## ● FEATURE ●

### **Becoming a Certified Internal Auditor:**

The University of Pretoria offers the best support for all its students. With much grace to the internal audit lecturers and staff, we as potential certified internal auditors have a well-defined route. Students aiming to become certified IAs need to take Internal Auditing as a core module at university level. Additionally, students need to obtain an honors degree in internal audits. Furthermore, there are three Certified Internal Audit exams which an individual needs to pass with a 75% for each exam. After passing these three exams, it is important to note that an individual needs a minimum of two years working experience prior to receiving a certificate. A small piece of advice, it is crucial to know that becoming a certified internal auditor needs constant dedication and focus, the working environment is always changing, so keep on grinding to achieve your goals and aspirations.

## RECENT EVENTS:

On 15 March 2022, House IA EC 2021/2022 hosted its first event, a quiz night. The main aim of the quiz was to make House IA known to the 1st years. We hosted 3 rounds, on Kahoot, and the top 3 of each round went on to round 4. Each round had its theme, University of Pretoria, House IA, Music and General Questions. The people who won the first 3 rounds each got a R50 coffee voucher for Vida Caffe and the winner of the final round won a book voucher of R700 from Bookit. The response to the quiz night was great, people showed up and most importantly fun was had, even though it was online. Congratulations to the overall winner Hanro De Beer!

## ● WHO ARE WE ●

House Internal Auditing is a sub-house under Commercii, the Economic and Management Sciences Faculty House of the University Of Pretoria. We are a student society catering for students in BCom Financial Sciences, Own Choice, Informatics and BComHons in Internal Auditing.

### **Vision**

To be a cornerstone for internal auditing students by being a bridge between students and future employers while ensuring that the students have a balanced and extraordinary university experience

### **Mission**

To provide students with the latest information about opportunities and knowledge of the internal auditing industry. We will host relatable and fun events to help students have a balanced, informative varsity life

### **Roles and responsibilities**

To facilitate communication between the students, the faculty class representatives, the UP staff and the EMS Faculty House(Commercii). To assist the EMS faculty with orientation week, open day and any other UP events when needed. To help students, where that assistance is a reasonable request and does not contravene any registered policy of UP.
