

University of Pretoria

Financial information

2011

Dear Student - a hearty welcome!

For a student each year of study at Tukkies is a further step on the way to self-actualisation.

Your alliance with Tukkies extends beyond a pure academic relationship. Study at a university also includes activities such as participation in student organisations, use of the library and sport activities. In streamlining all the aspects of student life it is necessary to align administrative processes.

It is important to fulfil your financial obligation towards the University. The University cannot provide the necessary services and support to students if they do not honour this obligation.

Usually when matters become critical very little time remains to make the necessary arrangements with regard to payment of monies that are due. There are also arrangements regarding bursaries, loans, due dates, et cetera that you should be aware of. We have decided to provide you with a brochure containing relevant information on study and residence accounts. We suggest that you consult this document should you have any queries.

1. General

University fees are determined annually by the University Council.

You are welcome to contact the Client Service Centre of the University of Pretoria with regard to any enquiry and/or matters relating to your student account.

Tel: +27 (0)12 420 3111

Fax: +27 (0)12 420 4555

Websites: www.up.ac.za/parents, www.up.ac.za/fao and www.up.ac.za/fees

2. Statements of fees account

Statements of account will be mailed at regular intervals to the address indicated by you on your registration form. It is the responsibility of the student to check his/her account for correctness.

The latest statement of account is available on the student portal.

Should you not receive a statement of account, enquiries can be directed to the Client Service Centre. Non-receipt of a statement of account is not an acceptable excuse for the non-payment thereof.

3. When are payments due?

University fees are payable in advance. Fees are payable as set out from page 8-10. Should you discontinue your studies, all outstanding fees are payable immediately.

Note: The amounts set out hereafter are applicable to 2011.

UNIVERSITEIT VAN PRETORIA
UNIVERSITY OF PRETORIA

Table 1: Fees payable (2011)

Levy	Payment required	Payment date	Amount
Ad hoc levies	<ul style="list-style-type: none"> • Application fee (non-refundable) • International administrative levy 	<ul style="list-style-type: none"> • Payable in the year preceding study • Payable prior to or during registration 	R 220 R2 000
Acceptance levy applicable to an allocated place for study- and/or residence	Payment equal to the first installment is required to secure the place allocated: <ul style="list-style-type: none"> • Study place • Residence place 	Payable once notice has been given of placement <ul style="list-style-type: none"> • Study place • Residence place 	R3 200 R3 600
Residence breakage deposit	Payment is included in acceptance levy to secure place in residence	Payable before accommodation in residence can be taken up	R1 300
Cancellation levies	Should a study and/or residence place, which has been accepted, not be taken up, a cancellation fee will be levied.	Levy will be retained from the acceptance payment <ul style="list-style-type: none"> • Study place • Residence place 	R1 600 R1 800
Initial payment (first installment)	Tuition Fees <ul style="list-style-type: none"> • Postgraduate students renewing registration • All other students (under- and postgraduate) Residence Fees	Payable before or during registration if not already paid in acceptance of study place Payable before or during registration if not already paid in acceptance of residence place	R2 250 R3 200 R3 600
Second installment	50% of fee account	On or before 30 April	
Third installment	100% of fee account	On or before 31 July	

4. How and where can payments be made?

Credit card payments are accepted. Such payments can be made online at www.up.ac.za/cardpayments. Cashiers are available at the Client Service Centre (Hatfield Campus) on weekdays from 08:00 to 16:00. Payments can also be made at the cashiers on the other UP campuses.

Payments made by cheque may be made at the cashiers at the Client Service Centre. If the cheque is not bank guaranteed, the payment will be subjected to a bank clearance period of ten working days.

Direct electronic payments can be made into the University of Pretoria's bank accounts. This can be done at ABSA and Standard Bank or via the website of your own bank. Details of the bank accounts are as follows:

ABSA	Standard Bank
Branch: Hatfield	Branch: Hatfield
Branch Code: 632005	Branch Code: 011545
Acc. No.: 214 000 0054	Acc. No.: 012 602 604
Swift Code: ABSAZA JJCPT	Swift Code: SBZAZAJJ

- Always quote your student number (EMPL ID) on the deposit slip – without this number the payment cannot be processed.
- Retain a copy of the deposit slip for future reference and enquiries.

Please note: Card and bank payments are processed in batches by the bank. These payments will not reflect on your account on the same day they are made. The processing of payments usually takes two (2) working days.

5. Are rebates granted for early settlement of accounts?

A 2,5% rebate on levies regarding tuition fees, study material, copyright, computer usage, accommodation and meals, is granted if the student's account as on 31 March, has been settled in full.

Note: The rebate is calculated on the amount paid by the student. UP bursaries and loans as well as NSFAS loans are excluded from this rebate calculation.

6. What must I do if I am admitted to a selection programme?

You must confirm your acceptance of the study place by paying a non-refundable acceptance levy within 30 days of the date you received written notification.

7. What is the procedure should I wish to change my programme/module?

All programme changes (degrees, diplomas and certificates) as well as module (subject) changes must be done in writing and handed in at the relevant faculty administration within two (2) weeks after commencement of the programme, otherwise the full amount will be payable.

8. What should I do if I want to discontinue my studies at UP?

You must complete the prescribed form at the Client Service Centre, which states that you wish to discontinue your study programme.

9. What will it cost if I discontinue my studies?

The date on which the University receives the notification of discontinuation of studies will determine the amount you are owing to the University.

Table 2: Discontinuation fees

For non-selection programmes: Discontinuation within 10 days after the commencement of the academic year	R670
For selection programmes: Discontinuation within 10 days after the commencement of the academic year	R1 600
Discontinuation after 10 days after the commencement of the academic year	Full fees payable

10. What must I do if I am allocated a place in a UP residence?

Within 30 days of receiving notification that you have been allocated a place in a UP residence, you must confirm your acceptance of this place by paying an acceptance levy in the amount of R3 600. This acceptance levy also serves as a first installment on your residence account.

11. What procedure must I follow if I want to discontinue my accommodation in residence?

- You must hand in a written 30-day notification at the Head of Residence indicating your intent to discontinue your accommodation in residence.
- Should you wish to cancel your residence place within 30 days from the date of written notification that you have been allocated this place, an administration levy of R670 is payable.
- Should you cancel your residence place after 30 days of receiving written notification of your residence place, a cancellation levy of R1 800 is payable.

If you have taken up your residence place, and then decide to cancel, you will be financially liable for the following:

- the number of days that you have resided in the residence plus the 30 days of your notification period
- all meals you have taken

(Please take note that the minimum residence fee payable is R1 800).

12. Are family rebates granted?

When two or more *dependant* children of the same family (i.e. brothers and/or sisters) are simultaneously registered for a degree or diploma programme at the University of Pretoria, they are permitted to apply for a rebate on tuition fees on the prescribed form (available at the Client Service Centre).

Please note that rebates are not granted in respect of accommodation fees or levies with regard to study material, copyright and computer usage. The extent of the rebate is:

Two students	10% of the tuition fees for each of the students
Three or more students	20% of the tuition fees for each of the students

Should any changes be made to the registered programmes, or should studies be discontinued, the rebate amount will be adjusted accordingly.

13. What will my studies cost?

Please refer to page 8-10 in this brochure for the estimated tuition fees. Complete information regarding tuition and residence fees are available at www.up.ac.za/fees.

14. What will my accommodation amount to?

The University's computer system enables students who are residents to make reservations for meals and to pay only for the meals that they have reserved. All meals taken in a dining hall are pre-paid. Further payments may be made if necessary, to provide for additional meals. The *estimated cost* for meals for one year (approximately 285 days) if *all* meals are taken in a dining hall, is R25 400.

Table 3: Estimated accommodation fees and meals tariffs (2011)

Accommodation			Meals (100%)*	Total
Ladies and Men's Residence	Single room	R19 500	R25 400	R44 900
	Double room	R17 900	R25 400	R43 300
Tuksoorp	Single room	R20 800	Self-catering	R20 800

*Should fewer meals be taken costs will change accordingly. 50% of meals cost approximately R12 700.

15. What will happen if my account falls into arrears?

Should a student fail to comply with the regulations regarding the payment of tuition and accommodation fees, the Council of the University of Pretoria reserves the right to:

- withhold examination results;
- refuse registration for the following term;
- deny the student admission to accommodation in residence;
- deprive the student of the right to a certificate of conduct;
- withhold a degree/diploma certificate;
- deny admission to examinations, lectures/practicals and access to meals in residence;
- to levy interest on unpaid amounts and hold the student responsible for such amounts; and
- report the outstanding debt to the National Credit Regulator and/or a credit bureau.

16. What must I do if a bursary has been awarded to me?

You must submit written proof of the bursary(s) awarded to you prior to or during registration, at the Client Service Centre. The proof of bursary document must confirm the total amount of the bursary granted to you and must also indicate what the bursary amount covers (e.g. tuition fees, residence, meals, text books, etc).

Merit bursaries are paid directly into your fees account. Reimbursements of credit balances that may result based on the bursary awarded, will only be made after the June examination results become available and only if your account is fully paid. Bursaries awarded by the University cannot be used as substitutes for payments that have to be made during registration.

Written application must be handed in at the Client Service Centre for the reimbursement of any bursary credit balance. All reimbursements are made in accordance with the requirements of the granter of the bursary.

We wish you a successful year of study!

Bursaries and loans

2011

1. Undergraduate achievement bursaries

- a) Undergraduate achievement bursaries are awarded automatically to registered new undergraduate students who meet the bursary criteria. The students must register for the first time at the University of Pretoria after completion of their Grade 12 examinations. Students who registered at another educational institution prior to registration at UP, are excluded for award purposes.
- b) Qualifying students must be South African citizens or permanent residents in South Africa or must hold citizenship in a SADC country.
- c) The average percentage for bursary purposes is calculated as follows: The average of the actual percentages obtained for all recognised NSC subjects taken, excluding the following subjects:
- Life Orientation
 - Mathematics Paper 3
- d) The average percentage is not rounded off.
- e) The awarding of bursaries is finalised on the basis of the final marks that the University receives from the Department of Basic Education. Results obtained for papers that have been re-marked are not taken into account for this purpose.
- f) Students, who qualify for a new undergraduate achievement bursary and obtained more than 60% for Mathematics Paper 3, receive an additional R2 000.
- g) New undergraduates who enrol for degree programmes should obtain the minimum averages indicated in Table 4 and 5, in order to be eligible for a bursary:

Table 4: Minimum averages in order to be eligible for a bursary (2011)

Faculty / School	Minimum average
Faculty of Natural and Agricultural Sciences	75%
School for the Built Environment	75%
School of Engineering	75%
School of Information Technology	80%
Other faculties / schools	80%

Table 5: New undergraduate achievement bursaries (2011)

New undergraduate achievement bursaries (2011)				
Faculty / School	Faculty of Natural and Agricultural Sciences	School for the Built Environment and the School of Engineering	School of Information Technology	Other faculties and schools
Qualifying average percentage	75-100%	75-100%	80-100%	80-100%
Minimum bursary value	R10 500	R10 500	R10 500	R7 100
Maximum bursary value	R24 500	R24 500	R21 000	R18 800

The University reserves the right to amend without prior notice, the regulations and conditions applicable to the awarding of bursaries and loans. Please consult www.up.ac.za/fao for the latest information.

2. Top achiever bursaries

UP offers bursaries to prospective students who are top achievers in Grade 12. The top achiever awards are in addition

to the UP undergraduate achievement bursary awards and will be awarded once the student qualifying for the award registers at UP. Students with South African citizenship or permanent residents in South Africa are considered for these awards.

No application is required for the following bursaries:

- a) Undergraduate achievement bursary.
- b) The top achiever new first year students who enrol at UP:
A bursary to the value of R18 700 is awarded to each of the top 20 new first year students who register at UP. Based on the criteria applicable for undergraduate achievement bursaries for new students, the Division: Study Finance will identify the students who qualify for these achievement bursaries.
- c) JuniorTukkie development week:
A bursary to the value of R10 700 is awarded to the top 15 learners with the best results in the NSC examination. Learners must participate in the JuniorTukkie development week and must be admitted to any of the study programmes in the Faculties of Natural and Agricultural Sciences, Health Sciences, or Engineering, Built Environment and Information Technology at the University of Pretoria.
- d) Top Grade 12 (Dux) learners at top feeder schools:
An amount equal to the initial payment for tuition required during registration will be awarded to a maximum of 70 Dux learners at selected top feeder schools. The final decision regarding the selection of top feeder schools rests with UP.

3. NSFAS (Government funding) and UP Support bursaries and loans

Study loans are available at a special interest rate to full-time undergraduate students that are South African citizens. The loan amount is determined annually in accordance with the tuition fees, subject to the maximum amount approved by the donor. If a loan applicant complies with the conditions and passes all the subjects in the final examination of the year, 40% of the loan amount will be converted to a bursary.

Awarding of the study loans is subject to registered students being financially needy in terms of the financial means test.

Applicants must also meet the academic criteria as set out on www.up.ac.za/fao (click on "NSFAS information"). Study loans are primarily approved for the payment of tuition fees and will be administered according to NSFAS regulations. The closing date for applications is the last day of registration for study in 2011.

4. UP study loans

Awarding of the UP loans is subject to registered students being financially needy. The UP loan is primarily approved for the payment of tuition fees and will be administered accordingly.

UP loans are not guaranteed and are subject to the availability of funds. To be considered for a UP study loan, loan applicants must provide two guarantors who comply with the conditions as determined by the University.

5. Achievement beyond academic field

New undergraduate students may apply for these bursaries until the last day of registration for study in 2011. Applications must be submitted online at www.up.ac.za/fao. Certified official proof of the achievement should accompany the application.

UP recognises the following awards received for achievements in Grades 11/12 (see Table 6 below).

6. Cancellation of bursaries

- a) Bursaries are fully repayable should bursary holders discontinue or terminate the study programme, for whatever reason, at any stage during the year in which the bursary was awarded.
- b) Should a bursary holder change his/her study programme during the year in which the award was made, the bursary value as initially awarded for the first study programme enrolled for, will remain unchanged. The award will therefore not be cancelled or adjusted upward/downward to align it with consecutive study programmes enrolled for.

Table 6: Bursaries for achievement in other academic fields and extra-curricular activities (2011)

Bursaries for achievement in other academic fields and extra-curricular activities (2011)	
Entrepreneurial	R2 200
Expo Gold Medalist	R2 200
Leadership - minimum	R600
Leadership - maximum	R2 200
Subject Olympiads - Overall winner	R5 900
Subject Olympiads - 2nd to 10th place	R2 200
Science / Mathematics - Overall winner	R30 800
Science / Mathematics - 2nd place	R24 600
Science / Mathematics - 3rd place	R18 500
Science / Mathematics - 4th to 10th place	R2 200

Universiteitsgelde • University fees

2011

1. Algemeen

- 1.1 Universiteitsgelde word jaarliks deur die Universiteitsraad vasgestel.
- 1.2 Volledige besonderhede insake universiteitsgelde en die toepaslike regulasies is in die Studentegeldgids van die Universiteit van Pretoria vervat. Dit is die verantwoordelikheid van die student om hom/haar te vergewis van die bepalings daarin vervat.

2. Hoeveel beloop gelde?

2.1 Onderriggelde en breekskadeposito's

Die presiese onderriggelde vir 'n bepaalde studierigting word bepaal deur die individuele programme/modules wat in die graad-/diplomakurrikulum ingesluit word. Die onderriggeld vir voorgraadse programme/modules word uit 'n aantal komponente saamgestel wat, waar van toepassing, afsonderlik gehef word. Die tarief vir 'n module is die som van die heffingskomponente, naamlik onderriggelde en heffings ten opsigte van studiemateriaal, outeursreg en rekenaargebruik en weerspieël die direkte en indirekte kostes vir die aanbieding van 'n module.

In die geval van sekere programme/modules word 'n breekskadeposito gehef. Sodanige deposito's minus enige breekskade verhaal, sal aan die student terugbetaal word indien alle ander gelde ten volle vereffen is.

Nota:

- a) Die Raad van die Universiteit van Pretoria behou hom die reg voor om tariewe na goeë dunde te wysig.
- b) Die verantwoordelikheid van 'n student om gelde te betaal, is nie onderhewig aan die ontvangs van 'n rekening nie.
- c) Universiteitsgelde is vooruit betaalbaar. Dit is egter toelaatbaar om gelde in drie paaiemente te betaal (verwys na Tabel 1). Indien studies egter gestaak word, is alle uitstaande gelde onmiddellik betaalbaar.
- d) Die finale datum waarop registrasie vir 'n program gestaak kan word sonder dat gelde vir die spesifieke program betaal moet word, is soos volg:

1. General

- 1.1 University fees are determined annually by the Council of the University.
- 1.2 Full particulars concerning university fees and the applicable regulations are contained in the Student Fees Guide of the University of Pretoria. It is the responsibility of each student to acquaint him/herself with the relevant regulations.

2. What do fees amount to?

2.1 Tuition fees and breakage deposits

The exact tuition fee amount for a specific study field is determined by the individual programmes/modules included in a degree/diploma curriculum. The tuition fee for an undergraduate programmes/modules is compiled by a number of components levied individually as may be applicable. The tariff of a module is the sum of the levies of the components, viz. tuition fees, study materials, copyright and computer usage, and represents the direct and indirect costs incurred for offering the module.

A breakage deposit is levied for certain programmes/modules. Such deposits, less breakage cost recovered, will be refunded provided that all outstanding fees due have been paid in full.

Note:

- a) The Council of the University of Pretoria reserves the right to amend fees as it deems fit.
- b) A student's responsibility to pay fees is not subject to the receipt of a statement of account.
- c) University fees are payable in advance. However, it is permissible to pay fees in three instalments (refer to Table 1). Should studies be discontinued all outstanding fees become due immediately.
- d) The final date on which registration for a programme may be cancelled without having to pay for the specific programme, is as follows :

Kursustipe Course type	Kwartaalmodule Quarter module	Semestermodule Semester module	Jaarmodule Year module	Finale datum Final date
	Eerste / First	Eerste / First	Eerste / First	25 Feb 2011
	Tweede / Second			16 April 2011
	Derde / Third	Tweede / Second		29 Julie / July 2011
	Vierde / Fourth			21 September 2011

2.2 Onderriggelede vir sommige voorgraadse studieprogramme

Die gelde in die onderstaande tabel is 'n beraming vir die mees algemene studieprogramme. Dit is belangrik om daarop te let dat 'n bepaalde taalvaardigheids- en rekenaargeletterdheidsvlak van alle studente vereis word. Taalvaardigheids- en rekenaargeletterdheidskursusse is ingesluit by meeste van die onderstaande bedrae. Die bedrae (in Rand) sluit ook heffings ten opsigte van studiemateriaal, outeursreg en rekenaargebruik, maar sluit nie breekskade-deposito's in nie. (Alle bedrae is onderhewig aan verandering en moet asseblief nie as die finale koste beskou word nie. Die inflasiekoers gedurende 2011 kan as 'n riglyn dien om die toename in onderriggelede vir 2012, te bepaal. Onderriggelede verteenwoordig 'n samestelling van koste wat formele dienste gelewer, insluit (iv. lesings, praktika, rekenaarlaboratoriumtoegang, verbruikbare items in laboratoriums, ens.), sowel as indirekte oorhoofste kostes soos die voorsiening van biblioteek- en ontspanningsfasiliteite, veiligheid- en skoonmaakdiens, elektrisiteit- en waterverbruik, ens. Gelde sluit nie die koste van voorgeskrewe boeke, studiemateriaal of ander verwante studie-uitgawes in nie).

2.2 Tuition fees for some undergraduate study programmes

Fees set out in the table below are estimates of the most common study programmes. It is important to note that a certain level of language proficiency and computer-literacy is required of all students. Language proficiency and computer-literacy courses have been included in the amounts given. The amounts (in Rand) include levies with regard to study material, copyright and computer usage, but do not include breakage deposits. (All amounts are subject to change and should not be seen as the final cost. Prospective students are advised to use the rate of inflation during 2011, as a guideline to estimate the increase in tuition fees for 2012. These fees represent a combination of costs, which include formal services rendered (i.e. lectures, practical, computer laboratory access, consumables used in laboratories, etc.), as well as indirect overheads such as the provision of library and recreation facilities, security and cleaning services, electricity and water supply, etc. Fees do not include the cost of prescribed books, study material or other study-related expenses.
