

Programme in Asset and Maintenance Management

Presented by the Graduate School of Technology Management, University of Pretoria

5 ECSA CPD Points

Training in asset management provides you with an integrated understanding of the complementary disciplines as applied to the management of an organisation's physical assets. As such, the **Programme in Asset and Maintenance Management** will provide you with an awareness of the collaboration efforts that are required – as well as the application of cross-disciplinary skills in technical, engineering, finance, logistics, human communications and other functions – to achieve effective management of physical assets.

Programme content

- Asset and maintenance management tools
- Principles of maintenance management
- People management
- Financial management
- Operations Management
- Principles of Asset Management
- Asset Acquisition
- Decision and Risk Management

Programme in Asset and Maintenance Management

Presented by the Graduate School of Technology Management, University of Pretoria

Learning outcomes

After successfully completing the programme, you will be able to

- apply a systems approach to the management of physical assets
- use configuration control and management for asset management
- apply approaches like RCM and TPM to improve asset and maintenance performance
- develop and document a maintenance plan for a technical system
- develop supervisors and artisans to accept ownership of physical assets, and
- establish high-performance teams in operations and maintenance.

Who should enrol?

This programme is ideal for you if you are employed as an asset management practitioner.

Programme fees

R52 000.00 per delegate (VAT incl.)

Programme fees include all course material, lunch and refreshments during contact days.

Admission requirements

Prospective delegates should at least have a National Senior Certificate (Grade 12) and/or a technical qualification or relevant experience.

Accreditation and certification

Enterprises University of Pretoria (Pty) Ltd is wholly owned by the University of Pretoria. As a public higher education institution, the University of Pretoria functions in accordance to the Higher Education Act 101 of 1997. Enterprises University of Pretoria offers short courses on behalf of the University and these short courses are not credit-bearing, and do not lead to formal qualifications on the National Qualifications Framework (NQF) – unless stated otherwise. Delegates who successfully complete a short course and comply with the related assessment criteria (where applicable) are awarded certificates of successful completion and/or attendance by the University of Pretoria.
