## DEPARTMENT OF MATHEMATICS AND APPLIED MATHEMATICS HONOURS STUDENTS: 2021

To all Honours students (new and current) in the Department of Mathematics and Applied Mathematics who will be registering for one of the following degrees:

- BSc (Hons) (Mathematics)
- BSc (Hons) (Applied Mathematics)
- BSc (Hons) (Mathematics of Finance)
- BSc (Hons) (Financial Engineering)
- BSc (Hons) (Mathematics and Mathematics Education)

### 1. LECTURES

Lectures commence from 15 March 2021.

### 2. REGISTRATION

Registration is done **online**.

Students who start with a new degree must complete the contract on the UP Student Portal (Student Centre) before the online registration can take place.

#### AN INFORMAL REGISTRATION GUIDELINE

**Step 1** Access the contract on your Student Centre (on the UP Portal).

The Student Service Centre must approve the contract, which may take some time.

**Step 2** Pay your registration fee (bank details are on the UP web).

International students should consult the International Office for any additional requirements.

**Step 3** Register online

If any of your required modules do not appear online, please contact the Faculty.

Please register for the modules you plan to take in both semesters. If you are working and/or planning to complete the degree over two years, only register for the current year's modules.

You may struggle to register for some second semester modules that require a first semester honours prerequisite. You may contact the Faculty for assistance with this or wait and register for the module just before the start of the second semester once you have successfully completed the prerequisite first semester module(s).

Queries regarding the contract and any other technical matters about the registration process should be done at the Faculty Administration at the Agricultural Building or at the Client Service Centre.
