## BACKGROUND TO SDGS

- Were born at the United Nations Conference on Sustainable Development in Rio de Janeiro in 2012.
- To produce a set of universal goals that meet the urgent environmental, political and economic challenges facing our world.
- Replaced the Millennium Development Goals (MDGs), which started a global effort in 2000 to tackle the indignity of poverty
- They are a universal call to action to end poverty, protect the planet and ensure that all people enjoy

## FUNDAMENTALS OF SDGS

The SDGs fundamentally target at “5P” including People, Prosperity, Partnership, Peace and Planet

Planet  
SDGs 6-9, 11-15  
Protect degradation through sustainable consumption, production, natural resource management, actions on climate change

Partnership  
SDG 17  
Revitalised global partnership, participation of all countries, stakeholders and people.

Peace  
SDGs 10, 16  
Foster peaceful, just and inclusive societies, free from fear and violence

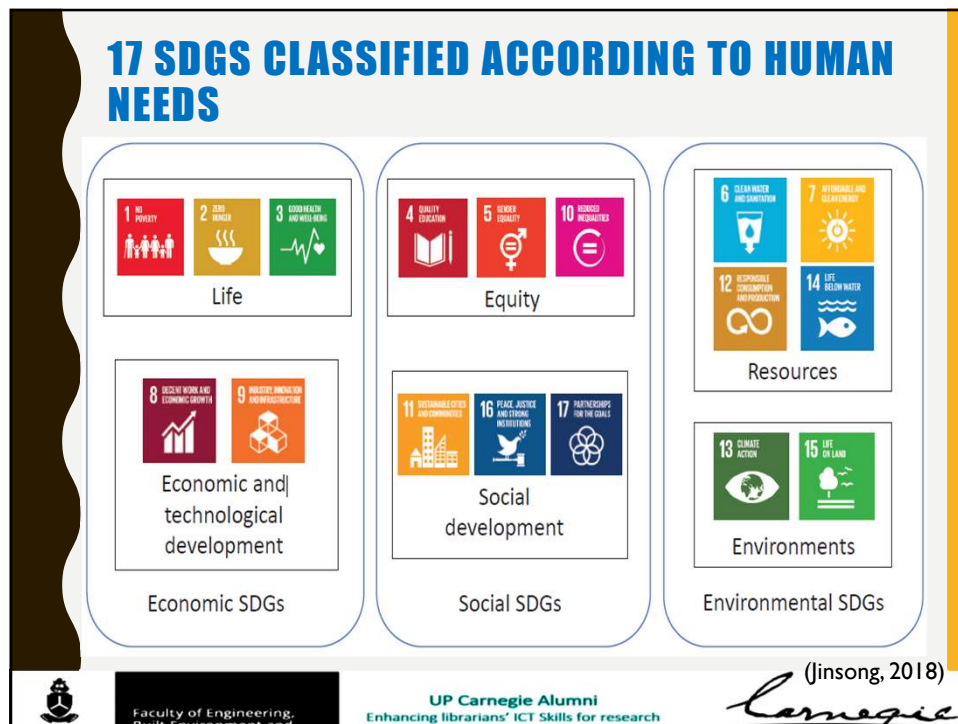

Prosperity  
SDG 8  
Enjoy prosperous and fulfilling lives, economic, social and technological harmonic progress

People  
SDGs 1-5  
End poverty and hunger in all their forms and dimensions, ensure all human beings can fulfil their potential in dignity, equality and healthy environment

## What Is Unique About The 17 SDGs?

### Three Things.....

- ❖ These Goals apply to every nation ... and every sector. Cities, businesses, schools, organizations, *all* are challenged to act. **This is called Universality**
- ❖ It is recognized that the Goals are all inter-connected, in a system. We cannot aim to achieve just one Goal. We must achieve them all. **This is called Integration**
- ❖ Achieving these Goals involves making very big, fundamental changes in how we live on Earth. **This is called Transformation**

## HOW LIBRARIES CONTRIBUTE TO THE SPECIFIC SDGS

**Goal 1: No Poverty**  
Ensure that all the poor and the vulnerable have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property by providing access to relevant information.

**Goal 2: Zero Hunger**  
Facilitate timely access to market information, in order to help limit extreme food price volatility.

**Goal 3: Good Health and Well-Being**  
Ensure universal access to sexual and reproductive health-care services, i.e. family planning, education, and information on integration of reproductive health into national strategies and programs.

**Goal 4: Quality Education**  
Contribute to increase the number of youth and adults with technical and vocational skills, for employment, decent jobs and entrepreneurship.

**Goal 5: Gender Equality**  
Enhance the use of enabling technology, in particular information and communications technology, to promote the empowerment of women and girls.

 Faculty of Engineering, Built Environment and Information Technology  
UP Carnegie Alumni  
Enhancing librarians' ICT Skills for research enablement in African universities  

## CONTRIBUTION TO THE SPECIFIC SDGS CONT...

**Goal 8: Decent Work and Economic Growth**  
Achieve full and productive employment and decent work for all women and men, including people with disabilities, through universal and affordable access to employment information.

**Goal 9: Industry, Innovation, and Infrastructure**  
Enhance scientific research; upgrade the technological capabilities of industrial sectors in all countries.

**Goal 12: Responsible Production and Consumption**  
Ensure that people everywhere have the relevant information and awareness for sustainable development and lifestyles taking into account conservation of nature.

**Goal 16: Peace, Justice and Strong Institutions**  
Ensure public access to information and protect fundamental freedoms, in accordance with national legislation and international agreements.

**Goal 17: Partnerships for the Goals**  
Enhance North-South, South-South and triangular regional and international cooperation on access to science, technology and innovation.

## LIBRARY SERVICES CONTRIBUTE TO IMPROVED OUTCOMES ACROSS THE SDGS BY;

- Promoting universal literacy, including media and information literacy
- Closing gaps in access to information and helping government, civil society, and business to better understand local information needs
- Providing a network of delivery sites for government programmes and services
- Advancing digital inclusion through access to ICT, and dedicated staff to help people develop new digital skills
- Serving as the heart of the research and academic community
- Preserving and providing access to the world's culture and heritage

## THE 2030 AGENDA IMPLEMENTATION IN UGANDA

- ❑ The Sustainable Development Goals (SDGs), is implemented through approved national frameworks and structures where 69% of the SDG targets are part of Uganda's current National Development Plan II (NDPII) (2016/2017 – 2019/2020).
- ❑ All SDG activities, initiatives and projects are coordinated under the National SDG Coordination Framework.
- ❑ Specific actions for coordinating the implementation of the SDGs are listed in the National SDG Roadmap.
- ❑ The Uganda Vision 2040 captures issues of sustainable development that are reiterated by the 2030 Agenda and it is intended to transform Uganda from a peasant to modern and prosperous country by 2040.

## WHAT ARE THE 13PILLARS

**Preamble:** In line with Goal 17- strengthen the means of implementation and revitalization of the global partnership for other 16 SDGs goals

**Premise:** Carnegie CPD Programme was to enhance librarians' ICT skills for research enablement in African universities. On this, my motto in the home institution has been to **CARNEGIE: Continuously Advance Research by Networking and Engagement for a Ground-breaking Innovation and Excellence.**

**Participants:** Academic Libraries in Nigeria and IPs. Better equipped to promote multi-stakeholder partnerships in knowledge sharing, expertise, technology, and international cooperation devoid of competition

**Problem:** Nigeria as an emerging market is facing a downturn, unstable development, vulnerability, and poverty with possibilities of improvement. Nigeria must partner other nations in implementing SDGs. Libraries are underfunded.

Faculty of Engineering,  
Built Environment and  
Infrastructure

UP Carnegie Alumni  
Enhancing librarians' ICT Skills for research  
enablement in African universities

**Prospects:** Tertiary institutions with libraries as their heartbeat are the drivers of economies in the developed nations.

**Purpose:** Critically review literature to posit actions (framework) to be taken towards realizing this goal, using the lens of developed economies.

**Phenomenon:** theory of change that can provide high-level insight for long-term goal “roadmap/blueprint”. To clarify goals and identification of strategies.

**Publications review:** library and information science, education, economic development and governance to present viewpoints.

**Procedure:** Databases, directories and unique scholarly platform designed with cognitive retrieval engine were consulted to get accurate and comprehensive results from data and knowledge bank.

**Posits:** The mapping of **STRENGTHEN** and **REVITALISE** was used to frame the role of academic libraries to fulfill the purpose of study

Posits	Breakdown
Support 4 Research	central pillar in their mission, improve their research culture and output
Teamwork Enablement	enhanced communication, leadership, teams with codes of conduct, right people on the team, appropriate size and mix of members
Realistic Vision	be part of those that craft and gives Strategic direction to organisations, help people in empowering them to discover, learn, share and progress
Enthusiasm 4 Innovation	open to change and new ideas, (disruptive forces - rapidly changing environment that requires flexibility and creativity)
Nurturing Trainers	Train the Trainer to be more flexible and responsive to new ideas, Motivate, Educate
Goal-oriented Altmetrics	workings of scholarly ecosystem, bringing impact measurement to academic researchers' attention.
Technologies Literacy	digital literacy to actively, securely and creatively engage in age of 4IR (cyber-physical systems, the IoT & IoS) – (Bernard Marr: 2018)
Hotspots 4 Internetwork	With cost refinement, access to resources locally and remotely, smart interaction in sharing digital media across devices.
Enterprising Structure	entrepreneurship is no longer exclusive to the business school, spark local economic growth and improve social mobility.
Novelty Expansion	ideas that worth spreading to local communities around the globe. IPs to spark conversations in their own community.

**Project:** Fulfilled the Commitment to Sharing What was learnt with home Institutions -

- Information literacy, retrieval strategies and the campaign for the use of social media for research discoverability in my institution was redressed.
- Birth of “multimedia e-library” for the delivery of information services to librarians, faculties and postgraduate research groups.
- It is a unique place that now serves as training lab, digital library and research common for postgraduate students.
- Students are being trained in groups through the train-the-trainers mechanism.

### MOTIVATION FOR THE STUDY

- Despite all efforts made by the federal, state and the Usmanu Danfodiyo University is doing to ensure that every child of school age acquired western education, report shows that level of literacy in Sokoto state is very low as evident from the literature and the feasibility study conducted within the University.
- Inequality in female education still persist
- 79.9% of females within the age bracket of 15-24 years in Sokoto State are illiterate (educeleb, 2018, July 15)
- 81.8 % of Sokoto youth and 77.4 % adults lack English literacy skill “not enough changes has occurred in the education sphere “ (Ibenegbu, 2018).

## METHODOLOGY

- The study adopted descriptive survey design using quantitative method
- Population: 55 ('**Yariyan**' girls) meaning – young unmarried girl
- Sampling technique: Purposive
- Sample size – 50
- Instruments – Structured Questionnaire and interview guide
- Two sets of questionnaire were designed (Hausa & English)
- The researcher and two interpreters were involved in data collection process
- Data was analysed using SPSS version 20 (frequency, percentage)

## FINDINGS

- The girls were within the age bracket of 7-14
- It was found that 89% percent of the girls have never been to school
- 9% of the girls were out of school
- 1% of the girls have English literacy skill
- The girls reported that their parents did not enrolled them
- The girls promised to learn
- The out of school girls were withdrawn by their parents
- Their preferred time for learning was between 12:00-2:00pm (Mon-Wed)
- From Thursday – Friday between 2:00-4:00pm
- The girls have never had the word SDGs

## CHALLENGES AND RECOMMENDATIONS

- Implementation not properly monitored
- Lack of English literacy
- Poverty
- Cultural and religious practices
- Low level of awareness of the SDGs in the rural areas
- Rural women's in ability to take decision on their own
- Children early exposure to hawking
- **Recommendations**
- Right people for right position
- Libraries to take leadership role
- Libraries to embark on lobbying and advocacy
- Regular entrepreneurship workshop
- Need to increase sensitization
- Child right should be strengthened
- Librarians should be proactive in making 'the Girl child education a reality

## **INTRODUCTION**

- Libraries with their human and ICT resources play vital roles in information accessibility, and utilization in solving practical problems like SDGs
- The Global e-sustainability Initiative (GeSI) report (2016) sets out to demonstrate the full impact that digital solutions and the ICT sector can have in catalyzing SDG target achievement.
- IFLA Action for Development through Libraries programme utilized the *Lyon Declaration on Access to Information and Development* as an advocacy tool. ([www.lyondeclaration.org](http://www.lyondeclaration.org))

## THE NIGERIAN SCENARIO

- Achieving these goals or even working towards the targets are of paramount importance to all the countries of the world especially the developing nations of the world of which Nigeria is one
- Academic institutions, Government agencies and library associations work towards the target

## THE GENERAL PICTURE: WHO ARE INVOLVED

- ▶ Government agencies like UNDP just like in many African countries look at improvement of lives through empowerment, addressing crisis etc
- ▶ State Governments have agencies on SDGs
- ▶ NGOs
- ▶ Libraries and Librarians
  - Observations show that Many people have knowledge of SDGs
  - Many have information accessing gadgets

## INITIATIVES FOR ENHANCED ROLE OF THE LIBRARY AND INFORMATION TOWARDS SDGS: ESUT LIBRARY AND BEYOND

- Training for librarians on Indexing
- Training programmes on-going for Lecturers, students and researchers and access links given
- Training on Access to a variety of databases – JSTOR, DOAJ & DOAB; others –Taylor and Francis, PROQUEST etc.
- Workshops have been organized in collaboration with Nigerian Library Association for librarians across libraries eg on use of social media for research visibility (in UNN, August, 2018)

## INITIATIVES CNTND

- ▶ Active participation in Library associations' conferences on library advocacy, Translating the details of SDGs to local languages
  - Collaboration with librarians from other libraries
    - Readership promotion - Library week – read aloud programmes
    - In UNN Makerspace for children
  - Advocacy and outreach groups formed – Prison Visitation Group under Library for Literacy Foundation – training prison librarians on organization of library materials and writing comic books

## PROBLEMS & WAY FORWARD

- Though mobile penetration is reasonably high, digital information access is relatively at low level
- With over 150 million people
- The digital opportunity index scores by International Telecommunication Union (2015)
  - Nigeria was ranked 31 in the African continent with very low scores in opportunity, infrastructure and utilization respectively.
  - UNESCO (2012 -), about 56.9% of Nigerians are illiterates; may have just been reduced by some percentage since the last six (6) years.
  - Poor ICT facilities and network in the rural & sub-urban areas; at high unaffordable rates in urban areas with low bandwidth.

## PROBLEMS & WAY FORWARD CNTD

- Poor public and government orientation about libraries,
- Problems specific to our institution
  - Poor ICT facilities and network due inadequate funding, inadequate number of professional librarians

### Way Forward

- The activities of Institutions, Librarians and library associations towards improving readership, reaching the unreached, advocacies are all geared towards attaining the SDGs
- Partnership and collaboration amongst stakeholders
- Intervention Funding e.g TetFund (Newly completed Library Complex in ESUT) are all geared towards making a difference towards attaining the SDGs
