

IPMA[®]
Global
Research
Awards

The IPMA Research Awards aim to promote excellent research to enhance project management. With these annual awards IPMA recognises recent outstanding contributions to the development of the field and profession project management through professionally conducted research.

Categories

IPMA YOUNG RESEARCHER AWARD

- » Recognising outstanding research by a young researcher (someone under 36 years old or less than 10 years involvement in research).

IPMA RESEARCH AWARD

- » Recognising an outstanding research project from a researcher or research team.

Submission based application and judging process

Taryn Jane Bond-Barnard, Prof. Derek Walker, Dr. Timo Braun. IPMA Research Award Gala 2018 in Rio de Janeiro.

I am really pleased and honoured with the 2018 IPMA Research Achievement Award and to join such a distinguished group from past years. It was a really special recognition for my career and contributions over the past decades. The IPMA is a wonderful organisation and so this award is a truly global recognition that I cherish.

Prof. Derek Walker

IPMA is the key player in the professionalisation of project management around the world. Its activities truly advance the discipline and are extremely valuable for both, practitioners and scholars. This award gives us confidence in the applicability of our findings and it is a great help to facilitate the diffusion of scientific findings to maintain project management excellence in the future.

Dr. Timo Braun & Dr. Jörg Sydow

I was excited to learn about IPMA's global research awards. The awards are crucial for recognising and promoting excellence in project management research. The research awards give you the opportunity to network and interact with the top researchers in project management.

Taryn Jane Bond-Barnard
