

HR Tuks

Utilising student potential

Hello I' m Gerhard, I am the vice chairperson and treasurer of HR Tuks. As vice chair I support our chairperson in her activities! We do this by helping to organize events as well as managing members. I also stand in for the chair if she is not able to attend a meeting.

Hi, my name is Déhan Smith and I'm in charge of the Academics and mentorship portfolio. My responsibilities include: academic support of all students in BCom HR with regards to the Students Complaints Protocol, and planning and execution of academic related events to help stimulate students academically. My goal is to guide and support HR

You can't spell HERO without "HR".

Hi, my name is Dirk, I was the head of outreach. The outreach portfolio makes it

HR- the unofficial lawyer, psychologist, event planner, teacher, peacemaker, and detective

Hi, my name is Nonhle Motha and I'm in charge of the Sports & Transformation portfolio. I'm the one who's responsible for organising sports events and reaching out to students with the purpose of helping them to fulfil their needs and to bring change within the university. You know what they say, "To handle yourself, use your head, to handle others use your heart."

Marketing is one of our most important portfolios, where we let everyone know about events and social gatherings.

Hi, I am Angelique Stanley and I am the secretary of HR Tuks. My portfolio consists of admin related work such as writing up agendas and minutes of meetings and ensuring all of HR Tuks' documents are organised and kept safe.

As treasurer I help by getting the funding from toonbank to make payments and provide the needed items for events.

Hi, I'm Kailey Erasmus, chairperson of HR-Tuks for the term 2021/22. Being a chairperson is about managing and leading ec members and, creating and maintaining a good culture within the committee.

As Chairperson this term, I learned so many new skills that include communication, organising, planning and leading.

It was a privilege to work with such a nice community of students in the EMS faculty. My HR-Tuks journey was not only informative, but fun. I gained so much experience for the workplace and it's wonderful knowing that I could make a difference and not only just be a student.
