REGULATIONS FOR POSTGRADUATE QUALIFICATIONS
--

The rules for postgraduate qualifications here published are subject to change and may be amended prior to the commencement of the academic year in 2002.

1. REQUIREMENTS FOR ADMISSION

1.1 Applying for admission

Students who wish to register at the University of Pretoria for the first time, or wish to reregister after interruption of their studies, must apply for admission. Applications for admission must reach the University by 30 November of the year preceding study except for programmes where selection of candidates will take place. Candidates may be requested to complete an admission test.

1.2. Selection

Admission to the following degree programmes is subject to selection: Psychology, Communication Pathology.

1.3 Medium of instruction

The University presents its courses in two languages, namely Afrikaans and English (with the exception of specialist language courses). The medium of instruction for a module is determined by student demand and by the academic and economic feasibility of presenting the module in that language. It remains the responsibility of students to determine whether the modules in the package they would like to choose are offered at all levels in Afrikaans or English or both languages. For administrative and other services, students can choose whether they would like the University to communicate with them in Afrikaans or in English. See also the comments on the University's interim language policy. Generally, the symbol A & E indicates that separate classes will be available in each language while A/E indicates that lecturers will use both languages during lectures.

1.4 Bursaries and loans

Details about bursaries and loans are available on request.

1.5 Boarding accommodation

Applications to board in the University residences for a particular year may be submitted from 1 April of the preceding year. Applications will only be considered if there are vacancies in the residences, and prospective students are advised to apply as soon as possible.

Note: Admission to the University does not automatically mean that residence accommodation is available.

1.6 Changes to regulations and fees

The University reserves the right to amend regulations and syllabi where necessary and to change course fees without prior notice.

1.7 Cancellation of modules

Cancellation and/or changing of modules must be done within 10 days after commencement of modules. This date will be **strictly** enforced.

2. GENERAL REGULATIONS

2.1 Registration for a particular year

Students register at the start of each academic year for all the modules they wish to take in that year, in accordance with the rules governing the programme and package the students wish to register for.

2.2 Renewal of registration

2. In the calculation for the final mark for a module in which an examination is written, the progress mark will carry a weight of 60% and the examination mark a weight of 40%.
3. In order to pass a module, a final mark of at least 50% and a minimum examination mark of 40% must be obtained, except when a module can be completed without a scheduled examination. A student will pass a module with distinction if a final mark of at least 75% is achieved.
4. A module may be completed without a scheduled examination provided that:***
 - (a) all the outcomes of the module have been evaluated by means of formative assessment;
 - (b) the final mark is based on the student's performance in at least three assessment opportunities;
 - (c) a final mark of at least 50% is obtained; and
 - (d) students are not provided with an additional opportunity for assessment, such as a retest or a supplementary examination.

***** NB. The Dean's permission must be obtained *beforehand* in such cases.**

2.4.2. Supplementary examinations, extraordinary examinations (including aegrotats) and special examinations

1. Supplementary examinations, extraordinary examinations (including aegrotats) and special examinations will be written at the same time as supplementary examinations. These assessments must have the same format as the main exam for the module.

3. A student may be admitted to a supplementary examination in cases where:
 - (a) a final mark of between 40% and 49% was obtained; or
 - (b) a final mark of 50% or more was obtained, but not the required examination subminimum of 40%.
4. The Dean may, on the recommendation of the relevant head(s) of department, admit a student who requires a maximum of four modules to complete a degree, to a special examination in modules he or she has failed, so that he or she can fulfil the requirements for the degree. A student who has obtained a final mark of less than 40% in any such modules, or who has previously been admitted to such a special examination, will not qualify for a special examination.
