

Are you ready to go beyond data?

The FNB DataQuest: the ultimate data science masterclass and competition.

Solve.Learn.Win

Hello,

We're excited to invite you to The FNB DataQuest: the ultimate data science masterclass and competition. If you are passionate about pushing the boundaries, finding unique solutions and are interested in a career in data analytics—then this is an experience just for you. FNB DataQuest is a 2-day virtual event that combines an engaging competition with great learning and networking opportunities.

What you can expect

Challenges: Choose from several challenges to complete individually or as a team. You will work with real data sets to solve real problems.

Rewards: Winners receive a R25 000 cash prize and R50 000 for their faculty; as well as a guaranteed interview for the FNB Future League Graduate Programme.

Masterclasses: Learn from FNB's top data and analytics experts.

Coaching: Gain valuable support from digital coaching rooms available throughout the day.

Keynote Address: Be inspired and gain insight into the future of data science.

Networking: Meet industry professionals and gain real-world insight into the world of data science.

Important note: spaces are limited. Participants are not required to be online the whole time, only limited interactions and sessions over the course of the event. To participate in the event, you must be a current full time registered student in the final year of your studies. **The event is split across 2 days and it's important that you register and log into both days to maximise your chances of winning.**

Day 1: Monday 17th May 09:00 – 16:00

Day 2: Tuesday 18th May 12:00 – 15:00
