WHAT IS THE MOBILE+2 PROJECT?

Coordinated by the University of Porto, Portugal, the MOBILE+ 2 Project, approved in 2016 and financially supported by the European Commission through the Erasmus+ Programme, aims at fostering the mutual enrichment and a better understanding between U.Porto and specifically 22 partner countries, through the encouragement of student and academic and administrative staff mobility and the transfer of know-how and best practices.

The international credit mobility foresees a scholarship scheme for students who are registered in one of the Partner Universities to do part of their studies in one University in Europe, for MOBILE + 2 (incoming mobility to Europe), the University of Porto would be the only hosting University.

WHO IS ELIGIBLE?

Bachelor*, Master and PhD students registered in one of the partner Universities of the Project;

Students who have not benefited in the past of an Erasmus + or Erasmus Mundus scholarship within the same study cycle for more than 6 months;

In the project's website at: <http://mobileplus2.up.pt/> you may find important information regarding the project, as well as the application process and mandatory documents.

On the UP website at www.up.ac.za/feesfunding - External Bursaries - Please find the Guidelines for Applicants, the FAQs
