

SUSTAINABLE DEVELOPMENT GOALS (SDG) focus area(s)

APPLICATION DEADLINE

7th April 2019

BACKGROUND

What is the Learn Africa Scholarship Program?

This program, promoted by the Women for Africa Foundation, is aimed at promoting the transfer of knowledge, exchange and training of African students through scholarships at the universities that collaborate in this initiative. Thanks to these scholarships, students can complement their university education in our country, and then invest what they have learned for the benefit of their communities, thus contributing to the advancement of African societies. The scholarships are financed, mostly, by the participating universities in the program -integrants of the Conference of Rectors of the Spanish Universities (CRUE) -, and cover round trip, tuition and fees, accommodation, maintenance and medical insurance.

Duration of scholarships

The scholarships of this call have a variable duration depending on the training program offered, ranging from short periods, in the case of some research stays, up to four years for others aimed at taking Master's and Doctorate studies. Most of the scholarships that are offered in this call are for the academic year 2019-20.

ELIGIBILITY CRITERIA

In general, anyone who meets the following requirements:

- Be a woman and have the nationality of an African country.
- To be enrolled in an African university or to have a university academic degree issued in an African country. For Graduate scholarships, a Bachelor's degree is required. The required qualification may vary depending on the scholarship requested (See detailed information on each grant).
- Fulfill the specific requirements contemplated in each training program offered.
- Only one application per person will be accepted

IMPORTANT NOTIFICATIONS:

The selection process will be coordinated by the Women for Africa Foundation and will take place between April 8 and 30 , according to the following criteria:

- **CV** (academic record, previous training, languages, mobility, professional experience)
- **Reference letter**
- **Personal motivation letter**
- **Language**
- **Research project** (in the case of doctoral grants)
