RUSTENBURG HERALD - RUSTENBURG - Fields College top athletes were incredibly honoured to be invited to visit TuksSport, a world class Tertiary and Sports facility and for the chance to meet professional athletes and role models.

Not only was it awe-inspiring, but the opportunity to review sporting goals, career objectives and bursary opportunities was an incredible experience. The athletes were empowered by the discussions of how to implement practical and attainable strategies to translate their dreams into reality and have come back ready to break records of their own! Thank you TuksSport – they hope to give back to the wider Fields Family a little of the inspiration and encouragement they received from you!
