Free Trade Agreement
 - Create a single continental market, with free movement of business persons and investments
