

# Teaching and Learning THE UP WAY

Effective teaching in large classes that prepares students for the 4<sup>th</sup> industrial revolution

[Download](https://up.ac.za/ei) the document **TEACH and LEARN THE UP WAY**: [up.ac.za/ei](https://up.ac.za/ei)

## New 2020 UP teaching and learning technologies

### Video assessment software and tools

*Video assessment software and tools (H5P software):* The newly added H5P software provides a range of content types to extend the educational features available on clickUP. The 'Interactive Video and Content' allows a lecturer to embed interactive quizzes into videos and track student results in the clickUP Grade Centre. The tools are available on clickUP in any content area under 'Build Content', 'Interactive videos and tools'. For training go to: <https://tinyurl.com/UPH5P>.

### VitalSource eTextbooks in clickUP

The VitalSource e-book reader system will be available within clickUP modules. The courses which use a prescribed textbook from a

participating publishing company on the UP library's list will allow students to have free access to their prescribed eTextbook for 14 days from the day they first access it for online and offline use. Once this period has expired, students can buy a hard copy at any bookstore or online from the VitalSource link in their module. Contact Dolf Jordaan ([dolf.jordaan@up.ac.za](mailto:dolf.jordaan@up.ac.za)) for more information.

### Clicker Mobile App (engage students in class)

The Clicker Mobile App (TurningPoint) allows students to respond to multiple question types, such as multiple-choice, alphanumeric, multiple responses and essay questions. The clicker responses (marks) are automatically captured in the clickUP grade centre. The Clicker Mobile App may also be used for class attendance.

Important links:

- Register as UP Clicker user (lecturers): <https://participate.co.za/up20-tt-requestform/>
- Training opportunities: <https://participate.co.za/up20/>
- Download TurningPoint software: PC: **TurningPoint v 8.7.3 for PC**, MAC: **TurningPoint v8.7.2 for MAC**
- Enable mobile clickers using TurningPoint: <http://bit.ly/2Plttpw>
- FAQ: <https://participate.co.za/clickers-at-university-of-pretoria/>
- How to teach with clickers: <http://tiny.cc/Teach-clickers>
- For any other enquiry contact: [support@participate.co.za](mailto:support@participate.co.za)
- UP contact person: Philip Mthembu ([philip.mthembu@up.ac.za](mailto:philip.mthembu@up.ac.za))

# Professional development and training

## Training opportunities:

- The Educational Consultants (ECs) provide initial and continuing professional development for curriculum development, teaching, assessment and tutoring. You can download (<http://tiny.cc/PD-EC>) the course catalogue or contact Dr Sanet Haupt ([sanet.haupt@up.ac.za](mailto:sanet.haupt@up.ac.za)).
- The e-education group supports technology-enhanced teaching and learning through staff training sessions, consultation on the use of clickUP and other technologies, instructional design and an e-support office. You can download (<http://tiny.cc/PD-ID>) the course catalogue or contact Detken Scheepers ([detken.scheepers@up.ac.za](mailto:detken.scheepers@up.ac.za)).
- Other training:
  - Academic induction programme for new appointees: Carol Gossmann ([carol.gossmann@up.ac.za](mailto:carol.gossmann@up.ac.za))
  - Tutor training (two-hour online course). All the tutors have to self-enrol via the following clickUP link: <http://tiny.cc/Tutor-training> or contact Dr Ina Louw ([ina.louw@up.ac.za](mailto:ina.louw@up.ac.za))

## To register for courses:

- Use the UP Portal: Under the 'Perform/Develop' tab, click on 'Development Request' and select 'In-house programmes' from the pull-down list.
- For manual registrations/cancellations of courses, contact: [upstafftraining@enterprises.up.ac.za](mailto:upstafftraining@enterprises.up.ac.za).

## Support in your faculty

### Educational consultants can advise you on:

- teaching and learning
- assessment
- curriculum
- professional development (including portfolio's and peer evaluation) and
- open educational resources (OERs)

### Instructional designers can advise you on:

- eLearning and hybrid learning
- clickUP
- assessment technology: QuestUP, clickUP, Turnitin, Respondus, iPeer
- planning use of computer-based testing (CBTs)
- clickers
- in-video assessment

You are welcome to make appointments or call for advice:

	Educational consultant	Instructional designer	Computer-based testing
EMS	Elmien Van Amerom (*MTWF)	Philip Mthembu	Gaby Pretorius
Education	Dr Marius Pienaar (*TF)	Jacky Maroga	
EBIT	Adriana Botha (*MTW)	Alastair Smart	
Humanities	Marena Lotriet (*MT)	Gaby Pretorius	
Law	Faith Mathibedi (*MT)	Dennis Kriel	
NAS	Dr Ina Louw (*MTWF)	Mpho Thukane	
Theology	Carol Gossmann (*T)	Gretchen Jacobs	
Health	Dr Irene Lubbe (*MTWF)	Dr Hannelie Untiedt Noma Ngcobo Erika de Bruyn	
Veterinary	Dr El-Marie Mostert (*MTWF)	Velly Nkosi	
Mamelodi	Dr Sanet Haupt (*by appointment)	Philip Mthembu (BCom support) Mpho Thukane (BSc support)	

\* Days: Monday, Tuesday, Wednesday, Fridays
