## Internal League 10's Information

### Team Structure:

- Your players will not be allowed to play for two teams, a 1<sup>st</sup> Year player may not play for both the junior team and the senior team, however if needed, a 1<sup>st</sup> Year may play in a senior team (but this must be for the entire duration of the season, she may then not play at all for the Junior team); a Senior Player may not play for the Junior Team at all.
- Each team will consist of 12 players (no less than 10), a team manager and/or a coach.

### Rules and Regulations 2020 (Internal League):

- All communication will take place via email and whatsapp. Therefore, please provide valid email addresses and cellphone numbers to ensure that you receive all correspondence. Coach, Team manager's and HK's e-mail addresses will be required.
- The League will still be split between Senior, Junior and mixed sections. Qualifying teams will then participate in a specific section according to strength (Super League Section, B-League Section, C-League Section, etc). Teams will then play against other teams with similar strength to determine a winner of each Section.
- The top 2 teams of each section will challenge the last two teams of the section above to determine if a team qualifies to promote, to another section. For example: The winner of B-League Section will play the 2nd last team of Super-League Section, if the B-League Section team wins, they will play the following year in the Super League Section; the Super League Section team that lost will then play the following year in the B-League Section, etc.
- Teams from the 2018 Internal League will be automatically entered into a specific section according to their final rankings for the 2018 Internal League (Applies for Seniors and Juniors separately). All teams that did not play in 2019 will be added to the lowest section of either junior or senior league.
- All games will be played according to the 2020 official rules of the International Federation of Netball Associations (IFNA) as adopted by Netball SA. The only exception will be with regards to the length of each half (this will be adapted so as to fit all the rounds in).
- Games start at 18:00, team managers must sign in at least 30min prior to their first game.
- The first center pass will be determined by a "Coin Toss" between the two captains and the umpire prior to the start of the game.
- A team must consist of at least 5 players to go on court (one of which must be a center position).
- All players must be bona fide students studying at the University of Pretoria (copies of Student cards are to be submitted with the Entry Form). Players must also be registered with a House/Faculty the previous year June/July.
- The Senior team may consist of Senior Students and, if needed, 1<sup>st</sup> Year students as well, but then they must play in that team for the duration of the league and cannot also play for the Junior team (as some Houses do not have enough 1<sup>st</sup> Year's to make a full team).
- Students who have started studying prior to 2020 but only joined the specific house in 2020 still qualify as Senior Students.
- The Junior team may consist of only 1<sup>st</sup> year students (students who have started their first year of study at the University of Pretoria in 2020).
- A completed team list must be provided with the Entry Form, and a list of players of each team playing in a specific game must be written on the back of the scorecard before that game. Only players on the original team list will be allowed to play, unless otherwise agreed upon between Sport HK, SSC representative and Lifaletu Khumalo 24 hours prior to the start of the League.
- The Player's Register (at the Technical Table) must be completed for each date that your team plays, PRIOR to the start of your team's first match on that date. If a team does not fill in the Player's Register, they will not be allowed to play. Each player that plays must sign in on the night.
