Mini-Dissertation Titles - Masters in Engineering Management 2018-2023

Year	Author	Supervisor	Degree	Title
2023	Chakanyuka M	Visser JK Prof	MEM	Challenges in the implementation of Maintenance Execution process in South African petrochemical industry
2023	Wauts J	Walwyn D Prof	MEM	Policy priorities for reducing the cost of energy storage in South Africa
2023	Takadi S	Benade SJ Dr	MEM	Systems Engineering and Project Management challenges in the concept phase of South African Defence Acqu
2023	Sirongo WK	Ouma J Prof	MEM	The Factors Influencing the Adoption and Diffusion of New Agricultural Technologies on Northern Communal I
2023	Sethole L	Peach R Ms	MEM	The most influencial subject matters, as viewed by the Global Forum for Maintenance and Asset Management
2023	Makala P	De Klerk AM Prof	MEM	New product development in Transet Engineering
2023	Abukalusa KI	Oosthuizen R Prof	MEM	An Adaptive Organizational Leadership Framework through Systems Thinking
2023	Moodley D	Oosthuizen R Prof	MEM	A framework for developing Systems Engineering Management based on Large Project Performance in Mining
2023	Singh A	Oosthuizen R Prof	MEM	Implementing Resilience Engineering in engineering project teams in South African FMCG manufacturing comp
2023	Ndzumeni EL	Walwyn D Prof	MEM	Enhancing Technological Innovation by Strengthening Absorptive Capacity: A Study of a South African Firm
2023	Claassen M	Steyn HDV Prof	MEM	The Effect of Project Pace on Konwledge Externalisation
2023	Padayachee P	Cloete L	MEM	Mining in the Fouth Industrial Revolution: What does Mining 4.0 look like and what are the opportunities and
2023	Mabe KAN	Grobbelaar S (Schalk) Dr	MEM	Development and Testing of a Maintenance 4.0 Maturity Model in the South African Mining Industry
2023	Mokone TS	Lalk J Dr	MEM	Securing South Africa's future electrical energy system: The application of a requirements engineering approa
2023	Dube ANN	Peach R Dr	MEM	Power Plant 4.0: A readiness model for the implementation of Maintenance 4.0
2023	Mabaso M	Peach R Dr	MEM	Determining Maintenance 4.0 Readiness: A Case Study of a South African Food Manufacturing Company
2023	Machitje MS	Peach R Dr	MEM	The use Vibration Sensing as a preventative maintenance strategy in the South African Railway Sector
2023	Matsha RL	Peach R Dr	MEM	An assets management framework for the petrochemical industry moving towards Maintenance 4.0
2023	Mayeza TA	Peach R Dr	MEM	Maintenance Human Factors in the South African Mining Industry
2023	Rajaruthnam L	Peach R Dr	MEM	Incorporating Cybersecurity measures around Industrial Control Systems (ICS) within the Petrochemical sector
2023	Chipanga TS	Visser JK Prof	MEM	Application of the 7 subject areas of maintenance management formulated by the Global Forum on Maintena
2023	Govender S	Visser JK Prof	MEM	Comparison of the Maintenance Management System at Coal-fired Power Stations and the Maintenance Fram
2023	Mokobane PE	Visser JK Prof	MEM	How can smart maintenance assist in progressing towards 4IR (Fourth Industrial Revolution) in the mining inde
2023	Pillay-Rajaruthnam L	Visser JK Prof	MEM	Assessing maintenance management practices utilised within the processing industry
2023	Smal F	Visser JK Prof	MEM	The impact of reliability -centred maintenance on total cost of ownership of medium voltage explosion-protect
2023	Gumede ZP	Amadi-Echendu J Prof	MEM	Condition Assessment of Road Infrastructure: A Case Study of Port of Richards Bay
2023	Tlali MG	Amadi-Echendu J Prof	MEM	Asset Management Decision-making in Diamond Mining
2023	Mabotha CM	Chikwanda H Prof	MEM	Assessment of Koedoespoort foundry utilisation constraints and their impact on competitiveness
2023	Mabusela TE	Chikwanda H Prof	MEM	Investigating key operational challenges of shift workers in South Africa: A case study of Rand Water Zuikerbo
2022	Mankoe P	Botha A Dr	MEM	Leadership 4.0 - An exploration of the relevance of executive functions in the context of the South Afr
2022	Shipena J	Chikwanda H Prof	MEM	Fourth Industrial Revolution in Operations Managemeng of a Namibian telecommunications company
2022	Mulaudzi C	Chikwanda H Prof	MEM	Operations Management in the Fourth Industrial Revolution: A look at South African Vanadian Mines
2022	Kakololo R	Walwyn D Prof	MEM	A study of Public Sector University Partnership Models for the maintenance of roads in Namibia
2022	Ramathuba M	Van Waveren CC Dr	MEM	Evaluating the incentives for codifying experience in water treatment projects
2022	Chirwa L	Erasmus L Dr	MEM	Technology Readiness and Maturity in narrow reef mining in the context of Systems Engineering
2022	Khosa N	Pretorius MW Prof	MEM	Industry 4.0 - for Wastewater Quality Management Regulation in South Africa
2022	Sebapu P	Oosthuizen R Dr	MEM	Implementing System Dynamics in support of Lean Six sigma in chemical production system
2022	Nel DM	Amadi-Echendu J Prof	MEM	An investigation into the use of condition monitoring technologies in conventional platinum mines in
2022	Musewu BC	Oosthuizen R Dr	MEM	Model Based System Engineering for Managing Infrastructure Construction Projects in Africa
2022	Roos JM	Amadi-Echendu J Prof	MEM	Analysis of Condition Monitoring Signals for Electrical Power Generation Equipment: A Case Study
2022	Nanfuka J	Oosthuizen R Dr	MEM	MBSE-Lite: A framework for adopting model-based systems engineering in SMEs in South Africa
2022	Nxumalo A	Oosthuizen R Dr	MEM	Application of MBSE to Minimise Loss of Infrastructure Value at South African Water Utilities
2022	Gower AE	Thopil G Dr	MEM	Water sustainability in South Africa – expert opinion on public perception and the viability of implement
2022	Madiba LF	Erasmus L Dr	MEM	Management of basic service delivery tracking and reporting system in the South African Local Govern
2022	Rabothata TL	Amadi-Echendu J Prof	MEM	Road-user oriented asset management
2022	Nkambule BE	Lalk J Dr	MEM	The impact of Energy Smart Metering Technology in Local Government Service Delivery
2022	Dissanayake SUS	Thopil G Dr	MEM	Exploring Technologies and Management Strategies That Can Lead to Sustainable Water Use in South
2022	Mazibuko LV	Pretorius S Dr	MEM	An Investigation into a South African Thermal Coal Mining Company's Project Schedule Management

quisition Projects al Regions, Namibia

ent applied to the steel industry

ng, Energy and Petrochemical Industries in South Africa mpanies

and challenges facing the South African mining industry in adopting the 4IR?

roach to South Africa's Integrated Resource Plan

tor (2023)

enance and Asset Management in platinum mines ramework developed by GFMAM
