A welcoming message from the Vice-Chancellor and Principal

Dear students and prospective students

In 2017, the University of Pretoria (UP) will again welcome about 50 000 contact students to our nine faculties spread across various campuses in the City of Tshwane. This number represents only a fraction of the many applications we receive each year from prospective students from diverse communities who wish to enrol in one of the very wide range of academic programmes offered by the University. These range from medicine, biochemistry, engineering and law, to languages, social sciences, visual design, music, actuarial sciences, accountancy, marketing, business management, and much more.

As one of South Africa's internationally ranked flagship public universities, UP is renowned not only for the wide range of study options it offers students, but, more importantly, also for its unwavering commitment to excellence in teaching and learning. As a result, the University has a well-deserved reputation for producing graduates who are sought after by potential employers and who can make a meaningful contribution to society. Various surveys show that UP qualifications are very highly rated among employers, both locally and internationally, and many of our more than 250 000 alumni are well-known leaders in industry and the public sector. A qualification from UP will ensure that you, too, are well positioned to realise your dreams, aspirations and full potential.

UP is committed to being a university that is engaged with the society it serves. We take pride in being socially responsive, making a meaningful impact on society, and contributing to South Africa's socio-economic development and the advancement of our country, Africa and the world. Producing graduates with the high-level knowledge and skills required to address society's needs, is one of the most important ways in which we can fulfil this critical role, which has become even more significant in the turbulent and challenging circumstances affecting the entire South African higher education sector in recent times.

For these reasons, competition is stiff among top-performing students from South Africa, Africa and further afield to gain admission to study at UP, and it is already a notable achievement if you can count yourself among the successful applicants. Since demand far outstrips available spaces, we cannot offer places to all who apply. Meeting the minimum requirements for a programme does not guarantee admission. Prospective students are therefore encouraged to apply as soon as possible and preferably well in advance of the closing dates.

At UP, we are acutely aware of the potentially life-changing importance of your decisions about what and where to study and the support that is needed to guide and enable your choice. Enabling students from all walks of life to access higher education and ensuring their success once they are in the system, therefore constitute an important focus of our mission and strategic goals.

In order to produce graduates who are also informed citizens able to play a meaningful role as leaders of civil society, we strive to provide a holistic student experience, encouraging all UP students to participate in community-directed projects and experiential learning. UP is known for its dynamic student life and is indisputably the number one university

for sport. In addition to over 30 sports codes, the University offers a range of cultural and social activities and events forming a valuable part of the student experience. There are day houses, faculty houses, and about 100 student societies that cater for diverse social, cultural and sports interests.

This Fact Finder and General Rules and Regulations publication is intended to inform, assist and guide you in making important decisions, whether you are enrolling at UP and entering the exciting new phase of life as a student, or are proceeding with your studies at UP. It contains everything you need to know about the University's faculties, degree programmes, the academic calendar and, importantly, the many student services and amenities we offer. You will find important information on first and advanced bachelor's degrees and University regulations that apply to admission, registration, requirements for admission to examinations and compliance with degree requirements.

Since our primary goal will always be the success of our students, we devote attention, effort and resources to laying the foundation for school leavers to adapt to university life and succeed in their studies, and we have a wide variety of support structures to enable our students to complete their degrees within the designated time periods. Students can consult the Fact Finder for the communication channels to resolve problems they experience with academic as well as non-academic issues, and it also contains the disciplinary code for students as prescribed by the University Council.

As a UP student, you will be assured of a supportive and enabling environment aimed at assisting you to achieve success in your studies and in life. Be sure to explore and experience the opportunities on offer. On behalf of the University of Pretoria, I look forward to welcoming you as a member of our vibrant and diverse UP student community!

- Pay the registration fee at least five days before registration.
- If you are a bursary holder, you are required to provide the Student Accounts Division in the Student Service Centre with a confirmation letter from your sponsor or bursar, at least five days prior to registration, so that UP can record these details in the system and, if applicable, waive the requirement to pay the initial registration fee.
- The proof of bursary must be on an official letterhead, signed by the sponsor and must confirm the total amount of the bursary granted to you, as well as indicate what the bursary amount covers (eg tuition fees, accommodation, meals, textbooks, etc).
- A form to assist the sponsor in defining the bursary amounts, is available on the UP website at www.up.ac.za/fees-and-funding, choose Undergraduate Funding/Related forms and documents/Employer or Other Bursary.
- If the aforementioned proof of bursary is not submitted at least five days before registration, you will have to pay the registration fee before registration.

- Internet transfers should be done at least five days prior to registration.
- Cash payments at a cashier should be done at least two days prior to registration.

In these cases the following will apply:

- Ensure that you are familiar with the correct venue and dates for registration. Refer to your orientation programme for registration and start of the academic year for this information.
- You are not a registered student just by paying the initial fee. You are only a registered student once you have been issued a proof of registration for the year.

- The orientation programme for registration and start of the academic year
- ID and one copy

Student Academic Readiness Survey (STARS)

The Student Academic Readiness Survey® (STARS) measures prospective students' perception of their readiness for university education. Readiness for university education can be defined as the level of preparation a student has in order to succeed at a higher education institution. In addition to academic achievement, the STARS measures (a) academic attitude and needs, (b) motivational factors, (c) background factors, (d) test and exam skills and (e) general wellbeing. The purpose of the STARS is to identify areas where the University of Pretoria could possibly support you. If you agree, a copy of your report will be available to a faculty advisor who will discuss your report with you if you indicate a need for support. It is in your own interest to answer the survey honestly. Please note that this is not an admissions test.

Your personal STARS profile will be available on the UP Portal (UP Student Centre) at www1.up.ac.za within three weeks of completion of the survey. The UP Portal will contain clear instructions for finding your report online, using the following identification detail:

- UP Portal login: Eight-digit UP student number eg u17123458
- UP Portal password: ID (SA citizens) or passport number (non-South African citizens)

Academic literacy of first-year students

An inadequate level of academic literacy can impact negatively on a student's chances of academic success. The University of Pretoria has processes in place through the Grade 12 language marks (English or Afrikaans) or through an academic literacy test to identify students who might need development. Full details will be communicated in the orientation programme for registration and start of the academic year to be distributed to all admitted students in November or December. If you are required to write the test, time will be scheduled in the programme. If your Grade 12 marks (English or Afrikaans) are to be used, Faculty Academic Administration staff will register you for the appropriate programme.

PLEASE NOTE: The Academic Literacy Test does not replace the National Benchmark Test (NBT). For more information on the NBT visit www.nbt.ac.za.

2.4 Student access cards

- The Student Service Centre issues student cards and you may collect your access card from two days after registration until the date on which lectures commence.
- Present your proof of registration in order to obtain a student card. This proof of registration document is emailed to you upon registration and can also be accessed on the UP Portal (UP Student Centre). The Cards Division will accept an electronic version on your smart phone, tablet or laptop.
- A student card will not be issued without proof of identification (ID, passport or driver's licence).
- When students move into a University of Pretoria residence, they are issued a temporary meal card. Residence students must exchange their temporary meal card for a student card at the Student Card Division in the Student Service Centre from two days after registration until the date on which lectures commence. The student card will then be used as a meal card as well as an access card.
- The first student card is issued free of charge. In the event of loss or damage, you may apply for a duplicate card at the Student Service Centre at a cost of R50.
- Lost, stolen or damaged student cards will not be issued without proof of identification (ID, passport or driver's licence).
- Student cards provide access to the campus and various computer facilities and buildings on campus. Keep your student card with you at all times. The student card must be presented upon request and during examinations and tests.

2.5 Discontinuation of studies or modules and changing of programmes and/or modules

- You cannot simply stay away from class or just inform the lecturer that you do not want to continue with your studies, a programme or a module.
- The lecturer is not involved with the administration of such changes.
- Students need to familiarise themselves with the relevant due dates as reflected at www.up.ac.za/fees-and-funding.
- For any enquiries regarding the financial implications of such a decision, contact the Student Accounts Division in the Student Service Centre.
- Students must complete their degree in accordance with the regulations which were applicable when they first registered for a specific field of study or specialisation. If students interrupt their studies or change to another field of study or specialisation, the regulations of the year in which studies are resumed, or in which the new field of study or specialisation is taken, apply.

Changing programmes or withdrawing from modules (registered students)

- If you wish to change or discontinue a module, it can be done on the UP Portal (UP Student Centre) through the registration component.
- If you want to change programmes, complete a form at the Student Administration office of the faculty where you wish to continue your studies. If you wish to discontinue your studies at the University of Pretoria for the current year or

Academic matters/Financial matters

permanently, a prescribed form must be completed at the Student Accounts Division in the Student Service Centre. Failure to do this will result in your account not being closed and fees for the full year being levied. In the event of non-payment, the account will be handed to Legal Services to collect the debt, which may result in blacklisting at credit institutions.

2.6 Academic records

- Registered students may obtain an official academic record from the Student Service Centre at a prescribed fee, however, students are encouraged to use the UP Portal (UP Student Centre) to download a copy.
- Please note that no academic record may be issued to a student without proof of identification (ID, student card, passport or driver's licence).

2.7 Travelling abroad

- Students who intend to travel abroad during recess periods can obtain a letter from the Student Service Centre stating that they are going to return to UP to continue with their studies.
- You must be a registered student to obtain this letter.
- Please note that no letter can be issued to a student without proof of identification (ID, student card, passport or driver's licence).

3. Financial matters

3.1 General financial information: 2017

AIM modules: The cost of AIM modules is not included in the average cost per programme.

Family discount: When two or more dependent children of the same family are registered simultaneously at the University of Pretoria, they may apply for a rebate on tuition fees. The terms and conditions can be found at www.up.ac.za/fees-and-funding.

The 2.5% discount: If the student account is paid in full (ie 100%) by 30 April, a 2.5% discount is applicable. For more information go to www.up.ac.za/fees-and-funding.

Estimates: The University of Pretoria provides undergraduate students with tuition fee estimates in the following ways:

- Estimates are available at <http://estimate.up.ac.za>.
- Estimates do not include AIM modules.
- Tuition fee quotations are available to students as a self-help function. Follow these steps:
 - Login on the UP Student Portal and enter the Student Centre.
 - Under the Finance tab, click on the Student Finances tab.
 - On the next page, click the second Student Finances tab.
 - The fee estimation (quotation) is available there.
 - Use the plus (+) button to add modules or the minus (-) button to remove modules.
 - Click the Generate Quote button. You can then view, save or print the quotation.
 - AIM modules may be added if you need to.

Accounts: All accounts are payable on these dates (30 April: 50% and 31 July: 100%), even if you do not receive an account in the mail. Accounts are available on the UP-Portal (*My TUKS Login>Student Service Centre>Finances>Student Finances>Tuition Account*). The account can be viewed, saved or printed.

PLEASE NOTE: The internet browser must be set to allow pop-ups. The account will be visible in PDF-format. Students can update the portal with an email address where the account can be sent. (*My TUKS Login>Student Service Centre>under Personal and Contact info, click "update account email address."*)

Discontinuation dates: Adding or dropping of modules after registration should be done at your Faculty. Regardless of when a module is added, should you decide to later discontinue said module, the discontinuation costs will be calculated according to the table called "Discontinuation dates," which can be found at www.up.ac.za/fees-and-funding.

Registration fees: The registration fee is **not** an additional amount payable, but forms part of the tuition fees and is an initial payment towards the tuition fees. For more information on registration and cancellations fees, go to www.up.ac.za/fees-and-funding.

Residence fees: For information on residence fees, residence reservation levy, residence cancellation fee and meals go to www.up.ac.za/fees-and-funding and to www.up.ac.za/accommodation.

Fees paid by bursars: Students must submit written proof from the sponsor of the bursary awarded to them prior to registration, otherwise the registration fee will be payable by the student. The final decision regarding the acceptance of a bursary letter rests with the university.

How and where to pay: UP cashiers are available on all our campuses from Mondays to Fridays from 08:00 to 16:00. For EFT payments, please allow at least five working days for payment to reflect on your student account. More information is available at www.up.ac.za/fees-and-funding.

Financial matters

UP banking details: The University of Pretoria's banking details are available at www.up.ac.za/fees-and-funding.

UP Student Portal: The UP Student Portal allows registered students 24/7 access to their account, personal information, academic record, financing applications, discount amounts, amounts payable, payment dates, quotations and meal-money accounts. The UP Finance Department sends out monthly statements, but cannot guarantee the delivery of these statements. The University assumes that students have access to, and use the portal. The importance of this is highlighted to students during orientation during first-year registration. More information is available at www.up.ac.za/fees-and-funding.

3.3 Special offer to academic achievers

The special offer to academic achievers is based on the average percentage obtained in a school examination (refer to the table below). This special offer includes guaranteed awards, placement in programmes and/or residence placement. Please note that the academic average percentage is based on a calculation formula of the University of Pretoria.

Special offer to academic achievers (New first-year students in 2017)							
ADMISSION (based on the examination results with which you apply)		ACHIEVEMENT AWARDS (based on the final school-year examination results)				RESIDENCE PLACEMENT (based on the examination results with which you apply)

PLEASE NOTE: The University of Pretoria reserves the right to amend award values without prior notice.

Criteria

- Undergraduate achievement awards are based on the average percentage obtained (not on the number of distinctions).
- The average percentage is not rounded off.
- Undergraduate achievement awards are made automatically to newly-registered undergraduate students who meet the award criteria. Students do not apply for these awards.
- First-year students who register for studies at UP directly after Grade 12 (their final school-year), or who took a gap year(s) after their final school-year, who meet the award criteria, will be considered.
- Students who have previously registered at a tertiary educational institution prior to registering at UP, will not be considered for an achievement award. Students who registered at UP in previous years, are also not considered.
- Qualifying students must be South African citizens or permanent residents in South Africa, or be citizens of a SADC country.
- The average percentage for award purposes is the average of the actual percentages obtained for all recognised NSC/IEB/Cambridge subjects taken, in their final school-year end examination, based on the calculations done by the University of Pretoria.

Conditions

- Certain subjects are EXCLUDED in the calculation of average percentages:
 - Life Orientation
 - Mathematics Paper 3
 - Additional Mathematics
 - Practical Music Grade 4 and 5 (Note: Practical Music Grades 6, 7 and 8 are considered for inclusion in the calculation of the average percentage. If your music report is not part of your NSC report, please submit your official music report to your faculty's student administration office before 28 January for consideration).
- The awards are finalised on the basis of the final marks that the University receives from the Department of Basic Education for the final school-year. Results obtained for papers that have been re-marked are not taken into account for award purposes.
- Awards are fully repayable if students discontinue or terminate their studies in the relevant programme for whatever reason during the year in which the award is made.
- If students change their programmes during the year in which the award is made, the award value allocated or awarded will not be cancelled or adjusted upward/downward to align it with the consecutive programmes enrolled for.

PLEASE NOTE: Be sure to read about all the various funding opportunities on www.up.ac.za/fees-and-funding.

4. Accommodation

4.1 Accommodation on UP campuses

Residence room fees

Residence room fees are published on www.up.ac.za/fees-and-funding.

Non-compliance with programme requirements

If you no longer comply with the minimum admission requirements of your specific programme, you may not move into a residence, even if a place was previously allocated to you and paid for.

Room changes

- Permission must be granted for a student to move from one room to another. If the correct procedure is not followed, a fine of R300 will be charged and debited to the relevant student's account.
- A *Change of Room* form must be completed. This form can be obtained from the Building Coordinator: Residence Facilities.

6.3 HIV counselling, testing and programmes

The HIV counselling and testing service for UP students is a collaboration of Student Health Services and the Centre for Sexualities, AIDS and Gender (CSA&G). This free service offers students professional HIV testing with pre- and post-test counselling, and is offered both at Student Health Services and at the offices of the CSA&G (the testing service at the CSA&G offices is available to all UP staff members as well). Students who test positive receive medical and emotional support (from the UP Clinic, the CSA&G and the Division of Student Support) and, where necessary, can access antiretroviral treatment at Tshwane District Hospital. All information is treated with the utmost confidentiality.

In addition to the above-mentioned collaboration with Student Health Services, the Centre for Sexualities, AIDS and Gender works closely with the University in its response to HIV, sexualities and gender, engages in research and teaching and runs community projects. It also runs a comprehensive youth leadership and active citizenship programme, Future Leaders @ Work, to equip young people with intellectual curiosity, knowledge, skills and support to address the challenges posed by HIV/AIDS, sexuality and gender in their personal and professional lives, their communities and in broader society. The Centre for Sexualities, AIDS and Gender operates under the intellectual umbrella of the Faculty of Humanities, but works with all UP faculties, with support from a university-wide reference group.

6.10 Study methods and study advice

Study methods

A number of academic development programmes are available to provide assistance to students who lack basic academic skills, such as reading, writing and analytical skills. Since students are drawn from different schooling backgrounds, these programmes aim to close the education gap that exists in the country. The emphasis is on the basic skills required for academic success and development.

Study advice

While the University's primary responsibility is that of preparing students for their entry into the labour market, students who experience uncertainty during the course of their studies regarding their choice of career are assisted.

You may arrange to consult with one of the academic programme consultants at the specific faculty's Student Administration Office or with one of the student advisors at the Student Service Centre. If you prefer professional academic testing, kindly contact the counselling psychologist at the Student Counselling Unit to make an appointment.

10.2 Dining halls and payment of meals

A dining hall (the Klooster Hall beside the UP Chapel) is available on the Hatfield Campus for all students. Payments can be made at the cashiers in the Student Service Centre. This will allow you to book for meals at the dining hall using your student card.

UP has established a new dining hall, TuksMonate, on the Hillcrest Campus. Students need not book meals in advance. Boekenhout, Olienhout, Taaibos and Kollege residences do not have their own dining halls anymore, and students from these residences are all welcome to eat at TuksMonate.

For residence students, an amount is debited in advance against your student account, which can be used for meals at the specific residence's dining hall. Once this amount is depleted, students can pay an additional amount at the cashiers in the Student Service Centre to be used for meals. Residence students may request the Student Accounts Division in the Student Service Centre to transfer money from their residence meal account to the Klooster Hall if they would like to have some of their meals there instead of in the residence dining hall.

There are a variety of restaurants and coffee shops that operate on a cash basis on the different campuses of the University of Pretoria.

10.5 The Department of UP Arts

UP Museum collections

The Department of UP Arts manages and curates the University's museums and 52 diverse art and heritage collections. These collections comprise the largest sculptural, ceramic collection, and art archive in South Africa, and include the national heritage Mapungubwe archaeological gold collection, as well as the only museum conservation laboratory at a university.

The museums continue a rich 108-year-old research tradition, making use of the art and heritage collections that are fundamental for curation, research, training and teaching purposes. The museums serve students and researchers by means of practical classes, collection visits to storage facilities and permanent exhibitions for the public, specialised museum tours and research opportunities for postgraduate studies. The museums also partner with many departments and faculties, scholars and students, as well as with external institutions to encourage collaborative and supportive research, and to provide wider research access to the university collections.

The ceramic collections form the largest part of the museum collections. Consisting of about 7 000 ceramics, it is one of the most comprehensive collections in South Africa. The ceramic collections contain valuable eastern, western, South African as well as other representative ceramics from almost every continent dating from 3 BC to the 21st century. The University is also custodian of one of the largest sculpture collections, comprising 830 sculptures, particularly bronze artworks by artists such as Edoardo Villa, Anton van Wouw and other African sculptors. The University art collection contains over 12 760 artworks, paintings and graphics by well-known South African as well as many international artists.

Music Ensembles

The Department of UP Arts annually manages a large variety of world-class concerts in the many theatres and halls on the campuses of the University of Pretoria to add value to the cultural development of students, staff and the University community at large. Such concerts do not only involve internal UP performers and role-players, but also allow musicians from outside the University to perform to a large diversity of audiences. More than 25 free Leo Haese lunch-hour concerts are presented annually to afford performers the opportunity to perform to a live audience. Free lunch-hour concerts are presented at 12:40 on Thursdays in the Musaion.

Talented students, irrespective of their formal training, are given the opportunity to participate in making music through ensembles and choirs such as Tuks Camerata, UP Ovuwa Cultural Ensemble, the UP Symphonic Winds (UPSW) and the University of Pretoria Symphony Orchestra (UPSO).

The Onderstepoort Community Choir (OPCC), UP Youth Choir (UPYC), UP Jacaranda Children's Choir (JCC) and UP Brass Band are also affiliated to UP Arts.

Policies

Section 2: Policies

General rules, requirements and information

Every student is required to familiarise him-/herself with all relevant procedures, regulations, rules and instructions of the University.

PLEASE NOTE: Ignorance of the procedures, regulations, rules and instructions will not be accepted as an excuse in the case of transgressions.

A. Disciplinary code for students

(Rules prescribed by the University Council)

PREAMBLE

The University of Pretoria's Disciplinary Code: Students is based on, and informed by, the principles of academic integrity and honesty, as well as appropriate behaviour within the wider institutional context. These principles are at the core of the University's everyday activities and its main reason for existence, namely the academic education and training of students, as well as the fostering of norms and values of excellence in a wider sense. The Code recognises the fact that the safeguarding of the aforementioned principles is an inherent requirement for the preservation of the integrity of the various qualifications awarded by the University. Safeguarding such principles is essential for establishing and maintaining an environment that is conducive to sound academic practices in general, and contribute to shaping individuals who will add value to society.

The Code provides for corrective and punitive measures to be applied in appropriate circumstances. It aims to provide guidance to students to correct behaviour where necessary. Furthermore, the Code promotes the fair and lawful adjudication of disciplinary enquiries and the imposition of appropriate disciplinary measures.

A specific objective of the Code is to, in the interest of both students and the University, initiate and finalise all disciplinary proceedings as speedily as possible without undue delay.

In terms of this Code the University shall implement all reasonable measures to protect the interests of students, staff members, contractors and members of the public, on all its campuses or other premises. The Code also has as its objective the promotion and protection of the interests of the University as an educational institution.

The Code is not intended to be a comprehensive set of rules and regulations that makes provision for every possible objectionable and punishable act by a student, and as such, the rules and regulations below will not be assigned an overly literal or strict interpretation. Consequently, when evaluating the conduct of a student to determine whether such conduct amounts to misconduct, and/or when considering whether the specific conduct of a student is covered by a specific rule or charge, the determining factor shall at all times be the misbehaviour or wrongdoing such a rule or regulation is aimed at.

1.2 PROCEDURE IN CASE OF MISCONDUCT

1.2.1 General

- 1.2.1.1 In the event of an alleged transgression of this Code a charge of misconduct shall be laid with the Office of the Registrar.
- 1.2.1.2 The Registrar is not obliged, but reserves the right to, at any time inform the parent/s or legal guardian of a student (notwithstanding the student having reached the legal age of majority), of any disciplinary investigation and/or proceedings conducted against the student in a manner which the Registrar deems appropriate under the circumstances.
- 1.2.1.3 If the student is a minor, the student's parent/s or legal guardian will be informed of the proceedings and may attend the proceedings. An agreement entered into with a student who is a minor, will be done with the assistance of his or her parent/s or legal guardian.
- 1.2.1.4 The Registrar may appoint a University staff member (full-time or part time) or a person from outside the University with appropriate legal qualifications, who may act as an initiator in proceedings before the Disciplinary Committee (Students).
- 1.2.1.5 If the Registrar is of the opinion that a formal charge of misconduct against a student is warranted, the Registrar may have such a charge formulated.

1.2.2 Expedited informal procedure

- 1.2.2.1 The Registrar may in his or her personal capacity, at his or her discretion, investigate a complaint, finalise the matter and impose a penalty by agreement with an alleged transgressor, in an expedited manner, or refer a charge of misconduct for investigation.
- 1.2.2.2 The Registrar may impose a penalty as is provided for in paragraph 1.3.1.2 and summarily dispose of the matter. In the event that any other penalty provided for in paragraph 1.3 is agreed upon, the agreement between the Registrar and the student must be confirmed by the Disciplinary Committee (Students).

Policies

student from a residence or deny a student access to any or all University-controlled premises pending the results of a disciplinary investigation.

- 1.2.3.2 The Registrar is entitled to act in the manner set out above if he or she is of the opinion that it is reasonably necessary in order to protect the interests of the student involved, other students, contractors, staff members, members of the public and/or the University.
- 1.2.3.3 The student shall be entitled to make verbal representations to the Registrar should he or she be of the opinion that the grounds referred to in paragraph 1.2.3.1 above do not exist or do not justify his or her temporary suspension, or that compelling additional circumstances exist that should be considered.
- 1.2.3.4 The Registrar shall consider the aforementioned representations and exercise his or her discretion in a fair and just manner, taking into account all the relevant circumstances.
- 1.2.4 Formal plea and penalty procedure
 - 1.2.4.1 In the event that a charge or charges have been formulated against a student, and the student –
 - a. freely and voluntarily admits the charge/s against him or her;
 - b. has been given the opportunity to make representations to the Registrar on the appropriate disciplinary measures and relevant aspects; and
 - c. has freely and voluntarily entered into a plea and penalty agreement with the University;
 the Registrar may take disciplinary steps against the student in accordance with paragraph 1.3.
 - 1.2.4.2 The charge, admission of guilt and disciplinary measures imposed shall be noted and recorded by the Chairperson of the Disciplinary Committee (Students), in the presence of the student, or the student and/or his or her parent/s or legal guardian, or the student and/or his or her qualified and practising legal representative. A judge from the Constitutional Tribunal may attend the proceedings as an observer as envisaged in paragraph 1.4.4.
 - 1.2.4.3 The Chairperson of the Disciplinary Committee (Students) may, should it at any time before the student is found guilty appear that the student wishes to revisit his or her decision regarding the plea and penalty agreement or wishes to make further representations, remit the matter to the Registrar for further consideration.
 - 1.2.4.4 The Chairperson of the Disciplinary Committee (Students) may, if appropriate, remand the matter for purposes of a formal disciplinary proceeding and/or formal submissions in mitigation and aggravation on behalf of the student and the University respectively. The matter shall then be reconvened and an initiator appointed in accordance with paragraph 1.2.1.4.
- 1.2.5 Formal disciplinary procedure
 - 1.2.5.1 If charges against a student have been formulated as envisaged in paragraph 1.2.1.5 and the student denies the charge/s against him or her, the Registrar may convene a disciplinary investigation by the Disciplinary Committee (Students). The Committee will determine whether the student is guilty of the alleged misconduct and decide on disciplinary measures in accordance with this Code.
 - 1.2.5.2 The written charge shall be compiled and delivered to the student concerned. In the document the student shall be summoned to appear at the specific date, time and venue stated in the document in order to answer to the charge.
 - 1.2.5.3 A student shall be entitled to be accompanied by his or her parent/s or legal guardian and/or qualified and practising legal representative during the disciplinary proceedings. This third party will be allowed to provide general support to the student, but shall not act as a legal representative.
 - 1.2.5.4 Should the student decide to retain the services of a qualified and practising legal representative, such services shall be retained entirely at his or her discretion and at his or her own expense. The name and contact details of such legal representative must be submitted to the Registrar prior to the date of the disciplinary proceedings. Neither the University nor the student shall, during the course of a disciplinary proceeding, have any claim against each other pertaining to the costs incurred by a party in respect of legal representation.
 - 1.2.5.5 The procedure followed during any particular disciplinary proceeding shall be determined by the Chairperson of the Disciplinary Committee (Students), taking into account the rules of fair administrative justice. The aforementioned proceedings shall include that the student –
 - a. is provided with sufficient details of the charge/s against him or her;
 - b. is afforded reasonable time to prepare for the proceedings;
 - c. does not have to incriminate himself or herself;
 - d. is asked whether he or she understands the charge/s and is requested to enter a plea of guilty or not guilty to the charge/s;
 - e. is permitted to call witnesses to give evidence in his or her favour;
 - f. is allowed to cross-examine anyone who gives evidence against him or her;
 - g. is allowed to present his or her case to the Disciplinary Committee (Students);
 - h. is allowed to address the Disciplinary Committee (Students) on any relevant aspect;
 - i. is allowed to present mitigating circumstances if found guilty of any charge/s against him/her;
 - j. is entitled to be informed of any further internal processes (any possible appeal), which he or she may pursue and the possible consequences or results of such processes; and
 - k. is upon request, provided with written reasons for any decision made by the Disciplinary Committee (Students).

Policies

- 1.2.5.6 The Disciplinary Committee (Students) shall keep minutes of the proceedings or ensure that such minutes are kept in a manner that it deems appropriate.
- 1.2.5.7 If so requested in writing by a student who has been found guilty of any charge, the Disciplinary Committee (Students) must furnish written reasons for its decision and/or disciplinary measures imposed within a reasonable period after such request has been made. After submission of the mentioned written reasons, the Disciplinary Committee (Students) will have fulfilled its function.

1.3 PENALTIES

- 1.3.1 Upon finding a student guilty of misconduct and having heard evidence in mitigation, the Chairperson may impose any one of, or a combination of the following penalties:
 - 1.3.1.1 reprimand the student;
 - 1.3.1.2 temporarily or permanently deprive the student of any right or privilege associated with his or her registration as a student at the University;
 - 1.3.1.3 impose a fine not exceeding the amount determined from time to time for this purpose by Council, and/or order the student to pay an amount which amounts to the actual damage caused by the student and/or to reimburse any other party for damages suffered;
 - 1.3.1.4 compel the student to perform community service within the University for a specified number of hours as are deemed to be reasonable given the nature and seriousness of the transgression and the evidence presented to the Committee;
 - 1.3.1.5 deny the student the right or privilege to register for a particular module, or revoke a credit obtained in a module;
 - 1.3.1.6 suspend the student's registration for a specified period;
 - 1.3.1.7 permanently expel a student from the University;
 - 1.3.1.8 deny the student the privilege of re-registering as a student at the University; and/or
 - 1.3.1.9 suspend the awarding of any degree, qualification and/or other award pending the finalisation of any disciplinary proceeding or the expiry of any suspended penalty, or receipt of payment, or compliance with any disciplinary measure or penalty;
- 1.3.2 The Chairperson may suspend any of the above penalties wholly or in part on condition that the student adheres to or complies with any measure imposed, which is designed to correct behaviour, educate students and/or act as incentive to modify behaviour.
- 1.3.3 If an appeal against a decision of the Disciplinary Committee (Students) is lodged in terms of paragraph 1.5, the Chairperson may, in appropriate circumstances, suspend any disciplinary measure imposed by the Committee pending the result of the appeal.

1.4 DISCIPLINARY COMMITTEE (STUDENTS)

- 1.4.1 The Disciplinary Committee (Students) consists of one member, namely the Chairperson, provided that an additional member may be co-opted as envisaged in paragraph 1.4.2. The Chairperson shall be appointed from the ranks of the following categories of persons:

 - 1.4.2.1 an academic staff member of the University in the case of academic matters; or
 - 1.4.2.2 a staff member of the University, who may be an academic or non-academic staff member, in the case of all other matters; and should any dispute arise as to whether a staff member is an academic or non-academic staff member, the matter shall be decided on by the Chairperson.
- 1.4.3 The staff member referred to in paragraph 1.4.2 shall contribute his or her expertise as is appropriate and be included in all deliberations of the Disciplinary Committee (Students), but shall not have a vote in regard to the finding.
- 1.4.4 The Constitutional Tribunal may appoint a registered student of the University from the ranks of the serving Constitutional Tribunal Judges, as defined in the University of Pretoria Constitution for Student Governance, to act as an observer during the course of any disciplinary proceedings. Such a Constitutional Tribunal Judge must be of good academic standing and be at least at a third-year level of study. The Constitutional Tribunal Judge shall make contributions to the proceedings as are appropriate and be included in all deliberations of the Disciplinary Committee (Students), but shall not have a vote in regard to the finding.
- 1.4.5 If there are no appointed Constitutional Tribunal Judges or no appointed judges are available, any disciplinary proceeding may lawfully continue without representation from the ranks of the judges of the Constitutional Tribunal.
- 1.4.6 Disciplinary proceedings (which shall include the appeal procedure) are of a strictly confidential nature and shall be treated as such by all the parties present or otherwise involved with the relevant proceedings. The aforesaid confidentiality obligation shall extend to any documentation utilised or information disclosed. The University reserves the right to obtain a written undertaking of confidentiality from any relevant party.

 - 1.5.1.2 The written Notice of Appeal shall be lodged with the Registrar not later than 10 (ten) days after the decision of the Disciplinary Committee (Students) has been communicated to the student. The Notice of Appeal shall be accompanied by an amount not exceeding R2 000 (Two Thousand Rand) or another amount as determined by Council from time to time, which shall serve as part payment for costs related to the appeal: provided that in deserving cases the Registrar may lower the amount payable or waive the payment at his or her discretion.
 - 1.5.1.3 The grounds of appeal must be furnished in detail in the Notice of Appeal and must indicate clearly whether the appeal is lodged against the finding and penalty or only the penalty.
 - 1.5.1.4 On receipt of the Notice of Appeal, a copy thereof shall be submitted to the Chairperson of the Disciplinary Committee (Students), whereupon the Committee shall prepare a response to the grounds of the appeal within a reasonable time and submit it to the Registrar.
 - 1.5.1.5 The Registrar shall then arrange for the appeal to be heard as soon as possible by the Appeals Committee of Senate.
 - 1.5.1.6 The Appeals Committee of Senate may confirm, alter or set aside the finding and shall be entitled to suspend, increase or reduce any penalty and/or disciplinary measure imposed. Should the Appeals Committee of Senate set aside the finding and/or disciplinary measures imposed by the Disciplinary Committee (Students), or reduce the disciplinary measures imposed on the student, the amount paid by the student in accordance with paragraph 1.5.1.2 above shall be refunded.

1.7 GENERAL

- 1.7.1 If a student refuses or fails to attend a disciplinary hearing, the hearing may be continued in his or her absence in a manner which the Disciplinary Committee (Students) deems appropriate, taking into account all the relevant circumstances.
- 1.7.2 If the student elects to retain the services of a legal representative, it is the student's responsibility to ensure that such a representative is reasonably available and present at the proceedings. Should the matter be delayed in an unreasonable manner by a legal representative, the Chairperson may in his or her discretion decide to proceed with the matter in the absence of the legal representative.
- 1.7.3 If a student's misconduct also constitutes a breach of any professional or ethical code of a profession he or she is preparing to enter, the University shall provide this information to such profession upon request by the relevant professional body. The consent of the relevant student shall be obtained in this regard.
- 1.7.4 In the event that a student is found guilty of a transgression of a serious nature which also constitutes a criminal offence, the University is entitled to, and in certain circumstances obliged to, in addition to any internal proceedings instituted, report the matter to the South African Police Service.
- 1.7.5 Any reference to the Registrar of the University in this Code shall, unless specifically stipulated otherwise, include his or her delegated representative authorised to act as such with regard to all aspects set out in the Code.
- 1.7.6 If the Vice-Chancellor and Principal is of the opinion that the circumstances of a specific case warrant it, he or she may perform some or all of the actions performed by the Registrar in terms of the Disciplinary Code (Students) or, alternatively, he or she may, in accordance with section 68(3) of the Higher Education Act, 101 of 1997, as amended, delegate the authority to perform these functions to another staff member of the University.
- 1.7.7 Nothing in this document shall prohibit the Council of the University from promulgating specific disciplinary codes and procedures for regulating conduct in residences or in other units within the University where it is regarded as necessary by the Council. Such disciplinary codes and procedures, where applicable, shall operate in a concurrent manner with the Disciplinary Code (Students), within the specific framework of jurisdiction afforded to it by the Council.

Policies

B. Sexual harassment and racial discrimination (Please be advised that his policy is currently under revision.)

In terms of its Code of conduct on the handling of Sexual harassment and its Policy on Unfair Discrimination on the basis of Race, the University of Pretoria strives towards creating a living and study environment for each of its students that is non-sexist, non-racist and non-discriminatory.

Disciplinary steps can be taken against students who commit acts of sexual harassment and/or unfair discrimination on the basis of race. Upon conviction, such students can be expelled.

Sexual harassment is unwelcome conduct of a sexual nature that violates the rights of a student and constitutes a barrier to equity within the University community, while unfair discrimination on the basis of race impairs a student's right to a non-discriminatory, non-racial study or living environment.

The procedures to be followed by a complainant to report cases of sexual harassment and unfair discrimination on the basis of race are set out the University's policies and can be illustrated as follows:

Non-compliance with rules and regulations

1. A student's non-compliance with the rules and regulations of the University may constitute misconduct and will be dealt with in terms of the Disciplinary Code: Students. Whilst a disciplinary investigation against a student is in process a block is activated against the name or record of the student concerned. This block will limit a student's access to his or her academic record and will indicate which division or department should be contacted.
2. A student's non-fulfilment of his or her financial obligations towards University does not constitute misconduct as intended in the disciplinary code and procedures of the University. However, the University reserves the right to:
 - a) levy interest on unpaid amounts at an interest rate equal to that of the prime rate of the University's bankers as of 1 February of the year concerned, and to hold the student responsible for such amounts;
 - b) withhold a student's final marks;
 - c) refuse registration for a following term;
 - d) deny admission to examinations;
 - e) deny admission to lectures/practical sessions;
 - f) deny the student a certificate of conduct;
 - g) withhold a student's academic record;
 - h) withhold a student's degree/diploma certificate;
 - i) deny the student admission to accommodation in a residence;
 - j) deny him/her access to meals in a residence;
 - k) terminate the student's accommodation in a residence;
 - l) have the debt listed with a credit bureau; or
 - m) hand the account over to the University of Pretoria's attorneys or debt collectors in order to collect the outstanding fees, in which case the student will be liable for the costs incurred.

PLEASE NOTE: Non-compliance with a student's financial obligations does not deprive the student of his/her right to perusal of examination scripts in terms of General Regulation G.14.

Policies

C. Language of tuition

The University of Pretoria's language policy is currently under revision. The current language policy as stated below will remain in place until any changes to this policy are officially approved.

In conducting its business, the University uses two official languages, namely English and Afrikaans. In formal education the language of tuition is either English or Afrikaans, or both of these languages; provided that there is a demand and that it is academically and economically justifiable. However, it remains the student's responsibility to ascertain on an annual basis in which language a module and any further level of that module is presented. In respect of administrative and other services, a student has the right to choose whether the University should communicate with him or her in English or Afrikaans. Where the University has the capacity, Sepedi is used as an additional language of communication.

General Rules

Section 3: General Rules

Examinations, tests and other academic assignments

Students also need to familiarise themselves with the General Regulations applicable to examinations and related matters. Please also take note of the relevant faculty-specific policies on examinations in the respective faculties.

Registration for examinations

At the beginning of the year, a student indicates on his or her registration form in which modules he or she will be writing examinations. If, however, the student later decides not to write an examination in a module(s), he or she must inform the Student Administration of the faculty concerned accordingly.

Admission to examinations

1. A student is admitted to an examination in a module only if he or she has prepared him- or herself satisfactorily through the proper execution of the work, and subject to other faculty stipulations has obtained a semester/year mark of at least 40%, provided that for all first-semester modules at the 100-level a student must obtain a semester mark of at least 30% in order to be admitted to the examination in the module in question.
2. In the calculation of the year mark, performance in tests and the satisfactory execution of assignments (tasks) are taken into consideration.
3. It is therefore essential that a student attends classes regularly, writes all tests and completes all work assignments. A student who, as a result of unforeseen circumstances, is prevented from attending classes, writing tests or completing assignments on time, should contact the lecturer(s) concerned without delay in order to make alternative arrangements. Neglect to do so could result in admission to the examination being denied.
4. In the event of illness, a valid and acceptable medical certificate must be submitted to the Student Administration concerned, in addition to making arrangements with the lecturer(s) concerned.
5. The names of students who have not been admitted to examinations are announced by the various departments on the last day of lecturing by means of name lists placed on the departmental notice boards. Students must personally ascertain whether or not they have been admitted to an examination in a particular module.

GENERAL INSTRUCTIONS

1. Students are obliged to identify themselves positively by means of a valid student card when writing a test or examination. No access to the test or examination venue will be allowed without a valid student card.
2. No person may pretend to be a registered student and/or write a test or examination on behalf of a student.
3. No student may enter the test or examination venue later than half an hour after commencement of a test or examination session. No student may leave the test or examination venue earlier than half an hour after commencement of a test or examination session. In the case of computer-based assessment, a student may not enter the venue after the punctual commencement of the test or examination session.
4. Students must obey all the instructions given by an invigilator immediately and strictly.
5. Except as indicated in paragraph 6, students may not bring into the test or examination venue or have in their possession any of the following:
 - bags (satchels)
 - handbags
 - pencil cases or bags
 - unauthorised apparatus
 - books
 - electronic means of communication or similar devices
 - cellular phone watches (smart watches) or cellular phones (cellular phones may not be used as a substitute for calculators)
 - any piece of paper, no matter how small
 - notes of any nature whatsoever.

Mere possession of any of the aforementioned, irrespective of whether the student acted intentionally or negligently or innocently, is regarded as a serious transgression of the rules and subsequently as serious academic misconduct. It remains the student's responsibility to verify, prior to the commencement of a test or examination, that none of the aforementioned items are in his or her possession.

6. Satchels (book bags) and handbags may be kept with a student, provided that such bags are closed and placed under the student's chair. All books and study material must be stowed away in the closed bag. The student may not open or handle such bag at all during the test or examination session. If study material and/or notes (belonging to a student), are found under the seat or desk, or are visible to the student to such an extent that they could possibly assist the student, such student shall be regarded as being in possession of prohibited, unauthorised material. Electronic devices such as cell phones and tablets must be switched off and placed inside the bag, which is to be closed and to be kept under the student's chair. In the absence of a bag a student must switch off his or her cell phone or tablet or any other device and place it on the floor under his or her chair and out of the student's line of sight. These devices may not be kept on the person of the student and may not be switched on or handled by the student during the test or examination session.

General Rules

7. Students are responsible for providing their own writing material (stationery), apparatus and other material in accordance with the requirements and specifications or instructions set by the lecturer concerned. Mutual exchange of such items will not be allowed.
8. It is important that the surname, full names and signature of the student are provided in the relevant space on the test or examination answer script. If so preferred by the student, this information may be treated as confidential by folding and sealing the top portion of the examination or test answer script. The covered portion may only be opened by the examiner if the student number is incorrect or illegible. All scripts must be completed in indelible ink. Scripts completed in pencil or erasable ink will not be marked and the writer (student) will not qualify for an additional evaluation opportunity (test/examination).
9. Once the invigilator has announced the commencement of the test or examination, all conversation or any other form of communication between students must cease. During the course of the test or examination no communication of any nature whatsoever may take place between students.
10. No student may assist or attempt to assist another student, or obtain help, or attempt to obtain help from another student during a test or examination.
11. Students may not act dishonestly in any way whatsoever. Dishonest conduct includes, but is not limited to:
 - dishonesty with regard to any assessment, whether it be a test or an examination, or with regard to the completion and/or submission of any other academic task or assignment;
 - plagiarism (using the work of others as though it is your own without acknowledging the source);
 - the submission of work by a student with a view to assessment when the work in question is that of someone else either in full or in part, or where it is the result of collusion between the student and another person or persons. The exception is group work as determined by the lecturer concerned.
12. Writing on any paper other than that provided for test or examination purposes is strictly prohibited. Students may also not write on the test or examination paper, except in the case of fill-in and multiple-choice question papers.
13. Rough work should be done in the test or examination answer script and then crossed out. No pages may be removed from the test or examination answer script.
14. Smoking is not permitted in the test or examination venue, and students will also not be permitted to leave the venue during the test or examination for this purpose.
15. Only in exceptional circumstances will a student be given permission to leave the test or examination venue temporarily, and then only under the supervision of an invigilator.
16. Students may not take used or unused answer scripts from the test or examination venue.
17. As soon as the invigilator announces during a test or examination that the time has expired, students should stop writing immediately. In the case of computer-based assessment students are automatically stopped from working on the computer when the login time expires.
18. Students may bring their own watches to the test/examination venue; however, smart watches will not be allowed.

PLEASE NOTE: Students should take note that, if found guilty of academic misconduct or non-compliance with these rules, a student could, among other disciplinary measures, forfeit his or her credits for a module and/or be suspended from the University for a period that could range from one year to permanent suspension. Such a student's record will be blocked for the period of suspension and he or she will not be entitled to a certificate of good conduct from the University during this period. Students should also take note that, if found guilty of academic misconduct, it may negatively influence their admission to other universities and/or registration with professional councils.

Announcement of examination results

Examination results will be made available in the following manner:

- MTN telephone number 083 123 11
- Results can be viewed on Student Self Service at www.up.ac.za/portal.

Re-marking of examination scripts

Re-marking of examination scripts are allowed subject to the following conditions:

- a) A written application for re-marking of an examination script must be submitted within 14 calendar days after the commencement of the ensuing semester at the office of the Head of Student Administration.
- b) The mark(s) awarded after re-marking will be the final result(s), even if it is lower than the original mark(s).
- c) The fee for re-marking **each individual script** is R330. The fees for re-marking of modules consisting of papers one and two are therefore R660. The money should be paid at the cashiers at the Student Service Centre before the application will be considered.
- d) Should the re-marking result in a pass mark, the student concerned may be refunded the appropriate amount.
- e) Students will not be entitled to an additional supplementary examination by virtue of marks awarded to them as a result of re-marking.
- f) Re-marking results will be made known as soon as possible.

General Rules

Conducting of examinations and tests on Saturday

Due to its extensive test and examination programmes, the University is compelled to conduct some tests and examinations on Saturdays. It is therefore not practicable to accede to requests for special tests and examinations that are exclusively intended to substitute programmes scheduled for Saturdays.

Cancellation of lectures and tests

The attention of lecturers and students is drawn to the fact that lectures may not be cancelled with a view to preparations for Rag or any other activity. However, on the recommendation of Senate, Council has decided to request lecturers not to schedule examinations and tests

- (a) from the Wednesday of Rag Week until the first Tuesday after Rag Week;
- (b) on Spring Day and the day thereafter; and
- (c) on the Saturday on which an Intervarsity takes place.

General requirements

PLEASE NOTE: It is the responsibility of all students to familiarise themselves with the General Regulations of the University, as well as faculty-specific regulations, and the procedures, rules and instructions pertaining to study in any Faculty. Ignorance of the applicable regulations, rules and instructions, or the wrong interpretation thereof will not be accepted as an excuse for not complying with the stipulations of such regulations, rules and instructions.

Admission – General

Any person who wishes to register at the University for the first time, or after an interruption of studies, should apply or reapply for admission. Prospective students must ensure that their applications reach the University before the closing date specified for the programme.

Students for distance education may apply for admission at any time during the year. However, they must apply before 1 September to write examination in April of the following year, or before 1 March to write examination in October of the same year. No late registrations will be accepted.

Due to constraints on the University's facilities, there is a limit to student enrolments in all programmes. Meeting the minimum requirements of a programme, specified in the brochure, may therefore not be sufficient to ensure admission. Prospective students are therefore encouraged to apply in good time.

Number restrictions

If limited human resources and/or facilities are available, number restrictions will be applied. Senate may also limit the number of students allowed to register for a programme, in which case the Dean concerned may, at his discretion, select from the students who qualify for admission, those who may be admitted.

Statement of symbols

When registering at this University for the first time, a candidate has to submit a record of symbols obtained for each subject in the Grade 12 examination. In certain faculties, candidates who studied at other tertiary institutions and postgraduate students have to submit an official academic record.

Presenting of National Senior Certificate

All undergraduate candidates who enrol at the University of Pretoria for the first time, must show their original National Senior Certificate or certificate of complete exemption from the Matriculation Board, HESA at the Student Administration of their faculty before the end of the first semester (in the Faculty of Law before the end of October and in the Faculty of Veterinary Science before the end of August).

Academic information management

The University of Pretoria requires all undergraduate first-year students to complete the AIM module/s, Academic information management, unless other regulations apply to a specific programme. Please see the applicable degree programme for more information.

Details regarding the module/s can be found in the list of modules.

Application of old and new regulations

(Also consult General Regulation G.5)

Students must complete their degree in accordance with the regulations which were applicable when they first registered for a specific field of study or specialisation. If students interrupt their studies or change to another field of study or specialisation, the regulations of the year in which studies are resumed, or in which the new field of study or specialisation is taken, apply.

Registration for a particular year of study

(Also consult General Regulation G.2)

At the beginning of an academic year, a student registers for all the modules he or she intends taking in that particular year (whether these are first-semester, second-semester or year modules) in accordance with the rules governing the programme the students

General Rules

wish to register for. Changes to the selection of modules may be made at the beginning of the second semester with the Dean's approval. A student may only register for modules that will fit in on the lecture, test and examination timetables.

Application for reregistration can be refused on the grounds of poor academic performance in the previous year.

If a module or programme does not attract enough registrations in order to be presented economically, the Dean may decide to withdraw it. The affected students will be informed in time to enable them to register for an alternative module or programme.

Please note:

- Should a student in the **Faculty of Theology** interrupt his/her registration for the undergraduate programme and it is not renewed within four years of the first registration, the credits obtained will no longer be valid. The student should repeat the modules already passed.
- On successful application for a **distance education** programme a student will be registered for the complete programme.
- Should a student in the **Faculty of Natural and Agricultural Sciences** be prepared to attend one module after hours to avoid clashes on the timetables, the approval of the Dean is not required. (This will only be possible if the module in question is offered full-time and extramurally). A student is allowed to register for the next year of study only if at least the equivalent of four semester modules have been passed in a particular year of study.
- Students in the **Faculty of Humanities** who register late must peruse the general regulations that govern late registration in the Faculty. A student who wishes to select modules to the value of more than 180 credits per year, needs to obtain special permission from the programme manager/coordinator.

Registration for and cancellation of modules

Final cut-off dates are set for the change of modules (removing or adding) for each academic year. The cut-off date for cancellation of modules in the first and second semesters will be communicated to students by means of notices on the notice boards and announcements in the classes as well as in the calendar of the University and the timetable book. Students will not be allowed to cancel any module at a later date and lecturers/administrative staff will not supply any letters in this regard after the deadline.

A student may not register for a module of a subsequent year if a timetable clash occurs with a module of a previous year which has not yet been passed and which is prescribed for his or her field of study, unless exemption is obtained from class attendance in the latter module.

Should a student register for second semester modules at the beginning of a year of study, and it becomes evident at the end of the first semester, that he or she does not comply with the prerequisites of the second-semester modules, the registration of such modules will be cancelled. It is also the student's responsibility to ensure at the beginning of the second semester that the cancellation has been done.

Concurrent registration for two fields of study

With the permission of the dean/deans concerned, a student may register for a degree, diploma or certificate and another degree, diploma or certificate, whether undergraduate or postgraduate, simultaneously, subject to the regulations applicable to the fields of study in question and to any other stipulations the dean/deans may prescribe on the condition that there shall be no overlap in the course content of the first degree, diploma or certificate and the second degree, diploma or certificate. Such a concession may be withdrawn by the dean/deans concerned if the student does not perform satisfactorily.

Termination of studies

A student who decides to terminate his or her studies during the course of the academic year, must notify the University **in writing** and the notification (on the official form) of the termination of studies must be handed in at the accounts consultants at the Student Service Centre. All changes of modules must be done in writing at the relevant student administration.

The date on which the University receives the notification from the student will be considered to be the date on which studies are terminated. The burden of proof for the termination of studies or modules rests with the student.

If a student terminates his or her studies after the first Tuesday in June, or notice to this effect is received by the University after this date, the student shall be considered to have registered for the full academic year and to have failed. It is therefore in the interest of the student to notify the University without delay that he or she is terminating their studies.

Modules from other faculties

A student who follows a module which is presented in another faculty, must acquaint him/herself and comply with the admission requirements of the module in question, sub minima requirements for tests/examinations, supplementary examination periods, etc

Credits for modules passed by unregistered students

There are students who attend lectures, write tests and examinations and in this manner earn "marks", but have either not registered for modules/or even as students at all. These marks will not be communicated to any student before he/she has provided proof of registration. A student cannot obtain any credits in a specific academic year for a module "passed" in this manner during a previous academic year and for which he/she was not registered. This arrangement applies even where the student is prepared to pay the tuition fees.

Degree with distinction

Weighted averages (GPA), together with other faculty-specific criteria if applicable, are used at UP to calculate averages for the determination of distinctions.

General Rules

Plagiarism

Plagiarism is when you present someone else's ideas – published or unpublished – as if they were your own. Other people's ideas may be contained in written text (journal articles, textbooks, etc), visual text (graphics, photographs, etc), multimedia products (web sites, media productions, etc), music (compositions, lyrics, etc), and spoken text (speeches, lectures, etc). Plagiarism is a serious offence and a student could be charged with misconduct which could lead to suspension from the University. For further information on plagiarism visit the following web site: www.ais.up.ac.za/plagiarism/index.htm

Agreement for postgraduate study

An agreement between the student and the supervisor should be signed at the commencement of postgraduate study. The document serves as the basis for the interaction between the student and the supervisor. It indicates their individual roles, responsibilities and expectations and makes it clear that they are entering into a binding undertaking with each other.

Leave of absence

If it is impossible for a registered student at the University of Pretoria to continue with his/her studies/research in a specific year, but he/she intends to continue in the following year, the student must apply in writing to the dean of the relevant faculty for **leave of absence**. The application must include: full names, student number, address, reasons and period for leave of absence, for example the whole year, first semester (January to June) or second semester (July to December), name of supervisor (where applicable), and the student's intentions for the period after his/her leave of absence. However, in accordance with the policy of the University of Pretoria, leave of absence is not granted for more than two years. Any outstanding fees should be paid in full upon the student's return from his/her leave of absence.

General information

Residence accommodation

The application form that is completed for admission to a programme at the University of Pretoria has a specific section that must be completed for residence accommodation. These forms are available as from March of the previous year. The Student Service Centre can be contacted if a student decides to apply for residence accommodation if this application form has already been handed in. Unfortunately accommodation cannot be guaranteed as the demand for University accommodation by far exceeds the places that are available. Admission to a programme does not also automatically ensure residence accommodation.

PLEASE NOTE: Allocation of accommodation in the residence at Onderstepoort (Faculty of Veterinary Science) will only be confirmed after admission to the BVSc programme or the Diploma in Veterinary Nursing. Details concerning accommodation fees are available on request. Due to the high demand for accommodation in the Onderstepoort residence, preference will be given to BVSc students from the second year of study onwards as well as first-year diploma students.

Application for accommodation in the Onderstepoort residence should be submitted as part of the online application as from 1 March of the preceding year of study. A number of places will be reserved for students in the first year of the BVSc programme who are already using residence accommodation at the Hatfield Campus.

Students registered for Distance Education programmes are responsible for arranging their own transport, accommodation and food during contact sessions and examinations.

Changes to regulations and fees

The University reserves the right to amend regulations and syllabi where necessary and to change module fees without prior notice.

PLEASE NOTE: The fees advertised and thus levied in respect of a module or programme presentation represents a combination of the costs associated with the formal services rendered (for example lecturers, practicals, access to laboratories, consumables used in laboratories, etc) as well as associated indirect overheads such as the provision of library and recreation facilities, security and cleaning services, electricity and water supply, etc. Therefore the fees in respect of a module or programme presentation cannot simply be reconciled with the visible services that are rendered in respect of such module or programme.

Prescribed books

Lists of prescribed books will be made available in certain faculties. The appropriate lecturers will supply information regarding prescribed books to students at the commencement of lectures.

The complete content of each Distance Education programme is contained in the learning materials that students receive. It is not necessary to buy any additional textbooks. Extracts from referenced textbooks are provided with the learning materials. Students also receive envelopes, assignment covers and writing pads to submit their assignments.

Code of conduct: Meetings

A. Points of departure

The University of Pretoria is a reflection of the society it functions in and is therefore subject to the processes affecting it. - iv) for a bachelor's degree for which the period of attendance is five academic years, at least during the final two academic years;
- v) for a bachelor's degree for which the period of attendance is five and a half academic years, at least during the final two and a half academic years;
- vi) for a bachelor's degree for which the period of attendance is six academic years, at least during the final three academic years, with the exception of the Bachelor of Arts (Theology) degree, in which case the student must have attended modules at least during the final two academic years.

G.10 Requirements for admission to examinations, promotion to a subsequent year of study or in a module as well as attendance modules

1. Satisfactory attendance, preparation and payment of tuition fees
 - a) A student is permitted to enter an examination or to be promoted in a module only if the lecturer of that module, in consultation with the head of the department, certifies that the student has prepared himself or herself satisfactorily by due performance in his or her work and has fulfilled the attendance requirements.
 - b) A student may be refused admission to the examination, or promotion to a subsequent year of study, or promotion in a module if the prescribed tuition fees are not paid. A student's final marks may also be withheld should his/her tuition fees be outstanding.
 - c) A student may be refused admission to the examination, or promotion to a subsequent year of study, or promotion in a module if he or she fails to fulfil the attendance requirements.
 - d) In exceptional circumstances, where it is deemed appropriate, the Dean of a Faculty may excuse a student from attending all or part of a module.
2. Admission to examination

Subject to other stipulations in faculty regulations, no minimum year mark or minimum semester mark is required for admission to the examination: Provided that all year and semester modules in a faculty need not be dealt with in the same way, although a large degree of uniformity is desirable.
3. Promotion to a subsequent year of study and promotion in a module
 - a) Students who have reached the required standard in a module as stipulated in G.10.3 (b), may be promoted, in accordance with authorising faculty regulations, to the next semester or level in a module without writing the prescribed examination, provided that a student receives credit for such promoted modules only if study in those modules is concluded by successfully completing a prescribed examination.
 - b) Subject to other faculty regulations, a student reaches the required standard of progress in a module as intended in G.10.3 (a) if he or she has satisfactorily prepared himself or herself by due performance of his or her work and, in addition, has obtained a year/semester mark of at least 65% in the particular module, as composed and calculated in terms of G.11.1 (a) and (b).
 - c) Students, who have been promoted in a module at another university or who have been promoted without writing the examination therein, may be admitted to a subsequent semester or level in the subject, as the case may be, at this University, on condition that a student can obtain credit for a promoted module only after an examination in the subsequent module has been passed at this University.
4. Attendance modules

Subject to other faculty regulations, a student receives credit for an attendance module only if he or she has attended classes to the satisfaction of the lecturers concerned and has obtained a year or semester mark of at least 50% for their work.

G.11 Year and semester marks and repetition of modules

1. Year and semester marks
 - a) Each faculty should, by way of faculty regulations, determine the manner in which year and semester marks are compiled, provided that all year modules and semester modules in a faculty need not be dealt with in the same way, although a large degree of uniformity is desirable.
 - b) At the beginning of an academic year or a semester, the head of the department informs the students in his or her department in an appropriate manner concerning the formula for the calculation of the year or semester marks in modules in that department. Before each test, he or she also informs the students of the weight that will be allocated to the results of that test in the calculation of the year or semester mark. Each head of department announces the year or semester marks to the students in his or her department at the latest at the official conclusion of lectures.
2. Repetition of modules
 - a) A student who fails a particular examination, is obliged to attend the module(s) concluded by that examination again, unless the dean, on the recommendation of the head of the department concerned, grants exemption from class attendance, in which case the year or semester mark of the student has to be taken into consideration; and exemption in a specific module will be allowed only once.
 - b) Application for exemption from class attendance must be submitted within 14 days after the commencement of lectures – provided that deans may consider justifiably late applications.
 - c) A student who has failed a module, may be exempted by the dean, in consultation with the head of the department, from the examination in such a module and receive credit for it by virtue of the achievement in a subsequent semester in the module concerned.

G.12 Assessments (Examinations, tests and essays)

1. Examinations and essays

General Regulations

An examination in a module may be oral and/or written. Essays are prepared and examined as stipulated in faculty regulations.

2. Pass requirements

2.1 In order to pass a module, a student must:

- 2.1.1 obtain the minimum examination mark prescribed for that module;
- 2.1.2 obtain a final mark of at least 50%;
- 2.1.3 comply with the subminimum in subdivisions of modules, as stipulated in the regulations of the particular faculties.

2.2 Each faculty should, by way of faculty regulations, determine the weight that is allocated to the year or semester mark and the examination mark in the calculation of the final mark of the student: Provided that all year modules and semester modules in a faculty need not be dealt with in the same way, although a large degree of uniformity is desirable.

2.3 Subject to other faculty regulations, a student passes a module with distinction if he or she obtains a final mark of at least 75%.

3. Ancillary examinations

After writing an examination, the examiners may summon a student for an ancillary examination on particular aspects of the work in a module, with a view to awarding a final examination mark.

4. Supplementary examinations

4.1 Subject to other faculty regulations, a student may be admitted to a supplementary examination in a module, in cases where:

- a) a final mark of between 40% and 49% has been obtained; or
- b) a pass mark has been obtained, but the required subminimum in the examination section of the module or divisions thereof has not been obtained.

4.2 If the module, in which a final mark of between 40% and 49% has been obtained, is a first-semester module at 100 level, a supplementary examination must be granted.

4.3 Subject to other faculty regulations, a student must obtain a final mark of at least 50% in order to pass a supplementary examination. The semester or year mark is not taken into account and the supplementary mark is the final mark.

4.4 The highest final mark that may be awarded to a student in a supplementary examination is 50%.

4.5 Special supplementary examinations are not arranged for students who are unable to write the examination at the times scheduled for supplementary examinations.

4.6 Supplementary examinations cover the same subject matter as was the case for the examinations.

5. Extraordinary examinations (including the aegrotat)

5.1 A student who is prevented from preparing for an examination, or from sitting for it, owing to unforeseen circumstances or illness, may be granted permission by the dean to write an extraordinary examination in the particular module(s).

5.2 An application to sit for an extraordinary examination, supported by applicable corroborative proof, should be submitted to the dean in the prescribed manner, within three days of the date of the particular examination that was not written due to unforeseen circumstances – provided that an application that could not be submitted in time, may also be submitted for consideration, provided that there is a valid reason.

5.3 The period to sit for an extraordinary examination is determined by the lecturer, in consultation with the head of the department concerned – on condition that the examination is conducted as soon as possible after the unforeseen circumstances or illness have/has ceased to exist; and on the further condition that such an examination in a module may not be sat for in more than one examination period.

5.4 Should an extraordinary examination be granted, the prescribed fees must be paid by the student; and in cases where the cost of conducting the examination exceeds the prescribed fees, such additional costs may be recovered from the student.

6. Special examinations

6.1 A student requiring a limited number of modules to complete his or her degree, may, in terms of faculty regulations, be admitted to a special examination.

6.2 If there is an indication at the end of an academic year that a student qualifies for a special examination in no more than two modules and that such student can complete his or her study programme if he or she is successful, the faculty may require such student to sit for a special examination or examinations. If the student declines the offer, this may be taken into consideration with regard to further residence accommodation and financial support by the University.

6.3 If the special examination is conducted before 31 January, such a student must not register again for the module/s in question and the examination is treated as a supplementary examination.

6.4 If the special examination is conducted after 31 January, the student must register again for the module/s in question and a semester mark, examination mark and final mark must be obtained in an appropriate manner.

6.5 In cases where a special examination is conducted after 31 January, the result of the examination will not be taken into consideration with a view to the graduation ceremonies in March/April, and in cases where a special examination is conducted after 30 June, the result of the examination will not be taken into consideration with a view to the graduation ceremonies in September. Results of special examinations must be submitted to the Head: Student Administration before 15 February and 15 July respectively.

6.6 All the rules applicable to a supplementary examination also apply to a special examination (See G.12.4).

6.7 A student only qualifies for a special examination if he or she sat for the prescribed examination in the final (preceding) year of study.

7. General

If a student has sat for an examination, he or she is not entitled to apply for an extraordinary examination (including an aegrotat) on the basis of the following:

General Regulations

- a) undisclosed illness at the time of the examination;
- b) that the candidate was underprepared due to illness; or
- c) the presence of undisclosed special circumstances at the time of the examination.

G.13 Examiners

An examination in a module must be conducted by one or more examiner/s who is/are not involved with the instruction of that division of the module that is examined, together with one or more of the lecturers of such a module. Should this be impracticable as a result of the death, resignation, absence, illness or any other inability of the lecturer concerned, the dean of the faculty in question, in consultation with the head of the department concerned, may make the necessary arrangements.

G.14 Perusal and re-marking of examination scripts

After conclusion of the examinations departments provide feedback to students concerning the framework used by examiners during examinations, provided that in the case of distance education the dean may make other arrangements to provide feedback to students. The head of the department concerned determines the manner in which feedback is provided. Students may apply for the re-marking of examination scripts after perusal of such scripts and within 14 days after the commencement of the lectures of the ensuing semester, and after payment of the prescribed fee. The examiner will be appointed by the head of the department concerned.

G.15 Compliance with degree requirements and degree privileges

With the exception of an honorary degree, a degree will be conferred on a student only if the student has complied with all the requirements for the particular degree and has reached the level of competence prescribed for each module that is required for the degree, and on condition that no one is entitled to any privileges pertaining to a degree before the degree has been conferred on him or her at a graduation ceremony.

- 3) Subject to faculty regulations, a student who is registered for an honours degree must complete his or her study, in the case of full-time students, within one year of registering for the degree, and, in the case of part-time students, within two years of first registering for the degree and, in the case of distance education students, within the period stipulated by the dean.

Under special circumstances, the dean, on the recommendation of the head of the department, may approve a limited extension of this period.

(J.S.18[3]) – Subject to the stipulations of G.22.1, G.23.2 and the Joint Statute, a dean may acknowledge modules passed at another tertiary institution or at this University in a department other than that in which the honours study is undertaken for the honours degree – provided that at least half of the required modules for the degree in question are attended and passed at this University.
2. If there is overlap in the course content of the degree for which the student wishes to enrol or is enrolled and a degree already conferred, the dean may not acknowledge any modules that form part of the degree already conferred.

Master's degrees (G.30–G.41)

III Master's degree

G30. Types of master's degree

1. There are three types of master's degree (NQF exit level 9, 180 credits) in terms of the Higher Education Qualifications Sub-Framework (HEQSF), namely:
 - a) Master's degree by dissertation: a single advanced research project, culminating in the production and acceptance of a dissertation or other forms of research such as a technical report, one or more creative performances or works, or a series of peer-reviewed articles or other research-equivalent outputs,
 - b) Master's degree by coursework and mini-dissertation: a coursework programme requiring a high level of theoretical engagement and intellectual independence, and in some cases demonstration of the ability to relate knowledge to a range of contexts for professional practice. It must contain a research project comprising a minimum of 60 credits at NQF level 9, culminating in the acceptance of a mini-dissertation or other forms of research such as technical reports, creative performances or works, or series of peer-reviewed articles or other research-equivalent outputs, and
 - c) Professional master's degree: the successful completion of a coursework programme requiring a high level of theoretical engagement and intellectual independence as well as demonstration of the ability to relate knowledge to the resolution of complex problems in appropriate areas of professional practice. In addition, a professional master's degree must include an independent research component that comprises at least a quarter of the credits at NQF level 9, consisting of either a single research or technical project or a series of smaller projects demonstrating innovation or professional expertise.

G.31 Admission

1. As required by the regulations of the faculty in question and subject to the stipulations of G.1.3 and G.54, the minimum admission requirement is a relevant bachelor honours degree or a relevant postgraduate diploma. A relevant bachelor's degree at NQF level 8 may also be recognised as meeting the minimum entry requirement to a cognate master's degree.

General Regulations

2. A candidate may be refused admission to a master's degree by the head of department if he or she does not comply with the standard of competence in the discipline as determined by the department – provided that a candidate who does not comply with the required level of competence, may be admitted, provided that he or she completes additional study assignments and/or examinations as required by his or her supervisor.
3. A candidate, who is refused admission to a master's degree, may request that the dean reconsider his or her application for admission in terms of the prescribed procedure.

G.32 (a) Registration

1. (S.58) – A student registers at the University at a time and in a manner determined by Council from time to time. By virtue of such registration, the student subjects himself or herself to the rules of the University.
2. Registration takes place in accordance with the regulations applicable to the particular degree for which the student registers, and on condition that compliance with the requirements of that degree is the student's responsibility.
3. After registration, a student is obliged to pay the fees due on or before the date stipulated by Council and a student who cancels his or her registration is not entitled to any refund and remains liable for the full amount.

G.32 (b) Renewal of registration

1. Students of the University are registered for one year of study. After a year has expired, students wishing to continue their studies at the University must renew their registration and pay such fees for renewal of registration as are prescribed by Council from time to time.
2. Subject to exceptions approved by the dean, on the recommendation of the head of department, as set out in paragraph 3 below, a student may not enrol for the same subject for a master's degree more than once. This applies to both modules and the dissertation.
3. Students who are given permission by the dean, on the recommendation of the head of department, to present themselves more than once for an examination in the same department, must pay the full fees for this examination.
4. Students enrolled for a master's degree must complete their studies within two years after first registering for the degree, except for programmes which require a longer period and are specified in faculty regulations.
5. Renewal of registration after the two-year period is permitted only under special circumstances in which case the head of department may approve a limited fixed extension of this period in terms of the set procedures.

G.33 Concurrent registration for two fields of study and duplication of master's degrees

The purpose of this provision is to avoid the awarding of multiple degrees for the same work undertaken and to ensure that degrees with different purposes are not embedded within each other.

1. With the permission of the dean(s) concerned, a student may register simultaneously for a degree, diploma or certificate and another degree, diploma or certificate, whether undergraduate or postgraduate, subject to the regulations applicable to the fields of study in question and to any other stipulations the dean(s) may prescribe on condition that there shall be no overlap in the course content of the first degree, diploma or certificate and the second degree, diploma or certificate. Such a concession may be withdrawn by the dean(s) concerned if the student does not perform satisfactorily.
2. A duplicate master's degree is one at the same level and in the same field as a degree already awarded. Applicants are allowed to enrol for a second degree at master's level only if the second degree is in an unrelated field. A coursework degree at master's level is not regarded as a duplicate of a research master's degree, and therefore applicants who hold a coursework master's degree may be admitted to a research master's degree and vice versa if there is no duplication in the subject matter involved.

G.34 Minimum study periods and requirements for master's degrees

1. A master's degree is conferred on a student only if at least one year has expired after obtaining the qualifications required for master's study – provided that the student is registered for at least 12 months for a master's degree at this University, although the dean may approve a shorter period.
2. A master's degree is conferred on a student only if he or she complies with all the requirements laid down in faculty regulations.

G.35 Acknowledgement of modules

1. For a master's study, a dean may acknowledge examinations passed at other universities or at this University in a department other than that in which the master's study is undertaken – on condition that the mini-dissertation is prepared and examined in terms of these regulations and is completed under the guidance of a supervisor at this University and, on the further condition that at least half of the required modules for that degree are attended and passed at this University.
2. If there is overlap in the course content of the degree for which the student wishes to enrol or is enrolled and a degree already conferred, the dean may not acknowledge any examinations and modules that form part of the degree already conferred.

G.36 Requirements for admission to examinations

1. A student is permitted to enter an examination in a module only if the lecturer of that module, in consultation with the head of department, certifies that the student has prepared himself or herself satisfactorily by due performance in his or her work and has fulfilled the attendance requirements.
2. A student may be refused admission to the examination if the prescribed tuition fees have not been paid. A student's final marks may also be withheld should his or her tuition fees be outstanding.
3. A student may be refused admission to the examination if he or she has failed to fulfil the attendance requirements.

General Regulations

4. Subject to exceptions approved by the dean, on the recommendation of the head of department, a student may not enter for any master's examination more than twice.

G.37 Examinations

1) General

A master's degree is conferred on a student by virtue of a dissertation, or an examination and a dissertation or another relevant form of research, or examinations and a mini-dissertation or another relevant form of research (see G.30). Examinations may be written in and/or oral form.

2) Oral and written examinations

- a) The nature and extent of examinations are determined by the dean of the faculty in question, on the recommendation of the head of department.
- b) Written master's examinations take place as announced annually per department.
- c) Oral master's examinations may be conducted at times other than those approved for written examinations, provided that these are arranged by the head of department, in consultation with the dean.

G.38 Master's degree by coursework and a mini-dissertation

1. A coursework master's degree is conferred on a student by virtue of examinations (per module) and a mini-dissertation or other research-relevant output.
2. Decisions on the size (number of credits) of the research component of a master's degree by coursework should be made keeping in mind that the University is an internationally recognised South African research-intensive institution of higher learning.
3. Mini-dissertations or other relevant forms of research are prepared and examined according to the instructions that are laid down in the faculty regulations.

G.39 Master's degree by dissertation

1. General

All approvals relating to the preparation and submission of dissertations are given by the dean on the recommendation of the head of department. However, the dean may, at his or her own discretion, delegate such approvals to the head of department or to the Chairperson of the Postgraduate Committee of the faculty.

2. Designation of supervisors

- a) The head of department concerned should designate a supervisor from within the faculty for a particular master's study candidate, within one month after the candidate has been registered. The designation by the head of department should be confirmed by the dean.
- b) A person designated as supervisor, should hold a qualification equivalent to or higher than the qualification of the postgraduate concerned and have the appropriate stature and experience to supervise postgraduate candidates.
- c) A person designated as the supervisor should be appointed to an academic position in the University.
- d) On the retirement or resignation of a supervisor from the University's service, he or she may, with approval of the head of department concerned, still act as supervisor for the student for whom he or she was appointed as supervisor, in order to enable such a student to complete his or her dissertation. For this purpose and for this period such a supervisor will be deemed to be an accredited lecturer of the University. This arrangement is allowed to continue until such time as the head of department deems it to be no longer appropriate or necessary. If on the retirement or resignation of a supervisor from the University's service, he or she is no longer prepared to act as supervisor for the student for which he or she was appointed as supervisor, a new supervisor is appointed.
- e) The designation of supervisors is submitted to the faculty board for notification.

3. An agreement between the student and the supervisor

- a) An agreement between the student and the supervisor should be signed. The document serves as the basis for the interaction between the student and the supervisor. It indicates their individual roles, responsibilities and expectations and makes it clear that they are entering into a binding undertaking with each other.
- b) It is the responsibility of the head of department concerned to monitor the progress of a candidate in regard to his or her signed agreement.

4. Approval of topic and title

- a) Applications for approval of a topic and title of a dissertation, as well as changes to titles, are submitted to the head of department, for approval by the dean (who may delegate this approval, (see G.39.1 (a))).
- b) The dean or delegate approves the application or refers it back to the head of department for amendment by the student.
- c) Approved titles of dissertations are submitted to the faculty board for notification.

5. Non-disclosure of the contents of a study

- a) Where part or all of the contents of the master's study must remain confidential, the supervisor will be required to submit an application to the dean setting out the grounds for such a request and indicating the duration of the period of confidentiality. This period would normally not exceed 2 (two) years.
- b) The dean considers the application and either approves it or refers it back to the supervisor.

General Regulations

6. Preparation and submission of the dissertation

- a) The supervisor is responsible for advising the student with regard to the proper preparation of the dissertation.
- b) A dissertation should only be submitted with the written permission of the supervisor. Should the supervisor refuse to grant permission for submission, the candidate may request permission to submit from the dean. The dean may allow the dissertation to be submitted for examination or may turn down the request. Should the dean turn down the request, the candidate may refer the matter to the Vice-Principal responsible for research and postgraduate studies, who should convene the Postgraduate Appeals Committee to consider the matter based on reports from the candidate, the supervisor and the Postgraduate Committee. The decision of the Postgraduate Appeals Committee is final. Should the Postgraduate Appeals Committee agree to the request of the candidate, the supervisor has the right to remove his or her name from the dissertation if he or she so wishes.
- c) A dissertation is submitted to the Head: Student Administration, before the closing date for the various graduation ceremonies as announced annually.
- d) On submission of the dissertation the student should also submit a written statement by the supervisor, confirmed by the dean, approving submission of the dissertation.
- e) A student for the master's degree, on submission of the dissertation, has to declare the following in writing: "I declare that the dissertation, which I hereby submit for the degreeat the University of Pretoria, is my own work and has not previously been submitted by me for a degree at this or any other tertiary institution."
- f) For examination purposes, a student must, in consultation with the supervisor, submit a sufficient number of bound copies of the dissertation, printed on good quality paper and of good letter quality, to the Head: Student Administration. Permission to submit the dissertation in unbound form may be obtained from the supervisor concerned on condition that a copy of the final approved dissertation is presented to the examiners in bound format or electronic format.
- g) Should the supervisor deem it appropriate, an electronic copy of the dissertation must be submitted to the Head: Student Administration for examination purposes in the format specified by the faculty and in accordance with the minimum specifications set by the Department of Library Services. The head of department may determine whether the electronic copies should be submitted instead of or in addition to the paper copies. [The specifications are available at: <http://upetd.up.ac.za/authors/publish/standards.htm#specs>]
- h) If a dissertation is accepted, but the student is required to make certain amendments in accordance with the examiners' decisions, the amendments should be made to all copies to the satisfaction of the supervisor concerned, who must submit a declaration to this effect to the Head: Student Administration before 15 February for the Autumn graduation ceremonies and before 15 July for the Spring graduation ceremonies.
- i) In addition to the copies already mentioned, each successful student must submit a bound paper copy as well as two electronic copies of the approved dissertation to the Head: Student Administration in the format specified by the faculty and in accordance with the minimum standards set by the Department of Library Services, before 15 February for the Autumn graduation ceremonies and before 15 July for the Spring graduation ceremonies, failing which the degree will only be conferred during a subsequent series of graduation ceremonies. [The specifications are available at: <http://upetd.up.ac.za/authors/publish/standards.htm#specs>]

7. Progress reports

- a) The supervisor must report once a year in writing to the head of department on the progress of his or her candidate.
- b) Registration for the second year is conditional on satisfactory progress in the first year as confirmed by the head of department. The head of department must record the approval on the electronic system.

8. Intellectual property

- a) All rights in regard to intellectual property that is produced by a student during his or her studies or as a result of any research project conducted at the University or through the use of the equipment of the University, vest in the University, in terms of the contract entered into by the student and/or his or her parents or guardians at registration. This stipulation applies amongst others, where the student works under study guidance or as a member of a project team of the University. It also applies where the student does contract work for a third party as a member of a research team of the University. The University and the student may, however, agree in writing to another arrangement.
- b) A student and the University may conclude an agreement regarding the publication of a research report, a mini-dissertation, a dissertation and/or any article. Should the copyright of the research report, mini-dissertation, dissertation and/or article be the only exploitable intellectual property that arises from such research report, mini-dissertation, dissertation and/or article, the University would normally transfer the copyright to the student, subject to certain conditions. A faculty may, in consultation with the Office of the Registrar, make arrangements that apply to that specific faculty.
- c) In the absence of any agreement, the University has the right to reproduce and/or publish, in any manner it may deem fit, the research report, mini-dissertation, dissertation and/or article, and to distribute such reproduction.
- d) On publication of the research report, mini-dissertation, dissertation and/or article, or an adaptation thereof, it should be stated that it emanates from a master's study at the University. The name of the supervisor and the department, in which the study was completed, should also be acknowledged. Reprints should state the title and date of the original publication.
- e) A student may not submit an article reflecting the content of the dissertation for publication without the permission of the supervisor.
- f) The above should be read in conjunction with the University's Intellectual Property Law Policy: Personnel and Students, as amended from time to time.

3. Process

- a) Application for conversion may be submitted at any time during the course of study for the master's degree.
- b) The application for the conversion must include the following documents:

 - (aa) The supervisor arranges an oral examination chaired by the head of department during which the candidate is required to do a presentation on the thesis. The examiners appointed in terms of G.50.4 (a) constitute the examination commission for the oral examination. If an examiner cannot participate in the examination the supervisor calls upon one of the substitute examiners appointed in terms of G.50.4 (a) to act as a member of the examination commission.
 - (bb) The supervisor in consultation with the head of department makes the relevant section(s) of the examiners' reports available to the candidate in accordance with G.50.4 (e)(iii) beforehand in order for the necessary changes to be made to the thesis before the presentation.
 - (cc) After the presentation by the candidate, the examination commission constitutes a closed meeting chaired by the head of department to consider the success of the candidate's representation, to review all the examiners' reports and to submit a consolidated report to the Postgraduate Committee with one of the following recommendations:
 - that the degree be conferred;
 - that the thesis does not meet the required standard, but that the candidate be invited to review the thesis and to resubmit it at a later stage for re-examination; or

 - v. If all the examiners recommended in terms of G.50.4 (d)(ii)(ee) that the thesis be rejected, the supervisor and the head of department review the examiners' reports and submit a consolidated report to the Postgraduate Committee.
- e) Treatment of examiners' reports

 - ii. Should it be impossible to reach consensus, the dean, after consultation with the Postgraduate Committee and the head of department, appoints an additional external examiner who has international standing in the relevant field of research to evaluate the thesis and report to the dean on the matter.

General Regulations

- iii. The Postgraduate Committee, after considering all the reports (including the report mentioned in G.50.4 (f) (iii)) makes a preliminary decision on the conferment or not of the degree. The committee may make any one of the recommendations as indicated in G.50.4 (d) (iv). The recommendation, together with all relevant documentation, is submitted to the dean.
- iv. Should the dean concur with the recommendation, he or she takes a decision accordingly.
- v. Should the dean not concur with the recommendation, he or she consults with the Postgraduate Committee. For purposes of this meeting, the dean becomes a member of the Postgraduate Committee and also acts as chairperson of the Postgraduate Committee. The extended committee takes a decision by means of a majority vote. Should there be a tie of votes, the dean has a deciding vote.

V. Granting of graduate status with a view to postgraduate study

G.54 Policy on postgraduate student cases and the recognition of prior learning

As the University has a finite capacity in most undergraduate fields (its limits have already been reached or those admitted are selected from a large number of applicants), the University's policy on the recognition of prior learning only applies to student cases at postgraduate level (including postgraduate diplomas). Furthermore, as the University's strategic objective is to be an internationally recognised research- intensive university, admission to postgraduate study by means of the recognition of a prior learning pathway is the exception rather than the rule.

Senate may:

- a) grant a graduate of another higher education institution (either in the Republic of South Africa or elsewhere) a status at the University that is equivalent to the status the student had at such other higher education institution.
- b) admit a person, who
 - i. has passed examinations at another university or institution (either in the Republic of South Africa or elsewhere) which Senate deems equivalent to or of a higher standard than the examinations prescribed for a degree at the University, and which are set as a prerequisite for admission to a particular postgraduate programme, or for the admission of such a person as a research student; or
 - ii. in another manner has reached a standard of competence Senate considers adequate for the purposes of postgraduate study or research at the University, as a student for a postgraduate degree, diploma or certificate.

It is expected of the person referred to in paragraph (b)(ii) to demonstrate the same level of applied competence (fundamental knowledge, understanding of organisation or operating environment, application of essential methods, interpretation, conversion and evaluation of text, problem solving and changing context, information gathering, presentation skills) and autonomy of learning (responsibility for own learning, decision-making, evaluation of own or others' performance, manage learning tasks and research leadership) as a student who entered through the regular entrance pathway.

The manner in which a person's standard of competence referred to in subparagraph (b)(ii) is assessed, the type of evidence required and the role-players involved in the process are determined from time to time by each faculty and form the basis for the motivation of each case to Senate.

To ensure the soundness of the procedure referred to above Senate requires an annual report from every faculty on the progress of candidates admitted under this regulation.

Diplomas and Certificates (G.55–G.56)

VI. Diplomas and Certificates

G.55 Diplomas and Certificates: Subject to provisions to the contrary in faculty regulations, the General Regulations shall apply with the necessary changes to diplomas and certificates.

G.56 Application of old and new regulations

1. Should a regulation, according to which a curriculum has been compiled, be amended, a student who has started his or her curriculum under the old regulation and who has not interrupted his or her study, may complete such a curriculum in accordance with the old regulation – on condition that a faculty board may formulate special transitional requirements in order to enable that student to complete his or her study in accordance with the new regulation.
2. A student who has been registered for a diploma or certificate programme and year; and
 - a) who has failed to renew his or her registration for such a diploma or certificate programme in the ensuing calendar; or
 - b) who has failed a year of study; or
 - c) who has not complied with the prescribed requirements for progress in accordance with faculty regulations, is deemed to have interrupted his or her study and forfeits the right to continue studies under the old regulation. In exceptional cases, a dean may grant such a student permission to continue his or her study in terms of such stipulations as the dean may determine.

The result of these calculations is a weighted average based on module credits

GS: a combined final mark (the average of the semester/year mark and the examination mark) of between 40% and 49% must be obtained, in order for a student to be admitted to the relevant module

Learning hours (notional hours): the estimated number of hour's students should spend to master the learning content of a particular module or programme. The total number of learning hours for a module consists of the time needed for lectures, tutorials and practical's (contact hours), as well as for self-study, examination preparation and any other activity required by the programme
(notional hours = credits (for a module) x10)
