## O- WEEK

Orientation week kicked off on the 27<sup>th</sup> of January 2020, The University of Pretoria's Hatfield campus saw over 10 000 first year students for what felt like the first day of Grade 1 for most.

House IA was involved in helping first years find their respective venues, complete their online registration and help with other general queries.

Oweek was a great success!

To celebrate the month of love and Valentine's Day, House IA was sold candy floss on the 13<sup>th</sup> and 14<sup>th</sup> of February.

Because who doesn't love candy right?

The House IA Gazebo saw flocks of students rushing to get their candy fix. This was House IA's trial run event and it was a HUGE success. The profits that were made will be going towards any events that will be held by House IA during the year.

## TEAM BUILDING

On March, 1<sup>st</sup> the team went ice skating at The Grove Mall as a form of team building experience. Upon arrival there were 3 members who could skate properly and the rest could only cling by the walls. It took just a tad bit of team spirit, one collective fall and two “Skating trains” across the rink for every member of the team to leave as a pretty decent skater. We established there that we are quite a winning team.
