The Executive Committee

Introducing to you the Executive Committee of 2020. Headed by our very own Palesa Tsotetsi, Matthew Ball, Sasavona Mathebula, Nonhlakanipho Motha, Dimpho Leshilo, Zizipho Mangqwambe, Mohau Malapile, Nombulelo Nkambule and Edza Mudau.

We were told it was quite the battle; sharp crosses from every end, toe to toe WiFi connection, lightning fast clicks, betrayal! It was a battle to a very end, 18 had entered but only 9 remained victorious. With the stench of Tax in the air, the Fin'est survived to lead another day.

Fear not, for the polls will again be open (July-August), and the word be spread on very medium. From ClickUp to Instagram, all will know the battle has begun, for once again the Fin'est must be revealed.

For more information please DM us on Instagram @tuks_finest.

Our Take In Corona

This global pandemic has the world in a state of confusion, wondering aloud "Who Ate What?". After taking over 50 000 lives and continuing to saw out more victims, the corona virus has left its mark on the 21st century. Proving to be one of the the world's most aggressive contagion, marking an even bigger dent than #WorldWar3, COVID-19 leaves some paranoid,

most fearful and all indoors. But the question still remains “What Is Tuks Doing About It?”

The University of Pretoria has put in place ways and means for students to interact with lectures through ClickUp and are working with network providers to make ClickUp and other student portals free. They are working to accommodate those students that don't have the access to computers this way everyone is included and has a fighting chance in the academic year ahead.

“But What Will Do With All This Time?” Fear not, for we have come up with 5 ways to pass the time.

1. Study. This is not the time for Netflix and Chill its the time to apply yourself, revise all the work you've missed throughout the semester and ask for help when you need it.
2. Make notes. Believe it or not your slides aren't there to fill the space. Make sure you understand what you're reading and if not, feel free to email your lectures if anything doesn't exactly click.
3. Find a hobby. Facts, we could be stuck indoors for the next coming months, as important as academics are, your mental health is as important. From eating to cooking, drawing to YouTube, do anything that gets you out of your own thinking.
4. Rest. Sleeping is a thing. Scientist say that 8 hours of sleep is good for you but yet again, too much of anything is bad for you. Get up in the mornings and sleep in the night, despite popular believes, it is normal.
5. Excise. We understand #winteriscoming but that is no reason let the vetkoek sit. Get up once a day and move. Be it to see if the wall is standing or the sun is where it was suppose to be because #summerbody is only a couple months away.

Events

Orientation week

Preparing for the week was not the as simple as we had initially thought. Turns out we had our work cut out for us. With a group of 110 first years, a speech or two the introduction were made and we were off, exploring the wonders that is Hatfield Campus. From the amphitheatre to the student centre, the first years were ready to take on the

life that is Life At Tuks.

Quiz Night

It being our very first event for the year its quite the miracle that everything ended up coming together quite nicely. Yes some mistakes were made “Who Knew That Popcorn Needed To Be Pre-Popped?” but with luck on our side we managed to pop what needed to be popped and get the show on the road.

With 10 teams of 4 only one could be victorious. Kearabetswe Medupe proved to that she was without a doubt the Fin'est of them all, taking with her our limited edition Fin'est Hoodie.

Stay in touch with us on Instagram @tuks_finest for information about our future events. From Games Night, to Let's Talk Careers we have a lot in store or you.

reach team. It aims to motive students on in both academic and social areas. For more information please email us on finest.upsmtm1@gmail.com.

Valentines Cupcake Sale

Love was in the air in the week of February 14th 2020. Fin'est had a cupcake sale where we sold over 100 cupcakes all in the name of love. The week ended on a love filled note with all high and in love, sharing in Cupids festivities with strawberry covered chocolate muffins in their tummies.

Yes FIN'EST

As you might know Fin'est has its very own Sports team, in collaboration with Yes at Tuks we managed to form a Netball team to represent us among the sporty.
