Website: <https://www.up.ac.za/school-of-health-systems-and-public-health>

GENERAL INFORMATION

The School of Health Systems and Public Health (SHSPH) is one of four academic schools within the Faculty of Health Sciences. The SHSPH is a postgraduate school. Therefore, all applicants must at least have ONE *University Bachelor's degree* and for *“Entry into the MPH programme will require the relevant diploma or degree (such as a Postgraduate Diploma in Public Health) as well as relevant work experience as additional criteria for selection into the offered programmes.* The SHSPH reserves the right to request an Academic Quantitative Test (AQL) from applicants.

Most programmes are **class-based (attendance necessary as prescribed by the module coordinator)**, and, apart from the Postgraduate Diploma in Public Health (PGDipPH), students have to attend all modules as prescribed by the curriculum of the registered course. Modules are mostly one week in duration, but some modules are either two or three weeks in duration.

- Attendance modules are from Monday to Friday 08H00 to 16H30/17H00.
- All programmes are only offered in English.

1. CLOSING DATE FOR 2022 APPLICATIONS: 31 July 2021

PLEASE NOTE: Due to large volumes of applications receive annually, NO late applications will be considered.

2. APPLICATION FEES

The required University of Pretoria's application fee must accompany the application. It is important to note that the application fee is a handling fee. The money is not refundable, even if the application should be unsuccessful or is withdrawn later.

3. APPLICATION FOR THE 2022 ACADEMIC YEAR@UP

Online: An application form can be completed and submitted online:

<http://www.up.ac.za/en/online-application/article/2445192/apply-at-the-university-of-pretoria>

The application process will result in a temporary student number being allocated to you. All communication with the University or with the SHSPH in particular will need reference to this number. If you have studied at UP, please use/enter your old student number.

Hard copy applications are not accepted.

Applications should be correctly completed. An incomplete application will delay the selection processing of the application or will result in not being considered for admission. All the required supporting documents (see the list below) should be uploaded on the application system. Any required documents received late by yourself, can be scanned and e-mailed to Mr R Semenya (reuben.semenya@up.ac.za) Remember to reference your student number in ALL emails in the subject line.

Every page of all submitted documents must be clearly labelled (and pages numbered) with your newly allocated student number (or your old student number if you have previously studied at the University of Pretoria), when e-mailed.

CLIENT SERVICE CENTRE (CSC) TEL: +27 (0) 12 420 3111 FAX: +27 (0) 12 420 4555 E-mail: csc@up.ac.za Web: www.up.ac.za/csc OFFICE HOURS Mondays to Fridays: 08h00 – 16h00 Saturdays: 08h00 – 12h00	POSTAL ADDRESS Client Service Centre University of Pretoria Lynnwood Road Pretoria South Africa 0002

4. APPLICATION PROCEDURES

4.1 Postgraduate Diplomas, Honours and Masters degrees.

Below is a list of necessary supporting documents to accompany your application:

1. Detailed Curriculum Vitae (CV).
2. Copies of previous qualifications – including academic records / transcripts.
3. If you are an international applicant, you need to attach the South African Qualifications Authority (**SAQA; www.saqqa.org.za**) **certificate**. Medical doctors also need to submit proof of their Health Professionals Council of South Africa (**HPCSA**) registration.
4. Certificate of English Language Test (TOEFL; <https://www.ets.org/toefl>) for **all** international applicants.
5. Self-drafted letter of motivation on WHY you want to study at the SHSPH, UP is required for **all** study plans (*in the case of **MPH applications**, please **include** your most likely or preferred area of interest, referred to as the “track”*);
6. Result of an Academic Quantitative Test (AQL) for all RSA students (to complete the test – google AQL and share your result);
7. Letter of support for furthering your studies from your employer, if applicable.
Note: This is a **requirement** in the case of an **MPH application** as well as all **Occupational Hygiene diploma** applications);
8. A **certified** copy of your **ID** if South African, or your **Passport** if an international applicant.

4.2 Doctoral (PhD) degrees

Please see Section 11 of this document.

5. SELECTION PROCESSES AND TIMELINE@SHSPH

The selections start in September 2021;

- Candidates can obtain information regarding their selection status from the Student Services Centre on the UP portal (see the acknowledgement of receipt of application form for this information);
- Selections notifications are sent by e-mail during September and October 2021;
- All successful students will receive a letter from the SHSPH and the University;
- All unsuccessful candidates will be notified in writing by the University.

6. REGISTRATION@UP

All students have to attend the first compulsory module “Learning in Public Health”. This module is held during the third or the fourth week in January 2022 for all the new students. For all post-graduate Diploma (face-to-face tuition students only) and Honours students, the course is offered in week 3 and a different course with different content is offered during week 4 for all Masters and Doctoral students.

Student registration for the 2022 academic year will take place during the compulsory week of the first module, Learning in Public Health. All details will be covered in the SHSPH letter of acceptance. If you have been accepted for a programme, *please ensure that you have received the SHSPH letter detailing all the arrangements and that you can attend the **entire week (5 working days; Monday to Friday)** of this important first module.* The University of Pretoria has a 100% class attendance policy for students. Failure to attend this module may result in a year’s delay

of study, and the selection process will be repeated, similar to a new application. Your place is thus NOT guaranteed from one academic year to the next. Successful applicants will also receive an acceptance letter from the Faculty of Health Sciences.

7. **INTERNATIONAL STUDENTS**

Any enquiries with regard to student/study visas should be directed to the International Students Office. You can contact the Client Service Centre by email (csc@up.ac.za) or telephone (+27 (0) 124203111). Remember to use your **Last name** and allocated **student number**, which you receive during the application process, in all correspondence with the University, including the SHSPH as indicated *before* (*Tip: Always add the number to the subject line of your e-mails*).

8. **FINANCIAL COSTS FOR OUR ACADEMIC OFFERINGS**

The Faculty of Health Sciences will send more detail regarding financial information to successful applicants for the 2022 academic year. The estimated programme costs are listed below. This serves as a **general guideline** for students.

Programme		Estimated cost (subject to annual increases)
BSc Hons – excluding Aerospace Med	BSc (Hons)	R44 000.00 (Per Programme - Billed per module)
BSc Hons – Aerospace Medicine	BSc (Hons)	Available on request. (When offered again)
Diploma in Health Systems Management	DHSM	R59 000.00 (Per Programme -Billed per module)
Diploma in Occupational Medicine and Health	DOMH 10220003	R59 000.00 (Per Programme - Billed per module)_
Diploma in Tropical Medicine and Health	DTM&H	R40 000.00 (Per Programme - Billed per module)
Magister Scientiae in Epidemiology and Biostatistics	MSc	R22 000.00 (per year)
Magister of Scientiae in Environmental Health	MSc	R23 000.00 (per year)
Master in Public Health	MPH	R22 000.00 (per year)
MMed (Community Health)	MMed	R15 000.00 (per year)
PhD	PhD	R21 000.00 (per year)

NOTE:

- For PGDipPH fees, please consult <https://online.up.ac.za/online-postgraduate-diploma-in-public-health/>

- All international students have to pay a yearly administration fee – see the UP website (www.up.ac.za) for more information (mentioned before).
- All non-SADC students pay **twice** the tuition fee, as well as a yearly administration fee.
- Doctoral (PhD) applicants can go to the SHSPH website for more information regarding finances.

NB: Should a student require a formal financial quotation from the University of Pretoria, please contact Mr. Eugene Rosenstrauch (eugene.rosenstrauch@up.ac.za) for assistance.

Students must have successfully applied for a registrar post as advertised in the popular press. No external applications can be considered. Research component: Dissertation Admission requirements: Medical doctors only Credits: 1344 SAQA credits at a NQF level of 9. Programme Coordinator: Dr S Moodley Contact details: saiendhra.moodley@up.ac.za

Important Notes:

*Master of Public Health

Applicants intending to concentrate in Field Epidemiology and Training Programme (FETP) or Monitoring & Evaluation (M&E) must please follow the Master of Science route, via the new BSc Hons (Epidemiology and Biostatistics) programme. Applicants should register for the BSc Hons (Epidemiology and Biostatistics) in January 2022; and the MSc (Epidemiology and Biostatistics) a year later, provided the applicant has obtained a 60% average for the BSc Hons programme.

**Master of Science in Epidemiology and Biostatistics

The MSc in Epidemiology and Biostatistics is a mainly research-based degree that replaces the previous coursework-rich, MSc degrees in epidemiology, clinical epidemiology, and public health at the SHSPH from the 2022 academic year. The new degree will offer areas of concentration in Clinical Epidemiology, Public Health Epidemiology, Monitoring and Evaluation, Field Epidemiology, and Environmental and Occupational Health.

This means that the legacy separate MSc Clinical Epidemiology, Epidemiology and Public Health degrees will not be offered at the SHSPH from January 2022. The BSc Hons in Epidemiology and Applied Biostatistics contains most of the coursework from the old MSc programmes; and is now a prerequisite for the new MSc in Epidemiology and Biostatistics,

which has to be passed with an average mark of 60% to qualify for intake to the MSc programme.

10. CURRICULAR STRUCTURE & ACADEMIC PLANNING FOR ALL ACADEMIC PROGRAMMES

The curriculum structures for the different academic programmes can be found in the Handbook for Postgraduate Studies (PG book) which can be downloaded from the SHSPH home page. The PG book is updated annually and should be carefully stored, as you will complete and graduate your course dependant on the rules that applied in the year you registered for your programme. Should students wish to check when the various modules will be offered, the timetable for 2022 will be available on SHSPH website from November 2021.

During the Learning and Public Health modules PHM 770/773 and (PHM 880/881), students will be assisted with academic planning in terms of modules and time planning.

Note to all students: Depending on your programme, you will be required to complete FUNDAMENTAL, CORE, COMPULSORY and ELECTIVE modules Please check the SHSPH timetable and plan your study, research and/or vacation leave well in advance.

TIMETABLE

In order to gain understanding of what the entire timetable contains, please look at the current timetable on our homepage. <http://www.up.ac.za/school-of-health-systems-and-public-health>

The final timetable (at the time) for the upcoming 2022 academic year will be available on the website from November 2021.

Applicants are advised to interpret the timetable together with the curriculum outline for the course you have been accepted for as described in the PG Book.

<http://www.up.ac.za/school-of-health-systems-and-public-health>

*The only **compulsory module for all students** in their first year of study is the Learning in Public Health module where students will be assisted with timetable planning, module selection and planning and registration.*

All the remaining modules must be completed within the maximum allowed period of study, except for the BSc Hons (Epidemiology and Biostatistics (minimum 1 year, maximum 2 years); the BSc Hons (aerospace medicine), minimum 2 years maximum 2 years; and the MSc (Epidemiology and Biostatistics (minimum 1 year, maximum 2 years).

Diplomas	2 years
Honours	1 year
Masters	2 years
Doctoral	3 years

11. DOCTORAL DEGREES IN PUBLIC HEALTH

All prospective PhD applicants are requested to download the “*Guide to PhD studies at the*

SHSPH" from the SHSPH homepage and requested to follow the step-by-step application process. <https://www.up.ac.za/school-of-health-systems-and-public-health>

The degree is offered for a maximum period of three years. It can be done either as a fulltime or part-time programme. The number of modules to attend will be a collaborative decision between the student and the supervisor.

Research component: Thesis

Admission requirements: Master Degree (preference is given to candidates who have published at least two articles in peer-reviewed journals)

Credits: 360 SAQA credits at a NQF level of 10.

PhD degrees are offered in the following specialities:

- **Environmental Health**
- **Epidemiology**
- **Health Systems**
- **Public Health**

12. **BURSARIES AND LOANS@UP**

Student bursaries and study loans information is available at:

<http://web.up.ac.za/default.asp?ipkCategoryID=20666>

13. **ACCOMMODATION@UP**

Accommodation for postgraduate students is available at some of the University residences, as well as privately. Information on UP's accommodation is available at:

<http://web.up.ac.za/default.asp?ipkCategoryID=113&subid=113>

Disclaimer: Every attempt was made to ensure that the information contained in this information pack is accurate. In the event of discrepancies, the University of Pretoria's regulations and/or the decision of the Academic Programme Committee is considered as the authoritative source.
