

Honours Departmental Bursary

The Department of Mathematics and Applied Mathematics at the University of Pretoria (UP) invites applications for bursaries for full-time Honours study in the Mathematics, Applied Mathematics, Mathematics of Finance or Mathematics and Mathematics Education programmes.

The call is open to applicants who qualify for admission or are expected to qualify, by the end of 2018, for the above mentioned programmes.

The bursaries are awarded to applicants who show potential to excel.

Applicants should submit the following by email to lorelle.bizaare@up.ac.za no later than **Friday 16 November 2018**:

1. Your name and University of Pretoria student number
2. The name and contact details of one academic referee
3. Degree certificates for completed undergraduate studies or latest academic transcripts for qualifications still in progress.
4. A hand written motivation letter (maximum one page) indicating personal goals and motivation for Honours study.

The value of the bursary is R 80 000 for 2019. If successful applicants receive another bursary, a top-up to a maximum of R 110 000 will be awarded.
