Detailed Minutes:

Agenda Item	Discussions	Decisions
Attendance and welcoming	Khanyi welcomed everyone and said that we need to keep the meeting as short as possible.	
Signing	Everyone approved the previous meeting minutes, and it was signed by Khanyi and Nicole.	
Repercussions	We will bring up this agenda point when we work on the CSG amendments over the weekend.	
Motsepe Foundation	<p>Katlego asked what was happening with the funds and when we could use it to assist students.</p> <p>Okuhle said that we do not have the funds yet. Currently, we are prioritizing registration fees before other financial concerns that students have. After the registration deadline then we will use the funds for other matters. The funds will also be used for Save the Semester once we have access to it.</p> <p>Katlego raised the point that the executive's referrals do not work because students are not helped.</p> <p>Okuhle said that there isn't any consistency in the communication we've received from the executive side. For example, Prof Flavia said students with no historical debt can make a registration</p>	Nicole will start minuting the executive meetings. We will send out a statement on what is happening with the study aid fund.

	<p>payment arrangement, however, Naeem and Ronel stated otherwise.</p> <p>Okuhle sends the list of students who need help with registration in batches.</p> <p>However, we can only move as fast as the study finance office is working.</p> <p>Another problem is that Gugu is on leave, therefore this is also a challenge.</p> <p>The strike is also making everything slow.</p> <p>Furthermore, the TSC cannot sign off the funds, JP must sign everything. He wants the list of students to oversee the payment proposes.</p>	
Matters Arising	<p>Student placements are delayed because only Mr. Sono is helping with the placements. This is a problem because he is now the only senior placement officer.</p> <p>The executive does not communicate with us. They post information without informing us first. It needs to be requested that the executive communicate with us first before posting and communicating information.</p> <p>Registration should be used as an excuse for missing class. The lecturers should accommodate these students and not just carry on with assessments. Students are still not registered. There are also several students who do not have the result of their faculty appeal which is also a big problem. Senate is done. We need to have another senate, but it is too late.</p>	<p>Katlego will make a poster on all these issues.</p> <p>An email must be sent to the executive to request that they communicate with us first before posting information.</p> <p>Khanyi will send a document, and everyone has until tomorrow 12 in the afternoon to add their problems that they have experienced from the executive's side.</p>
