08:00 to 16:30 Monday to Friday.

Tel: 012-481 4202

E-mail: supportdesk@nrf.ac.za

1. Introduction

This Application Guide provides an overview of the application process for the NRF Honours' and final year B Tech Block Grant Bursaries. It should be read in conjunction with the [NRF Honours' and final year B Tech Block Grant Bursaries 2020 Framework document](#). The Framework document provides detailed information with respect to the objectives of the funding instruments, eligibility criteria, etc. This document does not however, constitute a complete set of the policies, procedures or systems applied by the NRF.

2. Conditions of Grant

- The bursary-holder may not hold full-time salaried employment during the tenure of the bursary, however he/she will be allowed to undertake teaching, tutorials, assistance or demonstration duties during the year of study, and he/she may be remunerated for his/her services rendered at the normal university tariff for services.
- All NRF bursary awards shall be held as primary funding towards the research study.
- Bursary-holders are allowed to hold non-binding supplementary grants or emoluments to half the value of the NRF award. Alternatively, should the host university have an institutional capped value, the NRF award may be supplemented to the university capped value for the level of study.
- NRF bursaries may not be held simultaneously with a bursary from any other government or NRF administered source.
- The bursary-holder must obtain the degree for which the bursary was awarded by the contractual date which is within one (1) year after NRF funding has ceased, and must notify the NRF via the university DA.
- Should the bursary-holder not complete the degree for which the bursary was awarded, the total funds received must be returned to the NRF together with interest at the prevailing prime rate charged by the NRF bankers.

3. Application Process

The NRF issues a call for NRF Honours' and final year B Tech Block Grant Bursaries, is published on the NRF website and is accessible online at <https://nrfsubmission.nrf.ac.za>. Each applicant is limited to only one (1) application per Call.

When an application is submitted, it will be automatically routed to the designated authority (DA) of the institution where the applicant intends to undertake the Hons / final year B Tech study. Applicants should ensure that applications are submitted before or on the deadline date determined by their institution. Applicants must enquire with their institutions regarding internal closing dates, which is normally a week or two before the NRF closing date. Applicants must also enquire with designated authorities in their institutional Postgraduate / Research Offices regarding their application status. The processing of successful grant applications takes approximately five (5) months from the NRF closing date for applications until the commencement of funding.

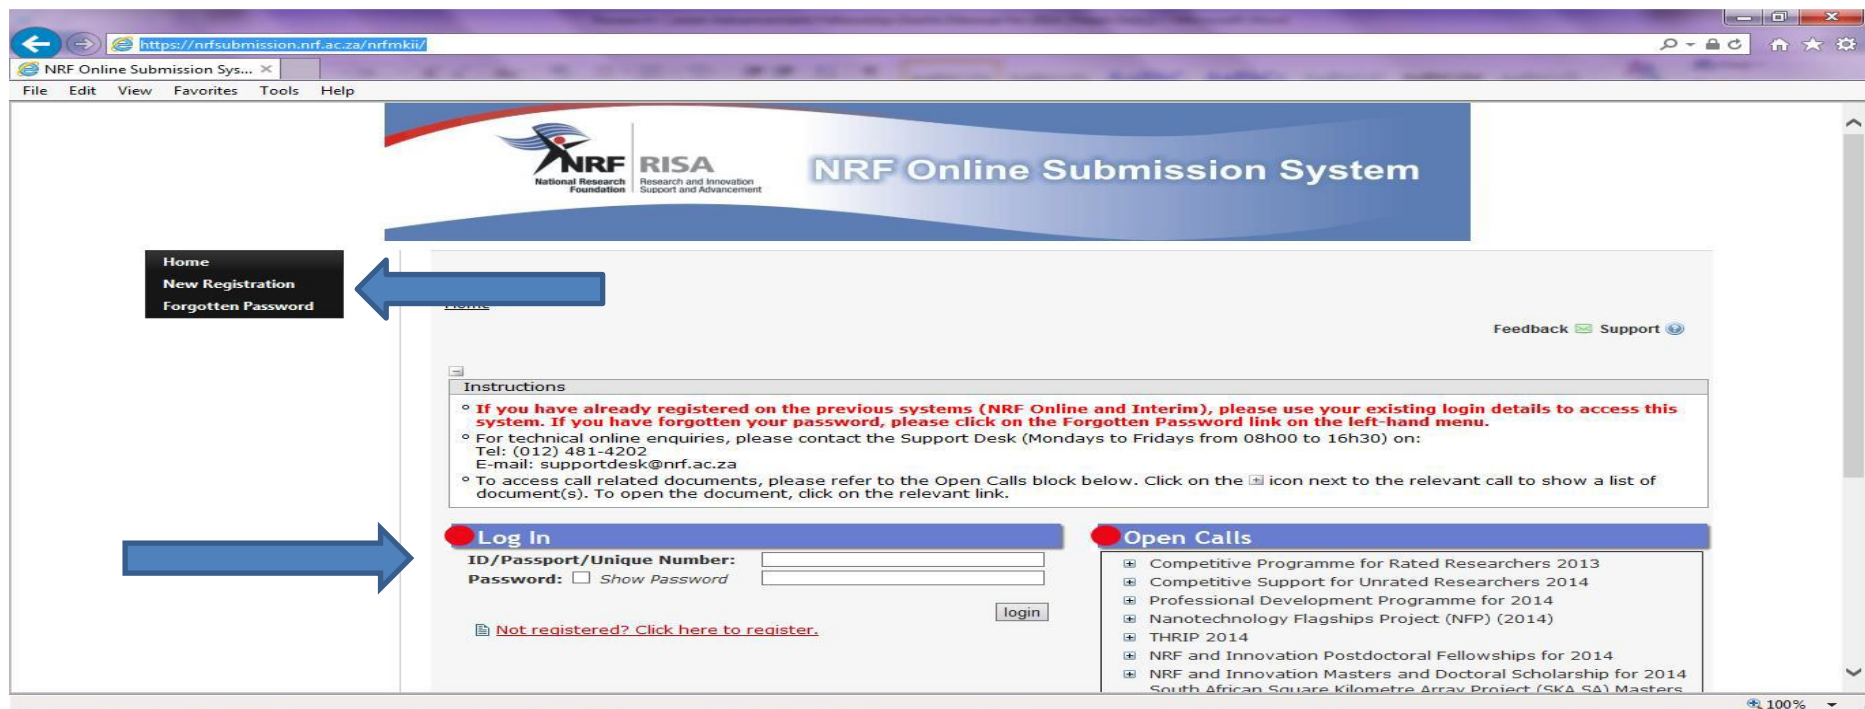

4. How to Create an Application

Applications must be completed on the NRF Online Submission System at <https://nrfsubmission.nrf.ac.za>. Applicants are advised to complete their applications soon after the call has opened to prevent IT system overload nearer the closing date. Below are steps to follow in order to create and complete an application.

Step 1: This is an electronic submission system and applicants must be registered on the system in order to create and complete an application. If you had previously registered and submitted an application on the NRF Online System (<http://nrfonline.nrf.ac.za>) before February 2012, your details would have been migrated to the new NRF Online Submission System (<https://nrfs submission.nrf.ac.za>). If you experience problems accessing the system with your NRF Online password, use the Reset Password button. If your e-mail address is outdated, please contact the NRF Support Desk for assistance. Contact details for the NRF support desk are in page 4 of this document.

If you are not yet registered on the NRF Online Submission System, you must register to access the application form.

Most application screens have application-specific instructions to help you work through the section. Please read the instructions carefully before completing the section.

Step 2: After logging onto the NRF Online Submission System, applicants get to the **Landing Page** where there is a menu at the top left side of the screen (tab indicated with blue arrow below). Start by filling in all the sections under **My Profile – My CV** to create a CV.

- Application and Output History (NRF Online)
- Application History (NRF Interim)
- SKA SA Grants

Information

- PLEASE NOTE: The summary below only lists output records that were migrated from the previous NRF Online system. New records that are added on this system will not form part of this summary.
- Applicants must ensure that their CV is updated/completed before creating an application.
- In order for your migrated research outputs to show on the CV or be accessible for selection on applications that require your publication record, you **must** verify (review) the outputs listed in the **Research Outputs Summary** table below. In order to do this, click on the output type that still has outputs to be verified (see the To be Reviewed column). Scroll to the bottom of the screen and a heading saying cleaned-up research output records from NRF Online will be displayed. Click on the little black arrow. This will display the output(s) that needs to be verified. Then click on the View icon, it will open a screen with the data for the output. Please fill in the missing information and save the page. If you have more than one output per output type, click on View for the next output. Do this for all the outputs, the output type on the landing page should now say 0. Move on to the next output type and repeat the process. Should you wish to delete an output, then click on the Feedback box, fill in the **Feedback to the NRF box** (e.g. output duplicated, please delete) and in the **Status** field, please select Delete.
- In some cases, researchers' outputs don't show at all. The reason for this is
 - The ID/passport number which the cleaned data was linked to when the clean-up exercise was undertaken differs from the ID/passport number you have just used to login to the NRF Online Submission System.
 - No outputs were added on the old NRF Online system so there was nothing to migrate. If there were outputs on the old NRF Online system but they do not show in the summary below, you need to ensure that the ID/passport numbers used on both the old NRF Online and this system (NRF Online Submission System) are the same. Please contact the NRF should your outputs not show so that this can be rectified.

Step 3: To add the field of study under **Qualifications**, click on the **"Add"** button as shown below. As you start typing the name of the field, the system will provide options on the drop-down list.

If you have already obtained the undergraduate degree, please attached the academic records as shown below.

The screenshot shows the 'Qualification Record' form. At the top, there are instructions: 'and PhD (degree).', 'Postdoctoral fellowships do not fall under Qualifications. Please capture these under Career Profile.', and 'Should your qualifications history have been migrated from a previous NRF Online system, please click on 'Edit' and check that all the fields have been completed and are correct.' Below these are fields for 'Level (e.g Honours / Doctoral)' with a dropdown menu and 'Name of Degree/Diploma (e.g. PhD)' with a text box. A red link 'List of Primary and Secondary ResearchFields' is present. A note states: 'In order to add a Field of Study to the grid below, please click on the "Add" or "Add Another" button below the grid.' Below this is a table header with 'Field of Study' and 'Delete' columns. An 'Add' button is shown with a blue arrow pointing to it. Below the table are fields for 'Institution' (dropdown), 'Full-time' (radio buttons), 'Distinction' (dropdown), 'Date of First Registration' (calendar), 'Completed' (radio buttons), 'Highest Completed Qualification' (radio buttons), and 'Date Obtained' (calendar). At the bottom, there is a table with 'Description' and 'File' columns. The first row shows 'No academic transcript uploaded.' and an 'Add Transcript' button with a blue arrow pointing to it. At the very bottom are 'Save' and 'Cancel' buttons.

Qualification Record

and PhD (degree).
Postdoctoral fellowships do not fall under Qualifications. Please capture these under Career Profile.
Should your qualifications history have been migrated from a previous NRF Online system, please click on 'Edit' and check that all the fields have been completed and are correct.

Should you wish to delete an output, then click on the Feedback box, fill in the **Feedback to the NRF box** (e.g. output duplicated, please delete) and in the **Status** field, please select Delete.
- In some cases, researchers' outputs don't show at all. The reason for this is
 - The ID/passport number which the cleaned data was linked to when the clean-up exercise was undertaken differs from the ID/passport number you have just used to login to the NRF Online Submission System.
 - No outputs were added on the old NRF Online system so there was nothing to migrate. If there were outputs on the old NRF Online system but they do not show in the summary below, you need to ensure that the ID/passport numbers used on both the old NRF Online and this system (NRF Online Submission System) are the same. Please contact the NRF should your outputs not show so that this can be rectified.

Step 5: Select **NRF Postgraduate Scholarships Call** funding category on the **Create Application** screen and a new application will open for the applicant to complete. Please note that this must be selected only once.

Create Application

Instructions

- Check your intended institution's internal closing date as it will be prior to the closing date listed for applications, where applicable.
- A timeout will appear when there is no activity on the system for 25 minutes. Click on the refresh button (in the popup box) as this will enable the continuation/completion of the application. When clicking on the close button the system will close.
- Due to potential international review of applications and progress reports, the NRF requires that all applications and progress reports be completed in English.
- Please consult the Funding Framework and Funding & Application Guide for more information to assist you in your choices. These documents can be accessed at <https://www.nrf.ac.za/funding/framework-documents>.
- **Ensure that you complete or update your CV. This is very important as applications without an updated CV will not be considered.**

>	Funding Category	Create
	Concept Notes	
>	Customised Programmes	
>	Institutional Grants	
	NRF Postgraduate Scholarships Call 	
	Postdoctoral Grants	
>	Research Grants: General	
>	Research Grants: International	

Step 6: To continue working on the same application, go to **My Applications - List of Applications**, and click the edit button

List of Applications

Instructions

- Strictly adhere to your institution's internal closing date for submission of applications, as this will be prior to the NRF's closing date, where applicable.
- Applications must successfully pass through the institution's internal evaluation processes before submission to the NRF.
- A timeout will appear when there is no activity on the system for 25 minutes. Click on the refresh button (in the popup box) as this will enable the continuation/completion of the application. When clicking on the close button the system will close.
- **Rating 2019 applications:**
Telephone support from Mondays to Fridays (excluding public holidays) from 09:00 to 13:00 and from 13:30 to 15:30.
- **Note to applicants:** If migrated data is all in CAPS, please change this to title case/lower case (whichever is relevant) as it is difficult to read.
- Due to potential international review of applications and progress reports, the NRF requires that all applications and progress reports be completed in English.
- Ensure that you complete or update your CV. This is very important as applications without an updated CV will not be considered.

Final Submit 

©NRF Online Submission System

All compulsory sections will guide applicants with error messages. Please follow these messages to complete the sections correctly.

Step 8: ORCID provides a persistent digital identifier that distinguishes you from other researchers and, through integration in key research workflows such as manuscript and grant submission, supports automated linkages between you and your professional activities ensuring that your work is recognized. If you don't have an ORCID ID, please click on Create or Connect your ORCID iD, you will be redirected to the ORCID website where you will have to register to obtain an ORCID ID. If you already have an ORCID ID, please click on Create or Connect your ORCID iD and your ORCID number will be pulled through.

 **ORCID**

Instructions

- ° ORCID provides a persistent digital identifier that distinguishes you from other researchers. Learn more at orcid.org
- ° To link your ORCID ID with the NRF you must 'Authorise' ORCID to allow this. This is an NRF prerequisite for applications/progress reports to proceed to review.
- ° **PLEASE NOTE** this is a compulsory section in all applications/progress reports to the NRF for funding and rating.

 Create or Connect your ORCID iD *

ORCID iD not connected, please click on the button above to create or retrieve your ORCID iD.

Save

Return to Menu

Step 9: Under the **Application Category** section requires an applicant to select the level of the degree you are applying for. Please select **Honours/Final Year BTech** on the drop-down list and click on save.

Application Category

Instructions

- **First Time Applicant:** Honours or Masters or Doctoral applicant without NRF funding for the degree you are applying for in this year.
- **Extension Support Applicant:** Masters or Doctoral applicant who holds an NRF scholarship for the current degree who is either on second year of Masters or third year at Doctoral level.
- **TWAS Doctoral Applicant:** Citizens and permanent residents in Africa or developing country outside South Africa at the time of application. (See list of eligible countries/states in the Framework document)
- **NRF-Nuffic Doctoral Scholarships:** South African citizens or permanent residents apply for either full-time doctoral studies at a Dutch HEI (Single-site mode) OR full-time doctoral studies jointly developed and implemented by a Dutch HEI and a Partner University in South Africa resulting in a joint degree (Spilt-site mode).
- **SASAC Applicant:** Masters or Doctoral applicants who will be using systems analysis methodology in their research.
- **Other:** Includes Freestanding, Innovation and Scarce-skills (FISS) and DAAD.
- **FOR DETAILED AND IN-DEPTH INFORMATION, KINDLY REFER TO THE FRAMEWORK DOCUMENT.**

Type of Scholarship

- Honours/Final Year BTech
- Honours/Final Year BTech
- Masters
- Doctoral

Please note that the system will not allow you to make changes after saving this section. If you want to change something, please delete the application and create a new one.

Step 10: Under the **Details of Degree** section, applicants are required to fill in details of the degree, field of study that is being applied for and information related to past studies and future intentions.

Under **Degree/Diploma**, please provide the name of degree you are applying for e.g. B Com (Accounting).

Details of Degree

Instructions

- **Employed applicants in 2020 will not be considered.**
- Average percentage mark for major subjects refers to:
Average percentage mark for major subjects in final undergraduate year of study.
- Minimum prescribed period means the minimum academic years prescribed for the completion of a Designated Qualification.

Step 12: The **Attachments** section provides specific instructions to upload attachments to the application. Please ensure that you make a copy, certify and scan all the required documents and submit as one **PDF file**. The applicant is required to upload the following documents:

- (i) certified academic record, and in cases of outstanding fees academic record, applicant must attach an official letter on a university letterhead stating that the transcript is not issued due to outstanding fees (**Statements of fees won't be accepted as proof**).
- (ii) Proof of NSFAS or University Financial Aid funding to be attached where the applicant indicated they were funded by these sources.
- (iii) Medical certificate where applicant indicated that they have a disability.

Attachments

Instructions

- ° Please consult with the Call documents to determine what attachments are compulsory. Please note that if they are not attached, the application will not be processed for reviewing.
- ° Capture an appropriate Description for the document to be uploaded.
- ° Select the Document Type to be uploaded.
- ° Click the Browse button below to select the file on your local machine.
- ° Click on the Upload button to save.
- ° Upload pages individually if document is larger than 4MB. **(For rating applications, please see specific instructions in this section of the rating application.)**
- ° Please do not upload zip files. Acrobat reader has built-in security to prevent the opening of zip files by default (please read the article at <http://forums.adobe.com/thread/520515> for more information).

Description	Type	File Name	Edit	View	Delete
-------------	------	-----------	------	------	--------

Add

Return to Menu

Step 13: The final submit button will only be activated when all compulsory sections are complete, Press Final Submit and then OK to submit the application. If all the compulsory sections are complete and the final submit button does not appear, select any section and resave to refresh the application, the final submit button should then be active. A submitted application is automatically routed to the DA in the Research Office of the institution that was selected, for internal review and validation.

Applications that are incomplete, contain incorrect detail or fail to comply with requirements, will be rejected. The application must be completed in sufficient detail to allow for a comprehensive validation and institutional review.

5. Screening and Review Processes

5.1 Overview of the Screening Process

All submitted applications will be validated and screened by the various institutions for compliance using the eligibility criteria specified in the call documents. Applications that fail to meet the stipulated requirements will be rejected. All eligible applications will be validated by institutions and submitted to the NRF for review.

5.2 Overview of the Review Process

The NRF's peer review policy requires that all applications are subjected to a review process. Applications submitted under this call will go through a competitive review process.

6. Application Feedback and Disputes

Applicants must enquire with their institutional designated authorities (DAs) regarding the applications outcomes.
