

# 1.1.1 WELCOMING

**Liesel Ebersöhn**

(Director, Centre for the Study of Resilience, University of Pretoria, South Africa [SA])

**George Lueddeke**

(Chair, International One Health for One Planet Education Initiative [1HOPE], United Kingdom)

**Wondwossen Gebreyes**

(Executive Director of the Global One Health initiative [GOHi], Ohio State University)

The *Future Africa - 1 HOPE* (International *One Planet for One Health Education Initiative*) webinar series aims to build collaborative transdisciplinary (TD) research capacity of early career and doctoral students through a One Health & Well-Being lens.

---

Main goals:

- To meet and engage with a cross-section of multi-disciplinary experts linked with national, regional and global networks;
- To raise awareness of the urgent need to shift from disciplinary silos to address complex socially relevant issues (e.g., Covid-19, climate change, food security) by transcending and integrating disciplinary paradigms and engaging in participatory research;
- To identify transdisciplinary knowledge and research skills needed to co-produce relevant outcomes for society;
- To reconcile TD research, teaching/learning and scholarship.

# WEBINAR SPEAKER INTRODUCTIONS

**Barbara Martin**

*(World Association Of Veterinary Laboratory Technicians- Global Laboratory Leadership Program, USA)*

# WEBINAR SPEAKER INTRODUCTIONS

---

**Vipat Kuruchittham**

*(Executive Director, SE Asia One Health University Network [SEAOHUN, Thailand])*

# WEBINAR SPEAKER INTRODUCTIONS

**Irene Naigaga**

(Regional Program Manager & Agnes Yawe,  
*Partnerships, Africa One Health University  
Network, [AFROHUN], Uganda*)

# WEBINAR SPEAKER INTRODUCTIONS

**Ayodele Odusola**

*(Resident Representative, United Nations Development Programme [UNDP])*

# WEBINAR SPEAKER INTRODUCTIONS

**Shakila Dada** (*Director, Centre for Alternative and Augmentative Communication, University of Pretoria*)

## WEBINAR SPEAKER INTRODUCTIONS

---

**Rohini Roopnarine** (St George's University,  
Grenada, West Indies)

# WEBINAR SPEAKER INTRODUCTIONS

**Aisha Nankanja** (*Sociologist, Uganda*)

# WEBINAR SPEAKER INTRODUCTIONS

**Charlene Carbonatto** (*Social work,  
University of Pretoria*)

# WEBINAR SPEAKER INTRODUCTIONS

# WEBINAR SPEAKER INTRODUCTIONS

**Olutayo Babalobi**

*(Consultant/Lecturer/Researcher, University of Ibadan, Nigeria)*

## WEBINAR SPEAKER INTRODUCTIONS

**Funke Omidire** (*Dept of Educational Psychology, University of Pretoria*)

# WEBINAR SPEAKER INTRODUCTIONS

**Maretha Visser** (*Counselling Psychology,  
University of Pretoria*)

# WEBINAR SPEAKER INTRODUCTIONS

**Alicia Jiménez** (*Program Director, Earth Charter International, Costa Rica*)

# WEBINAR SPEAKER INTRODUCTIONS

**John Amuasi** (*Co-Chair,  
The Lancet One Health Commission; Executive  
Director, African Research Network for  
Neglected Tropical Diseases (ARNTD), Ghana*)

# Series Overview – Liesel Ebersöhn

---

This webinar series stems from a [University of Pretoria](#) proposal to the [UNICEF](#) Humanitarian Programme through its flagship programme “Generation Unlimited” to collaborate with the University on areas that can advance training and skills for the youth in humanitarian aspects.

Within this coordinated response the webinar series forms part of the University of Pretoria, [Future Africa](#) project “**Youth empowerment under health/economic crisis**” –

with participation of Humanities, Health Sciences, Education, Economic Sciences, Natural and Agricultural Sciences and Veterinary Science.

# Series Overview – Liesel Ebersöhn

---

The focus of the Future Africa project is on the UNICEF Generation Unlimited Outcome Area 4: “Covid-19 and other Emerging Science for Society Outcomes”

It specifically incorporates the One Health (OH) concept of:

- a collaborative, multi-sectoral, and transdisciplinary approach
- working at the local, regional, national, and global levels –
- with the goal of achieving optimal health [and well-being] outcomes
- recognising the interconnection between people, animals, plants and their shared environment.

# Series Overview – Liesel Ebersöhn

It is increasingly becoming clear that a OH approach has stimulated modern societies to rapidly adopt measures to:

- save lives (humanitarian),
- protect livelihoods (social dynamics and human solidarity), and
- safeguard nature (ecosystem red lines) to reduce the risk of future pandemics (resilience, preparedness, precaution).
