

	1		
2007 Grover HK	Pretorius MW		The technology assessment of demand side bidding within the South African context
2007 Hollhumer H	Visser JK	MEM	Qualitative Measurement of Maintenance Performance in the Mining Industry
2007 Jansen v Vuuren M		MEM	Applying TOC to the procurement process in a South African public funded company
2007 Kempff GC	Benade SJ	MEM	Software process management in the South African telecommunications sector
2007 Maboke SN	Kachienga MO	MEM	Power transmission expansion: A new financial evaluation framework for SA
2007 Mahunonyane KE	van Waveren C	MEM	A roadmap for aligning an electricity distribution business unit's maintenance strategic plan to the corporate strategic plan of the organization: A case study of Eskom Distribution
2007 Mangena J	Köster MJF	MEM	Investigating the availability of resources for nuclear power plants in South Africa
2007 Mathebula ME	Walwyn D	MEM	The effects of outsourcing research and development within Eskom's research and innovation department
2007 Mathibe SP	Bekker MC	MEM	Investigation the need to centralise project management in a non-projects orientated enterprise
2007 Mbokazi TPB	Pretorius MW	MEM	Barriers and challenges that South African R&D companies face in technology commercialization process: The Sasol R&D case study
2007 Michael M	Ellis HJP	MEM	Development of a simplified maintenance performance standard incorporating speed, quality and cost parameters
2007 Moggee H 2007 Mostert JN	Petorius P Buys AJ	MEM MEM	Outsourcing of refractory functions in the steel industry  The science in technology transfer
2007 Mpesi B			
2007 Mthimkhulu M	Barry ML Visser JK	MEM	An investigation into the reasons why recent engineering graduates decide to become managers Integrated maintenance performance measurement model for the electrical distributors
2007 Mtsweni DM	Kachienga OM	MEM	integrated manuferiance periodinance measurement indocurron the electrical distributions.  An analysis of the impact of interoperability towards 36 technology diffusion in the South African mobile communication industry.
2007 Mukunyandela M	Pretorius MW	MEM	As strategy for commercialisation of technology based services in Cell C  A strategy for commercialisation of technology based services in Cell C
2007 Naidoo R	Lalk J	MEM	A strategy for commercians about or technique pages and the street of the strategy for commercians about or technique pages and the street of
2007 Ndaba AP	Steyn JL	MEM	integration or prices that agents are specified by the control of
2007 Nell H	Visser JK	MEM	Solices lactors and entirem processes for one revealth development. A case study on a solicessia from the development of maintenance performance indicators for an alloy processing plant. The development of maintenance performance indicators for an alloy processing plant.
2007 Pathar K	Amand-Echend	MEM	The development of maintenance performance indicators for an alloy processing plant.  Technology and skills mismatch: A Transnet freight rail case study
2007 Ramdhani SR	Ellis HJP	MEM	The development of a maintenance framework for an Eskom peaking open cycle gas turbine plant in a high demand environment
2007 Ruder K	Pretorius MW	MEM	A technology selection framework for the telecommunications industry in developing countries using the example of Wimax and UMTS
2007 Kuder K 2007 Singh K	Kachienga MO	MEM	Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strategic power transmission expansion for Kwa-Zulu Natal (KZN) in 2010  Development of strateg
2007 Tiheli TM	Pretorius MW	MEM	Development or adresse power reasonable statement of the differential impacts of external vs. internal technology acquisition on a fuzzy in 2020  The differential impacts of external vs. internal technology acquisition on a fuzzy in 2020  The differential impacts of external vs. internal technology acquisition on a fuzzy in 2020  The differential impacts of external vs. internal technology acquisition on a fuzzy in 2020
2007 van der Watt AJ	Pretorius MW	MEM	Diffusion of technology in the South African private healthcare market
2007 van Deventer JPC	Bekker G	MEM	A study to investigate if a high performance culture can be sustained at Tshikondeni mine
2007 van Niekerk HJ	Kruger MC	MEM	Industrial information technology: Managing the "making or breaking" of a modern manufacturing company
2008 Beukman EA	Steyn HdeV		The use of a phased approach to manage technology transfer projects for socio-economic development
2008 Chiliza TSM	Bekker MC	MEM	Quality improvement: A systematic tool for customer satisfaction through meeting service level targets in a corporate helpdesk
2008 Coetzee S	Pretorius MW	MEM	Government financial support for high technology, high risk new ventures
2008 de Beer WA	Le Roux B	MEM	Theory of constraints unleashes the coal production potential
2008 du Toit JCF	Pretorius L	MEM	Lowering the electrical net system demand of Eskom in South Africa, utilising multiple time zones as a tool
2008 Jacobs MJ	Buys AJ	MEM	An evaluation of the absorptive capacity of the military for advanced technology
2008 Jansen van Rensburg	rg Benade SJ	MEM	A performance analysis of total project quality management in Africon
2008 Lephauphau O	Amadi-Echendu	MEM	Technology roadmapping for coal mining: A South African case study
2008 Maphalala N	Köster MJF	MEM	
2000 14		IVILIVI	Assessment of project management implications for outsourcing design engineering services at Sasol Technology
2008 Maswanganyi NM	Amadi-Echendu	MEM	Assessment of project management implications for outsourcing design engineering services at sasol Technology  Identification of requirements for technology improvements in underground mining
2008 Maswanganyi NM 2008 Mdunge OZ	Amadi-Echendu Buys AJ		
		MEM	Identification of requirements for technology improvements in underground mining
2008 Mdunge OZ	Buys AJ	MEM MEM	Identification of requirements for technology improvements in underground mining Technology integration: The influence of technology on organizational strategy
