

PhD in AAC Severe Disabilities and Early Childhood Intervention

Course code: 01264614

For whom is the degree intended?

This is a multi-professional degree tailored to accommodate students from varied disciplines such as speech-language therapy, occupational therapy, physiotherapy, psychology and special education. Background in AAC, severe disability or early childhood intervention is essential.

The training approach is collaborative and students and lecturers engage in ongoing interaction on the web, as well as during the week-long onsite contact periods arranged on the Hatfield Campus of the University twice each year. Interaction with international experts is an integral part of PhD training, exposing students to a broad range of methodologies and approaches to research in their respective fields.

Additional information, applications and registration

The closing date for applications is 31 October of the preceding year of intended study.

Applications have to be accompanied by a letter of intent. The format for this letter can be obtained from the programme manager.

Please note that contact with the programme manager is essential before application!
