# The Center for One Health at the University of Global Health Equity

## **VISION**

To develop training, research and practice that sustainably promote the One Health approach while also providing a forum for partners to come together and collaborate across disciplines and institutions.

## **MISSION**

To be an African leader in One Health training and practice in order to demonstrate and disseminate how humans can live sustainably with animals and the environment for the mutual benefit of all.

UNIVERSITY OF  
**Global Health Equity**  
CENTER FOR ONE HEALTH

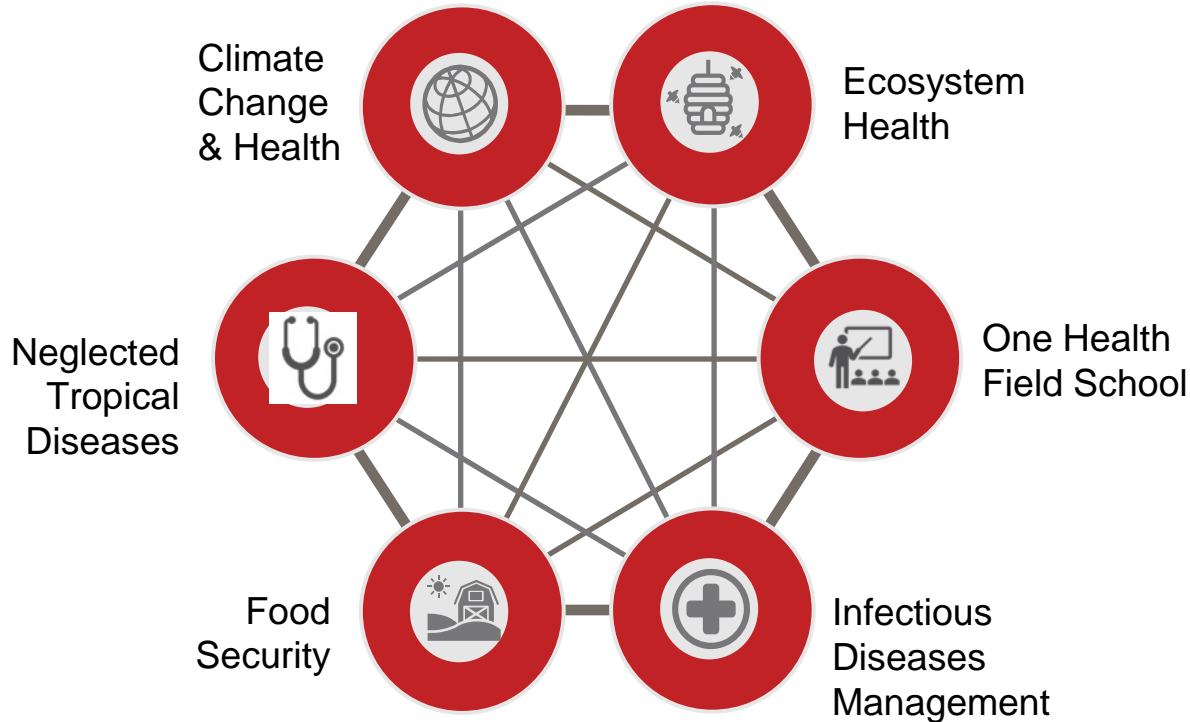

# One Health Curriculum Integration

- Integrated curriculum focused on foundations, special topics, and application of One Health
- Education focused on classroom and in field teaching, research, and connections to existing clinical and public health topics
- For example, integration into medical modules such as infectious diseases, clinical pharmacology
- Cross-cultural learning and community engagement are at the core of the approach

# Master of Science in Global Health Delivery (MGHD) - concentration in One Health

## Cross-cutting skills

- Management
- Communication
- Leadership
